

# Blackwater Wolf

Rachel Blume

University of Alaska Fairbanks Department of English

College of  
Liberal Arts

Several disappearances in Blackwater County underline Jackie and Pup's intimate relationship. Fast-forward fifteen years after their separation, and Jackie has returned to handle her father's death. Instead, she finds a homeless nine-year-old-boy claiming a monster lives in the mountain's shadow. When the boy runs to the backcountry, Jackie must revisit her old relationship with the isolated Pup to find him. Come see the defense of "Blackwater Wolf."
