

## FALL 2019 - SUMMER 2020 DATA

In Fall 2019, UAF launched the Alaska Advantage program to provide Alaska's high-achieving high school students an in-state, high-quality and affordable option for dual enrollment.

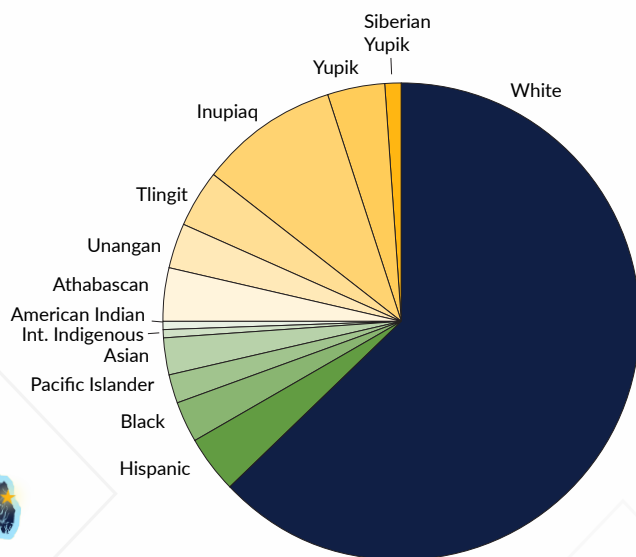

Through this Virtual Middle College program they can enroll in real online college courses and earn both high school and college credit.

|                                          | Fall 2019 | Spring 2020 | Summer 2020 | Total Impact AY 20                     |
|------------------------------------------|-----------|-------------|-------------|----------------------------------------|
| Number of students enrolled              | 111       | 123         | 38          | 208 unique students                    |
| Unique courses students enrolled in      | 52        | 70          | 23          | Students took 89 different UAF courses |
| Number of student credit hours           | 420       | 500         | 147         | 1,067 SCH                              |
| Student success rates                    | 89%       | 96%         | In progress | In progress                            |
| Ratio of homeschool to district rates    | 64 : 47   | 46 : 77     | 17 : 21     | Non-duplicated ratio<br>98 : 110       |
| Number of schools with enrolled students | 18        | 30          | 17          | Students from 37 schools participated  |
| Tuition dollars paid                     | \$69,300  | \$82,638    | \$24,255    | \$176,193                              |

## WHERE ARE THEY?

## WHO ARE THEY?

## STUDENT SUCCESS

High school students in the Alaska Advantage program had an 89% success rate in Fall 2019 and a 96% success rate in Spring 2020. Student success is measured as the number of students who completed the course and earned a C- or better (including P, CR, and NG grades, not including W, I or DF).

UAF eCampus has built a robust support system for these students, including:

- A website: [ecampus.uaf.edu/advantage](http://ecampus.uaf.edu/advantage)
- Online orientations
- One-on-one support for choosing courses and other questions
- A dedicated registration process
- Email and phone check-ins throughout the semester

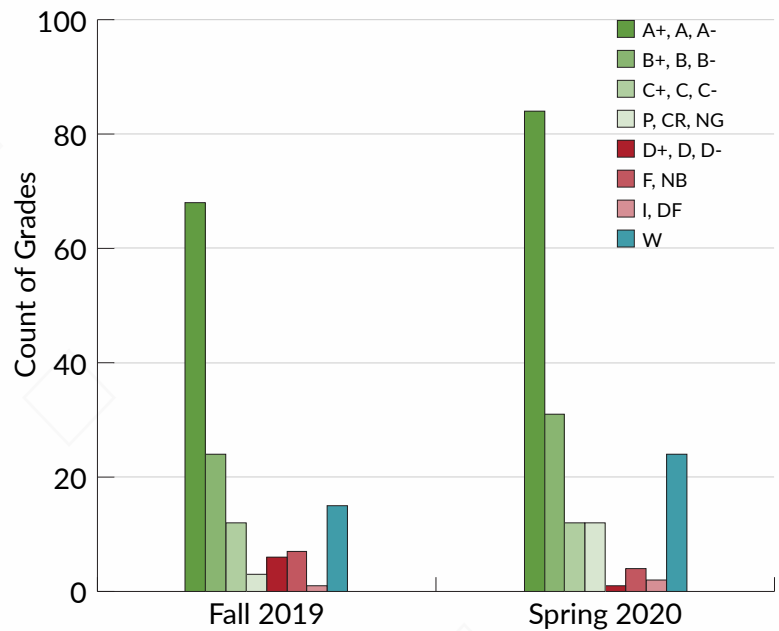

Additionally, UAF instructors are notified at the beginning of the semester if an Alaska Advantage high school student is enrolled in their course and student-selected observers (typically their high school teacher or counselor) are added to the course in Blackboard so that the students can easily receive support from those they already have a relationship with.

## MOST POPULAR COURSES

- Writing Across Contexts (WRTG F111X)
- College Algebra for Calculus (MATH F151X)
- Introduction to Psychology (PSY F101X)
- Trigonometry (MATH F152X)
- Calculus I (MATH F251X)

Advantage Grades by Semester

### Color Key

Green tones indicate passing grades.

Red tones indicate failing grades.

Blue tones indicate students who withdrew or have deferred/incomplete grades.\*

*\*These students are not counted in success numbers because they did not complete the course.*

Advantage Credits by Semester by College
