CONSENT FOR TREATMENT

Welcome to the UAF Student Health and Counseling Center. Our professionally trained staff provides services in the areas of medical care, counseling, health education and student health insurance.

Our aim is to provide you with excellent professional care. If you have questions about the services you receive or have any problems with services at the Health and Counseling center, please discuss these matters with your service provider or the Director of Student Health and Counseling.

The **UAF Health Center Fee** you paid as part of your university fees supports the **Student Health and Counseling Center** and covers the cost of most medical and counseling services we offer. There are modest charges for some services such as laboratory, supplies, medications, and extended counseling. When there are charges, payment is due at the time of service. **Any charges left unpaid will be forwarded to the UAF Bursar's Office at the beginning of each week along with a description of the nature of the charge (e.g. lab work, medication, medical appt. or counseling).** Once an unpaid charge is sent to the UAF Bursar's Office, the Health and Counseling Center can no longer accept payment for that charge. The Bursar's Office will send a bill and payment must be made to the Bursar's Office. Grade reports and registration may be delayed if bills remain unpaid per Bursar policies.
