

To each his own
Some drink Russian style
Two scoops of sugar
Some say that's a crime against tea
Others drink it with milk
Some say that's a crime against tea
Some drink it black

To each his own
Everyone has a preference
Tea, from a bag
Tea, from a mana-tea steeper
Tea, loose leaf

To each his own
No one is incorrect
Others are tea snobs
Only loose leaf steeped in a pot
With a specific pot
Others enjoy tea for the company
To each his own

My grandma and I enjoy tea the same way
With two scoops of sugar
My mom likes hers without any sugar
Me and my grandma are the biggest tea drinkers
We drink tea and have chudux and udax, seal oil and dry fish
When we were low on seal oil, we would lick the dry fish and sprinkle some salt
Always with Lipton tea
