

Free form dreaming,  
Alice was just a girl living  
Just girl, dreaming all through,  
Hop ho, to and fro all around  
The grasp of society never free  
Can't be free

Deadlines, attention spans falling  
Falling like alic, away from the known  
Into the unknown, the strange,  
Food pairings not working,  
Tasting things not there  
Never there free

Dreaming never real,  
All the time floating through  
Screams and yelling,  
Never agreeing, never obeying,  
Not understanding,  
Can't be free

The trials of life never done  
Woking what people mean  
Finding out all the words  
The feelings of oneself and others  
Always falling never there  
Never there free
