A Health Club for Your Mind!

Osher Lifelong Learning Institute

Course Schedule
Spring 2013
You’re invited to help us say

“Thank You, Barbara Lando!”

with a fundraising dinner and silent auction

Friday, Feb. 22, 6:00 p.m. at the Westmark Gold Room.

Barbara Lando, OLLI’s founding director, retired in the fall of 2012 after 12 years of stellar service to OLLI. What better way to say thanks than to enjoy a dinner with OLLI friends and raise money to help keep OLLI going forever? $25 from each $50 dinner ticket is a tax-deductible donation to OLLI’s permanent endowment, which will help fund OLLI programs at UAF in perpetuity. Proceeds from the silent auction will also fund OLLI programs.

Donations for the silent auction are greatly appreciated. We’re looking for quality items that appeal to a wide range of interests and budgets. If you have questions about donating auction items, contact Donna Dinsmore at ddinsmore@alaska.net, or call 479-5265 and leave a message.
What is OLLI and How Does It Operate?

The Osher Lifelong Learning Institute (OLLI) is a program of the University of Alaska Fairbanks, led and supported by its membership, determining its own curriculum, policies, procedures, and fees. There are over 100 other “Osher Lifelong Learning Institutes” around the country, but each program is completely independent, with many different formats, fees, and ways of operating. What Osher Institutes have in common are high quality and financial support from the Osher Foundation. They recognize the generosity of benefactor Bernard Osher by using the Osher name.

OLLI at UAF offers a rich array of classes and learning opportunities for adults who are 50 or older. You can explore academic and general interest classes in an atmosphere that is intellectually challenging, but without the stress of tests and grades. Members are invited from all backgrounds: a college education is not a prerequisite for membership. Members share the common bonds of intellectual curiosity and the experience of their generation. They are self-motivated learners, eager to share opinions, knowledge, and expertise with humor and mutual respect.

Organization
Osher Lifelong Learning Institute is a program of Summer Sessions and Lifelong Learning of the University of Alaska Fairbanks. It is supported by membership fees and an endowment that was initiated by a generous gift from the Bernard Osher Foundation.

Members participate in planning and operating the program through committees and a Board of Directors. Board members are elected at an annual membership meeting.

Annual Membership
Membership is open to adults 50 and older and their adult companions. The annual fee is $35. The membership year is January to December. Membership includes e-newsletters, socials, lecture series, special interest groups, and eligibility to register for courses and excursions.

Courses
Classes are held in Spring (March – May) and Fall (September – November). Most classes meet on weekdays, once a week, for four weeks. Topics are in the fields of art, computers, current events, health, history, literature, music, philosophy, and science, as well as exercise and hobbies. The format may be lecture, discussion group, or hands-on. There are no tests or grades. Classes are taught by current and retired faculty of UAF and by others with specialized expertise.

Fees
$35 annual membership (Jan. – Dec.)
$15 per course, or
$80 for unlimited courses for a half-year (Jan. – June or July – Dec.), or
$150 for unlimited courses for a full year (Jan. – Dec.)

Lecture Series
OLLI’s Winter Lecture Series features monthly talks by distinguished UAF faculty and community members.

Socials
• Ice Cream Social in August
• Lunch and Annual Meeting in March

Educational Travel
Travel programs in various locations in Alaska have become part of the UAF lifelong learning experience. OLLI members have traveled to Barrow, Cordova, Dutch Harbor, Katmai, Kotzebue, McCarthy, Nome, Petersburg, Sitka, and Wrangell, and have enjoyed outdoor adventure programs around the state.

Location
Most classes are held at the UAF University Park Building (old University Park School) at 1000 University Avenue.

*www.uaf.edu/olli/  907-474-6607  UAF-OLLI@alaska.edu*
Zentangle
ART1 Session I: Feb. 25, March 4, 11, 18
Mondays 1:00 - 2:15 pm

Zentangle® is a fun, relaxing, easy-to-learn method of drawing beautiful images from structured patterns. If you can write your name, you can create a Zentangle. For more examples of what Zentangle looks like go to www.zentangle.com. Materials fee of $12 payable to instructor at the first class.

Instructor Sandra Westcott is a certified Zentangle teacher and has taught workshops at the Summer Arts Festival, galleries around Fairbanks, and in Anchorage as well as private workshops for educators and other professional groups.

Knitting Mittens
ART2 Session I: Feb. 27, March 6, 13, 20
Wednesdays 9:30 am - 12:00 noon

Are your mittens full of holes after the long winter? Come and knit a new pair. We will select a pattern appropriate to your skill level and check and adjust knitting gauge, then learn new techniques as needed for your project. Your mittens can be plain colors or stripes, stranded color patterns, or cables and bobbles — the world of techniques is open! If you can cast on, knit, and purl, you are welcome in this class. A basic supply list will be provided after registration.

Instructor Gail Davidson is a retired geologist and a PhD student in linguistics. When not playing outdoors, she knits in her spare moments, something she’s been doing since dinosaurs walked the earth.

Paste Paper & Projects
ART3 Session I: Feb. 28, March 7, 14, 21
Thursdays 1:00 – 4:00 pm

Paste Paper is like a grown-up version of finger paint. We will make several papers using different methods, and then use these papers in projects like simple journals and covered boxes. You can use the scraps to make cards and other projects. Most materials will be provided by the instructor. Materials fee of $20 is payable to the instructor at the first class.

Instructor Sue Cole has taught arts and crafts classes for over 40 years in everything from knitting and crocheting to watercolor, oil, and acrylic painting, machine knitting, and bookbinding.

Making Books: 1, 2, and 3 Section Bindings
ART4 Add-On I: March 26, 27, 28
Tuesday, Wednesday, Thursday 9:30 - 12:00 noon

In this workshop we’ll make three booklets: one each of 1, 2, and 3 sections. Sewing patterns along the spine, both functional and decorative, become increasingly intricate as we add sections to the structure. We’ll also explore using different papers for both covers and text blocks, and articulate some of the interior pages with pockets and foldouts. If you have any of the following tools, please bring them with you: cutting mat, X-Acro knife, quilting rulers (clear plastic, any size), bone folder, pencil, scissors. Beginning level, limited to 10 students. Materials fee of $15 payable to instructor at the first class.

Instructor Margo Klass is a book artist who shows her books and mixed media constructions throughout Alaska. She teaches bookmaking workshops at UAF through Summer Sessions and is active in Northwoods Book Arts, a program of Boreal House Art & Science Center.

Fair Isle Knitting
ART5 Session II: April 3, 10, 17, 24
Wednesdays 9:30 am - 12:00 noon

Are you fascinated by the interplay of colors? Scottish knitters developed Fair Isle knitting to showcase small repeated patterns in many colors that blend, contrast, and intertwine. This class will play with charted colors and patterns. Bring your colored pencils, your knitting needles, and bits of colored yarn to share! You need to know how to cast on, knit, and purl, as a minimum; knitting above beginner level is a plus. A materials list will be sent after registration.

Instructor is Gail Davidson (see ART2).

Color and Composition
ART6 Session II: April 4, 11, 18, 25
Thursdays 1:00 – 4:00 pm

Learn why different colors react the way they do when combined with other colors and why composition is important. Understanding both will make your paintings better. We will be doing some exercises first to learn this, then some paintings using these principles. Materials fee of $20 is payable to the instructor at the first class.

Instructor is Sue Cole (see ART3).
**Watercolor Journaling**

ART7 Add-On Session II: April 29, 30  
**Monday & Tuesday 10:00 am - 12:00 noon**

Learn why sketching with pen and ink and/or watercolors can be a fun and worthwhile part of your life. We will discuss various types of entries in a sketchbook and ways of journaling in the out-of-doors. We will work outside as weather permits. Instructor will provide a basic materials kit for $15, payable to the instructor at the first class. You will also need to bring some other supplies on the materials list provided after registration.  
**Instructor is Sue Cole** (see ART3).

**Book Binding**

ART8 Add-on II: April 29, 30: May 1, 2  
**Monday - Thursday 1:00 - 4:00 pm**

Learn the history and principles of basic bookbinding using everyday materials and methods as practiced in bygone years. In this class we will start by talking about paper and the other materials used in making books and then we will make a traditional hardbound book. If you are looking for a simple, decorative, artsy book, this isn’t the class for you. Toward the end of the class we’ll talk about other bookbinding methods that might be useful to you. Be prepared to get your hands dirty – maybe even a paper cut or two. Bring a rotary cutter, a cutting mat, ruler, pencil, scissors, a cheap paint brush (about an inch wide), a small jar with lid to hold paste, and cloth that you would like to use for the cover material of your book. The instructor will bring paper and other materials required and we’ll share costs. **Limited to 10 students.**

**Instructor Arvid Weflen** is a UAF professor emeritus who taught aviation maintenance for 30+ years. He enjoys many varied interests including blacksmithing, traditional farming methods, restoring old buggies, genealogy, amateur radio, and solar energy.

**Drawing Nature: A Way of Learning**

ART9 Summer Special dates: May 28, 29, 30, 31  
**Tues, Wed, Thurs, Fri 1:00 - 4:00 pm at Creamer’s Field**

Explore a local wildlife refuge of fields, forest and wetlands while learning to observe nature and record your discoveries through sketching, drawing and journaling with pencil on paper. Instruction will be outdoors in the natural environment of the refuge whenever possible, so dress appropriately. Required materials: bring 3 pencils (1 hard, 1 medium, 1 soft), 8.5×11” sheets of smooth white paper and a firm backing such as a clipboard or journal book. You are welcome to bring additional drawing tools such as pens or colored pencils if desired. Meet at the Farmhouse by the barns at Creamer’s Field.

**Instructor Mark Ross’s job at the Alaska Dept. of Fish and Game includes running educational programs at and about Creamer’s Field Migratory Waterfowl Refuge. His sketches of wild animals at Creamer’s Field appear regularly in the Fairbanks Daily News-Miner.**

---

**COMPUTER APPLICATIONS**

**Make a Photo Book**

CP1 Session I: Feb 27, March 6, 13, 27 (No class March 20)  
**Wednesdays 1:00 - 3:00 pm**

Ever wonder what to do with all those photos you took on your vacation? Learn how to create a Photo Book using free Blurb software. This will be a hands-on class: bring your laptop and images. By the end of class, you will have put together a printable book of pictures.  

**Instructor Paul McCarthy**, Professor of Library Science Emeritus and retired Director of the UAF Rasmuson Library, is an experienced sports photographer.

**eBay, Craigslist and PayPal (section I)**

CP2 Add-On I: March 25, 27  
**Monday & Wednesday 10:00 am - 12:00 noon**

See how to set up a personal eBay account, search for items for sale, investigate the auctioning process, and make payments using PayPal. Explore the Craigslist-Fairbanks website and learn how to place free classified ads online. Participants need to be familiar with the Internet and general
Intermediate Mac Computer
CP3 Session II: April 1, 8, 15, 22
Mondays 10:45 am - 12:15 pm
Computers not provided; bring your own Mac laptop. We'll start with the Mac fundamentals to get everybody up to speed. Next we'll demonstrate Mac OS 10.8, Mountain Lion, and talk about many of the features of this new operating system. We'll cover what’s in System Preferences, Mail, Calendar, iPhoto and other things that come with your Mac. Finally, we will cover Mac hardware and software troubleshooting.

Instructor Hal Levey, a Mac user since 1984, was an attorney and president of a listed corporation. He taught photography part-time for 10 years in an evening adult education program.

Digital Photos on Computers
CP4 Session II: April 3, 10, 17, May 1 (No class April 24)
Wednesdays 10:30 am - 12:30 pm
Hands-on computer course — for students with a strong computer background. We’ll start by extracting photos from your digital camera's flash memory onto the computer, where they can be backed up, edited, or emailed. We'll look at programs like Google's Picasa to help sort, categorize, and email your photos. Next we’ll see how to crop, touch up, and edit photos — for example, to erase Uncle Ned’s novelty moose antlers from your family reunion photo! We’ll do this using a free photo-editing program similar to Photoshop called GIMP. Finally, we’ll see how to print digital photos, both at home or via several local commercial services. Enrollment limited.

Instructor Orion Sky Lawlor, Assistant Professor of Computer Science at UAF, has over 19 years of experience in digital photography. His research interests include computer graphics, remote sensing, and parallel computing.

Exploring Google Earth
CP5 Session II: April 4, 11, 25, May 2 (No class April 18)
Thursdays 1:00 - 3:00 pm
This class is for anyone who wants to explore the wonders of Google Earth. In this class you’ll go beyond just looking at your house and actually create your own Google Earth content. You'll start by learning about the basic functions of Google Earth's user interface, including its built-in features and layers. Then you will learn basic skills such as key-board navigation, file management, and creating placemark balloons containing photographs, text, video, and web links. You will also learn how to turn these placemarks into animated tours and how to share them with others. Participants need to be familiar with the Internet and general computer use. This is not a beginning computer class. Enrollment limited.

Instructor Katie Kennedy is the education and outreach coordinator for the UA Geography Program. She has been teaming up with folks from the Google Geo Education team for the past four years to help teach K-12 students, educators, and community members about Google's Geo tools.

eBay, Craigslist and PayPal (section 2)
CP6 Add-On II: April 29, May 2
Monday & Thursday 10:00 am - 12:00 pm
An additional section of a perennial OLLI favorite. See CP2 for course description.

Dancing to Classical Music
EX1 Session I: Feb 25, March 1, 4, 8, 11, 15, 18, 22, 25
Mondays & Fridays 1:00 - 2:15 pm
Since the time of Queen Elizabeth I, people have danced to current popular music, which until about 1825 meant short variations and excerpts from classical music tunes. The activity started in England and it quickly gained popularity throughout Europe because the dances combine sociability and music with easy-going indoor exercise. We will do historical dances from England which are slow and easy, and use walking steps to do simple figures. Wear non-slippery shoes. No partner is required. Enjoy the dances in their traditional social context at a graduation potluck English Tea Dance at the Pioneer Park Dance Hall on Monday March 25. This class is open to experienced dancers who have taken previous classes offered through OLLI.

Instructor Ken McFarland has been teaching dancing since 1973 with certification from the Royal Scottish Country Dance Society and the Country Dance and Song Society. He taught in schools and founded performing groups in California prior to moving to Alaska in 1997, where he started the Fairbanks English Country Dancers.

Yoga (section 1)
EX2 Session I: Feb 25, March 4, 11, 18, 25 (5 classes)
Mondays 2:45 - 4:00 pm
This class provides a slower, gentle and mindful approach to yoga poses with some individual assistance. The poses of yoga are just one part of the whole of yoga and we will...
explore breathing and meditation techniques too. Poses can be adapted for individual challenges but be prepared to be gently challenged at times. Bring your sticky mat, blocks and strap (if you have them), and something to put under your head during relaxation. Class size limited. Enrollment priority will be given to people who have not taken an OLLI yoga class before. (See EX5 for another section of the same class.)

Instructor Marsha Munsell, part owner of Heart Stream Yoga and a nutrition educator for UAF Cooperative Extension, has taught yoga for over 10 years and has studied many mind-body disciplines for 23 years. Her experience brings a keen eye for safety and an open mind for acceptance.

Yoga (section 2)
EX5 Session II: April 1, 8, 15, 22, 29 (5 classes)
Mondays 2:45 - 4:00 pm
An additional section of a perennial OLLI favorite. See EX2 for course description.

Introductory Bike Maintenance:
Learn to Love Your Bike
EX6 Session II: April 2, 9, 16, 23
Tuesdays 9:00 am - 12:00 noon
Learn how to fix flats, adjust gears and brakes, straighten wheels, and take care of bearings, chains, and cables. Set up your bike for better riding and be prepared for all conditions — even winter! Bring your bike!

Instructor Simon Rakower has been teaching bike repair for 26 years in Fairbanks and elsewhere. He recently trained instructors to teach kids to work on bikes for the Recycle a Bicycle program in Brooklyn, NY. He dreams of a world where everyone can fix their own flats.

Pilates Method of Body Conditioning
EX3 Session I: Feb 26; March 5, 19, 26 (No class March 12)
Tuesdays 9:30 - 10:30 am at North Star Ballet Studio, 1800 College Rd. (Tanana Valley Fairgrounds)
Pilates is a unique system of stretching and strengthening exercises developed nearly a hundred years ago by Joseph H. Pilates. It strengthens and tones muscles, improves posture, provides flexibility and balance, unites body and mind, and creates a more streamlined shape. Students should wear comfortable clothing. All exercise props will be provided. Enrollment priority will be given to members who have not yet taken a Pilates course offered through OLLI.

Instructor Ruth Merriman is the Director of the Creative Movement Program and a certified Pilates instructor at North Star Ballet. She teaches group mat classes as well as private and semi-private sessions in a fully equipped Pilates studio at the North Star Ballet studio.

Contradance
EX4 Session II: April 1, 8, 22, 29 (No class April 15)
Mondays 1:00 - 2:15 pm
Swing right into this form of American folk dance that includes dances like the Virginia Reel. It’s excellent exercise that you can take at our own pace. Live music and a relaxed atmosphere are traditional. Wear soft-soled, comfortable shoes. No experience necessary.

Instructor Lynn Basham is a caller for the Fairbanks Contra Borealis Dancers, as well as a retired instructor for the UAF English Department. He assures us that newcomers find a warm welcome and helpful instruction at the local contra dances.

Zumba Gold
EX7 Session II: April 2, 9, 16, 23
Tuesdays 11:15 am - 12:15 pm
Enjoy an exhilarating dance-fitness workout with zesty Latin music. It’s fun and easy to follow. Zumba Gold takes the Zumba formula and modifies the moves and pacing to produce a lower impact workout.

Instructor Carol Pankhurst is a licensed Zumba Gold instructor.

Pickleball
EX8 Session II: April 5, 12, 19, 26
Fridays 1:00 - 2:15 pm
Pickleball has been described as “the fastest growing sport you’ve never heard of” and its popularity is rising fastest among OLLI-age adults! It is played on a badminton-size court with a perforated plastic ball (similar to a whiffle ball) and paddles similar to large ping-pong paddles. It is easy for beginners to learn and all equipment is provided. If you like to play tennis, racquetball, ping-pong or badminton you will love pickleball. Materials fee of $10 payable to the instructor at the first class.

Instructors Marcia Boyette and Alan Ambruster are members of the UAF Pickleball Club who are eager to share their love of the sport.

Slow Tennis
EX9 Session II: April 5, 12, 19, 26
Fridays 2:45 - 4:00 pm
Have you ever wished you could get back into tennis? Or
wondered how you could start playing tennis? Then this is the class for you! Starting with large foam balls, you will find that success comes easily and you don’t have to run! Later, smaller foam balls allow the fun to be a bit more like real tennis but still slower. After four classes in the gym you will be ready to get on the outside courts with real tennis balls this summer. Bring a racket if you have one; some will be available to borrow. Come join the fun.

Instructors: Mary Matthews has been playing tennis off and on during her adult life, and now regularly plays doubles with friends. Mary Nebert has been playing tennis since childhood (with a 30 year gap!) and has been back on the courts for the last 8 years.

Alaska Senior Games
EX10 Add-on II: May 2 & 3
Thursday and Friday 1:30 - 5:00 pm
Have you ever wondered what the Alaska International Senior Games (AISG) are, or considered trying some of the events? If so, this class is for you.

• Thursday May 2: Meet at West Valley High School fields at 1:30 pm for discus, shot put and javelin. At 3:30 pm, move to a UPark classroom to find out more about AISG and get briefed on the next day’s events.
• Friday May 3: Meet at Pioneer Park at 1:30 pm for horseshoes, bocce ball, and disc golf.

Diann Darnall, president of AISG, will coordinate this team-taught class. Instructors will include Wendy Quinn, who coaches shot put and discus for the West Valley High School track and field team.

Beginning Canoeing
Summer, dates TBA
Classic Western Films of John Wayne and John Ford
FP4 Session II: April 3, 17, 24, May 1 (No class April 10)
Wednesdays 1:00 - 4:00 pm
We'll view and discuss four of John Wayne's milestone films, all of which were directed by John Ford:
• Stagecoach, 1939, the film that assured Wayne's film career;
• She Wore a Yellow Ribbon, 1949, said to have been some of Wayne's best acting;
• The Searchers, 1956, claimed by critics to be the best western ever made; and
• The Man Who Shot Liberty Valence, 1962, a classic and the last black and white Wayne western film.
Instructor Stephen Heckman, a retired Alaska State Trooper, former adjunct with Tanana Community College and retired history teacher and vice principal of Monroe Catholic High School has an undergraduate degree from the University of Alaska.

Films of War
HIS2 Session I: March 1, 8, 15, 22
Fridays 1:00 - 4:30 pm (end time may vary)
This course will show four films of war. Before each film there will be a discussion of its historical setting. A discussion of historical accuracy will follow the films.
Instructor Paul Renschen, LTC RET USA, taught military history at West Point and directed the ROTC instructors' course in Military History. He is a history adjunct at UAF, teaching The Military History of the United States.

Project Jukebox:
Alaska's History on the Web
HIS3 Session II: April 2, 9, 16, 30 (No class April 23)
Tuesdays 2:45 - 4:00 pm
Learn about Alaska's history from the very people themselves through Project Jukebox, the digital branch of the Oral History Program at UAF that provides access to audio and video recordings, transcripts, maps, historic photographs and films from across Alaska. Explore Alaska's Digital Archives as it presents innumerable historical photographs, albums, oral histories, moving images, maps, documents and physical objects all held at museums and archives across the state. The goal is to learn about these fabulous resources and how to use them. No computer experience necessary.
Instructor Leslie McCartney is the curator of Oral History at UAF. As an anthropologist and oral historian, she has recorded the life stories of an array of people in projects in Alaska, Canada, England and Ireland.

Great Decisions 2013 Foreign Policy (I)
HIS1 Session I: Feb. 28, March 7, 14, 21
Thursdays 10:15 am - 12:15 pm
Do you ever see foreign news reports and wonder what it's all about? Global challenges have increasingly become domestic challenges with events in the remotest parts of the world affecting our lives in myriad ways. Get the information you need to figure out what's happening and to be able to discuss it intelligently with others. Topics for 2013 Session I are:
• Future of the Euro
• Egypt
• NATO
• Myanmar and Southeast Asia
This program was developed by the Foreign Policy Association. Read essential background information in the briefing book, then come to class for a video analysis of the topic by experts, followed by a group discussion. The Great Decisions 2013 Briefing Book is available from the OLLI office for $22. Read Chapter 1 before the first class meeting.

MT2: Musicals by Andrew Lloyd Weber
LIT4: Shakespeare's Jacobean Romances

Great Decisions 2013 Foreign Policy (II)
HIS4 Session II: April 4, 11, 18, 25
Thursdays 10:15 am - 12:15 pm
See HIS1 for a description of the Great Decisions program. Topics for 2013 Session II are:
• Intervention
• Iran
• China in Africa
• Threat Assessment
Read Chapter 5 of the Great Decisions 2013 Briefing Book before the first class meeting. Note: You do not have to take HIS1: Great Decisions 2013 Foreign Policy (I) prior to this class.

The Pernicious Decade: The Birth of Political Parties in the United States
HIS5 Session II: April 5, 12, 19, 26, May 3 (5 classes)
Fridays 9:00 - 10:15 am
Contrary to contemporary opinion, the worst period for vicious partisan politics in this country was not from 2000
to the present. This class will examine the origins and development of party conflict during the first 10 years of the new federal government, from the ratification of the new Constitution and George Washington's first administration through the election of 1800. We will pay particular attention to the words and actions of the Founders, sometimes ironically at odds with one another, as in the statement of Thomas Jefferson, founder of America's first opposition party, to a friend in 1789, "If I could not go to heaven but with a party, I would not go there at all." This will be the final course in our OLLI exploration of the origins and consequences of the U.S. Constitution, and this time we really will get to 1800!! A reading list for further study will be provided for those interested.

Instructor Susan Stitham team-taught Advanced Placement Government at Lathrop High School, and in 2008 designed and taught a high school course analyzing both the Declaration of Independence and the Constitution. Last spring, she taught an OLLI course on the writing of the U. S. Constitution.

The Alamo and the War for Texas Independence
HIS6 Session II: April 5, 19, 26, May 3 (No class April 12)
Fridays 1:00 - 2:15 pm
The war for Texas independence will be explored with emphasis on facts and legends surrounding the Alamo and that event’s significance in the war. We’ll examine the northern Viceroyalty of New Spain and the background of events leading to Mexican independence. We will also cover unsuccessful attempts by northern “filibusters” to take Texas from New Spain.

Instructor is Stephen Heckman (see FP4).

HEALTHY LIVING

Driver Safety
HL1 Session I: Feb. 26; March 5, 12, 19
Tuesdays 10:00 am - 12:00 noon
No OLLI class fee for this course, but you must be an OLLI member to register.

Designed for motorists aged 50 and older, this eight-hour course helps drivers refine existing skills and develop safe, defensive driving techniques. Topics include vision and hearing changes, effects of medication, reaction time changes, left turns and other right-of-way situations, new laws, and hazardous driving situations. You do not have to be a member of AARP to take the course, and there are no tests. Certificates are awarded to those who attend all sessions, which may entitle you to insurance premium discounts (check with your insurance agent) or having 2 points credited to your Alaska driver’s record. If you have a letter from the court, the charges for a traffic violation may be dismissed upon completion of this class. Materials fee $14 payable to the instructor at the first class ($12 for AARP members).

Instructor Dave Mobraten was raised as a farm boy in Minnesota. The first vehicle he learned to drive was a tractor. Dave came to Alaska in 1970 and began a career with the Bureau of Land Management. He is now retired.

Growing Things to Eat
HL2 Session I - II: March 6 - April 24 (8 weeks)
Wednesdays 12:30 - 2:30 pm (Double Class Fee)
Fresh vegetables from your own garden taste so much better and are so much better for you than store bought produce. In this class you’ll learn how to improve your diet whether you’re an experienced subsistence gardener or a first time gardener who wants to try just a few things. The class includes general information on soil and seed starting, and specific information about many different vegetables including best varieties, growing methods, storage, and cooking tips.

Instructor Terry Reichardt, a Master Gardener, has extensive experience growing things in the Fairbanks area. She has been teaching this class for OLLI since Spring 2007.

Alaskan Water Gardens
HL3 Session I: Feb. 28, March 7, 14, 21
Thursdays 9:30 - 11:30 am
Water gardens are fun, easy to care for (chickweed doesn’t stand a chance), and the whole family can enjoy them. You will receive information on how to start, maintain or expand a water garden, where to find supplies locally and what mail order catalogs offer products most likely to thrive in Interior Alaska. Class includes a July tour of the instructor’s water gardens.

• Week 1: Introduction to water gardening — North
• Week 2: Dream your water garden
• Week 3: How to build your water garden
• Week 4: How to populate and care for your water garden

Instructor Marji Illingworth set up her first pond in a whiskey barrel in the 70s and began her Alaska ponds in 1978. She says she was influenced by her grandmother’s pond.

Intermediate Wine Tasting
HL4 Session I: Feb. 28, March 7, 14, 21
Thursdays 3:00 - 5:00 pm at Lavelle’s Bistro on 1st Ave.
This course will focus on the study of wine from the Southern Hemisphere using the systematic tasting techniques acquired while enrolled in the beginning wine tasting course. Consideration will be given to the influence of climate, topography, and culture along with many other factors that affect the grapes that are produced in these regions. Special fee of $80. Limited enrollment. For students who have previ-

Register online at www.uaf.edu/olli/ or mail in form on p. 23.
Recently taken OLLI’s “Mastering Wine” class.

Instructor Kathy Lavelle has credentials of certified wine professional from the Culinary Institute of America and certified specialist of wine from the Society of Wine Educators.

Health Issues
HL5 Session I: March 1, 8, 15, 22
Fridays 10:45 - 12:00 noon
Dr. Doolittle returns with his popular Health Issues series!
- **March 1**: Erythematous Drug Reactions: a primer with pictures.
- **March 8**: Guillain Barre Syndrome: What is it that we all hear about? How does this relate to vaccinations?
- **March 15**: Immuno Therapy plus a discussion of vaccination for 2012-13.
- **March 22**: Stroke and TIA from the Primary Care point of view.

Instructor William Doolittle, M.D. retired after 40 years practicing Internal Medicine and 50 years in health care.

Feet, Teeth, Ears and Eyes
HL6 Session II: April 1, 8, 15, 22
Mondays 9:00 - 10:15 am
Pete Seeger sings:

> Old age is golden, I think I’ve heard said
> But sometimes I wonder as I crawl into bed
> My ears in a drawer, my teeth in a cup,
> My eyes on the table until I wake up…

Local health professionals will talk about how our feet, teeth, ears and eyes work, what can go wrong with age, the current state of diagnosis and treatment of age-related problems, and whether there are any preventive measures we can take.
- **Apr. 1**: Dr. Manx Quayle, podiatrist
- **Apr. 8**: Dr. Jim Cerney, dentist
- **Apr. 15**: Dr. Lily V. Hughes, audiologist
- **Apr. 22**: Dr. Larry Coon, optometrist

Unravel the Mystery of Tea
HL7 Session II: April 2, 9, 16, 23
Tuesdays 1:00 - 2:15 pm at Sipping Streams Tea Company
Tea is the most popular beverage in the world, as well as one of the healthiest. Learn some of the history of tea and the differences between types of teas. Compare white, green, oolong, black, and pu-ehr, as well as some of the herbal teas like Rooibos and Mate. See how to steep tea properly, with slightly different techniques for individual types. Learn about quality, storage, and shelf life. Find out what’s new in the world of tea: bubble tea, Kombucha, matcha and more.

Materials fee of $35 payable to the instructor at the first class.

Instructor Jenny Downer, owner of Sipping Streams Tea Company, is a certified tea specialist.

LITERATURE and LANGUAGE

Reading Great Nature
LIT1 Session I: Feb 28: March 7, 14, 21
Thursdays 10:45 - 12:00 noon
How do we people fit into what we call the natural world? Beginning with Henry David Thoreau, we’ll take a look at (mostly) American attitudes about the world that surrounds us. Our reading will include other essayists such as Bill McKibben, Annie Dillard, Bill Gilbert and Alaskan Sherry Simpson.

Instructor Frank Soos, UAF Professor of English Emeritus, is author of the award winning Unified Field Theory: Stories, Bamboo Fly Rod Suite with Kes Woodward, and a new book Double Moon with Margo Klass.

Classic 20th-Century Poems
LIT2 Session II: April 1, 8, 15, 22
Mondays 10:45 am - 12:30 pm
The poems we’ll discuss are considered to be among the best of the previous century and very representative of their authors’ artistry and attitudes as well as their times. Each week we’ll study at least one poem very closely but also highlight thematic and prosodic elements of the companion texts. Please (re-)read the assigned poems, available online, before class; however, be wary of online commentaries.

- **April 1**: Robert Frost’s “Mending Wall,” “After Apple-Picking,” “Birches,” “Stopping by Woods on a Snowy Evening”
- **April 8**: William Butler Yeats’s “Leda and the Swan,” “The Second Coming,” “Sailing to Byzantium,” “Easter 1916”
- **April 15**: Sylvia Plath’s “Metaphors,” “Lady Lazarus,” “The Colossus,” “Daddy”
- **April 22**: T. S. Eliot’s “The Love Song of J. Alfred Prufrock”

Instructor Joe Dupras, Professor of English Emeritus (UAF 1979-2010), has taught introductory classes besides his 19th-century literature specialization.

Recent Alaska Books by Fairbanks Authors
LIT3 Session II: April 1, 8, 15, 22
Mondays 2:45 - 4:00 pm
Come enjoy a fresh installment of a popular OLLI series! Every week a different local Fairbanks author will read from his or her recent book, talk about researching and writing
the book, and answer questions. You do not have to read the books before class.

- April 1: **Nicole Stellon O’Donnell’s Steam Laundry** (2012) is a novel in poems based on the true story of Sarah Ellen Gibson, a miner’s wife during the Klondike and Alaska gold rushes, who came to Fairbanks in 1903.

- April 8: **Alex Hills’s Wi-Fi and the Bad Boys of Radio** (2011) tells the story of the author’s experiences in the Alaska bush and how they ultimately led to the creation of the world’s first Wi-Fi network. It’s a story of how innovation happens — and a story that explains why your wireless device sometimes does strange things.

- April 15: **Frank Keim’s Whitewater Blue: Paddling and Trekking Alaska's Wild Rivers** (2012) documents nearly 40 years of travel along Alaska’s wild rivers by boat and on foot. In the book, Keim strives to capture the spirit of the rivers, the country they flow through and the wildlife that call them home.

- April 22: **Claus-M. Naske’s Alaska: A History** (2011) is a detailed study of the history of Alaska. Topics include Vitus Bering’s discovery of Alaska, the development of Russian America, the sale of Alaska to the U.S., the development of Alaska under U.S. ownership, statehood, the Alaska Native Claims Settlement Act, the development of the oil industry and Alaska politics through the resignation of Sarah Palin.

---

**Willing Suspension of Disbelief: Shakespeare’s Jacobean Romances**

**LIT4 Session II: April 9, 16, 23, 30 (No class April 2)**

Tuesdays 9:00 am - 12:00 noon

In this class, we will watch and discuss two of Shakespeare’s late plays — *Pericles, Prince of Tyre* and *Cymbeline* — once classified as romances but now termed tragicomedies. These plays were wildly popular with Shakespeare’s contemporaries for their creative mixture of fairy tale, myth, tragedy, comedy and satire. Not as often performed in recent years, *Pericles* was presented by FST within the past decade, and *Cymbeline* appears in the lineup for the 2013 Oregon Shakespeare Festival season. No previous experience with Shakespeare necessary, just enthusiasm for the adventure. Please bring a copy of *Pericles* to the first class.

**Instructor Susan Stitham** retired after 30+ years of teaching English at Lathrop High School, where her favorite course was always “Shakespeare Classics” for remedial students. She has served on the State Board of Education and the UA Board of Regents.

---

**Oui, je parle français un peu!**

**LIT5 Session II: April 5, 12, 19, 26**

**Fridays 2:45 - 4:00 pm**

This class is designed for students who have completed OLLI’s “Oui, je parle français” class or have attained a similar skill level in conversational French through other means. Emphasis will be on listening and speaking with the benefit of some reading later. More personal topics, hobbies, travel, food, etc., will be emphasized. Some grammar, cognates, and French expressions used in English will be included.

**Instructor Madame Judy Tolbert** taught French for 30 years at Ryan Jr. High and Lathrop H.S. She believes monolingualism can be cured and she thoroughly enjoyed her OLLI students’ enthusiasm and continuing progress in “Oui, je parle français.”

---

**MUSIC and THEATER**

**Songwriting**

**MT1 Session I: Feb 25, March 4, 11, 18**

**Mondays 10:45 am - noon**

Guided with laughter and music, local folk singer-songwriter Susan Grace will teach songwriting. Creating our own songs by working together as a group, in small groups, or as individuals — let’s sing, create and be merry!

**Instructor Susan Grace** is a local educator, creator of Camp Habitat and other programs at Creamer’s Field, singer-songwriter and performer.

---

**Musicals by Andrew Lloyd Weber**

**MT2 Session I: Feb 25, March 4, 11, 18**

**Mondays 2:30 - 5:00 pm (ending times may vary)**

This class is presented as a non-technical form of musical appreciation with opportunities to watch, listen and discuss the sources and productions of several musicals of Andrew Lloyd Weber. We will select four musicals from his many productions such as *Cats, Evita, Joseph and His Technicolor Dream Coat, Jesus Christ Superstar, Phantom of the Opera* and *Love Never Dies* (sequel to *Phantom*). We will review the history of each work including the story source or “book” the musical is based upon, information about the history of each production as well as biographical information about the composer and lyricist.

**Instructor Montie Slusher**’s background includes college and graduate study in sociology, philosophy, religion, and social studies. His work and volunteer experience include social work, teaching, and ministry, with the last 40 years here in Alaska.

“I’m in love with OLLI. Your classes are so helpful.” —OLLI Student

Register online at www.uaf.edu/olli/ or mail in form on p. 23.
Harmonica for Beginners
MT3 Session I Add-on: March 25, 28
Monday and Thursday 1:00 - 2:15 pm
Do you wish you could play a musical instrument? Harmonicas are inexpensive, fit in your pocket and don’t require tuning, which makes them a perfect beginner instrument. In this class you’ll learn to play a scale and recognize where the notes are so you can start playing melodies you already know. Bring a harmonica in the key of C. Limited enrollment.

Instructor Jim Warner started playing harmonica 12 years ago. He helped form the Hot Denali Harps, a harmonica club that has been meeting regularly and performing in various venues around Fairbanks for the last 11 years.

Exploring Part Songs and Harmony
MT4 Session I: March 1, 8, 15, 22
Fridays 2:45 - 4:00 pm
Mostly we’ll sing songs you know (or will learn!) and find the great harmony that results from rounds, canons and quodlibets. We might even try some up-tempo songs composed for two or more voices.

Instructor Theresa Reed is a retired general music teacher who has been involved in performing and directing music and theatre for more than 30 years.

Guitar from Scratch
MT5 Session II: April 1, 8, 15, 22
Mondays 1:00 - 2:15 pm
Have you always wished you could play guitar? No prior experience with guitar or any other music is required. You’ll learn how to tune the guitar, strum, and form a few basic chords that will allow you to accompany lots of songs. Bring an acoustic (NOT electric!) guitar to class. If you don’t have access to an acoustic guitar, contact the OLLI office and we’ll point you to a rental option. It is important that students attend all 4 classes, as each class will build on what was learned the week before. Enrollment limited.

Instructor Jeep Reid took up guitar playing five years ago because learning music helps seniors retain memory function. Even if that is only partly true, he says it’s fun and he meets many nice people through music.

World Music
MT6 Session II: April 2, 9, 16, 23
Tuesdays 1:00 - 2:15 pm
Let’s go on a world music tour! This introductory survey course will examine musical cultures throughout the world. We will take a look at musical systems in terms of their respective sounds and their relationship to culture and society. A cross-cultural comparison of various types of music will also be considered. The course will include an introduction to the basic elements of music but no knowledge of musical notation will be required. Join me as we explore the fascinating sounds of Australia, Asia, Africa, Europe, and the Americas!

Instructor Paul Krejci, Ph.D., is an adjunct professor at the University of Alaska Fairbanks music department. He teaches undergraduate and graduate courses in music history, theory, indigenous Alaskan and circumpolar music.

Introduction to the Craft of Acting
MT7 Session II: April 4, 11, 18, 25
Thursdays 10:45 am - 12:00 noon
This acting class offers exploration techniques for enhancing and polishing personal communication skills including voice, physicality, and staying on message for “telling the story.” The class also includes examination and practical application of active listening and ensemble teamwork.

Instructor Peggy Ferguson came to Fairbanks in 1969. She holds a degree in theatre arts and speech from the University of Minnesota, and has been the staging director and acting coach for numerous theatrical organizations throughout Alaska since 1970. She has been the managing director of the Fairbanks Drama Association since 2001 and is a founding member of the Looking Glass Theatre.

PHILOSOPHY and RELIGION
Gods That Failed
PHL1 Session I: Feb 25; March 4, 11, 18
Mondays 10:45 am - 12:00 noon
1. Introduction: Concept of human nature and its fundamental features.
2. Historical expectations of a Messiah.
3. Revolutions and “–isms”.
4. The Second World War: Conflict of various forms of Messianism.

Instructor Rudy Krejci, UAF professor emeritus, lectured on philosophy in the US, Canada, Europe and Asia and cooperated with Wittgenstein International Symposium, Dr. Siu’s Panetics, Dr. Victor Frankl’s Logotherapy and Dr. Takashima’s Humanistic Anthropology.

Gracism
PHL2 Session II: April 5, 12, 19, 26
Fridays 1:00 pm - 2:15 pm
Gracism is a response to racism. It’s a positive extension of favor to people both in spite of and because of color, class or culture. It is not “affirmative action” but intentional actions
of grace and affirmation.

Instructor Jim Hunter is a retired-rewired educator. He taught in several places including the Yupik village of Tuntutuliak, served as an Episcopal priest in North Pole, and served as cultural liaison and dropout prevention specialist at North Pole High School.

The Packaging of the Gods, or the Divine, in Theology and Theological Systems East-West
PHL3 Session II: April 5, 12, 19, 26
Fridays 2:45 - 4:00 pm
This course will discuss religion versus theology and cover a number of ‘isms’, e.g., monism, dualism, pluralism, humanism, monotheism, henotheism, pantheism, polytheism, as these refer to theological systems.

Instructor Walter Benesch is Professor of Philosophy Emeritus at UAF. He is the author of several books including Introduction to Comparative Philosophy, The Ecumenical Cruise and Other Three-Legged Chicken Philosophy Tales, and Adam Cox Meets the Crackle Crunch for Lunch.

SCIENCE and MATHEMATICS

Epigenetics and the Aging Brain
SC1 Session I: Feb 25, March 4, 18, 25 (No class March 11)
Mondays 9:00 - 10:15 am
“\textit{I have bad genes.} Really? The conundrum \textit{\textit{Nature versus Nurture}} continues to plague just about every aspect of human health; however, new research seriously questions this perspective. We are the master of our own genes - for better or worse! And nutrition may play a vital role, especially when it comes to staying sharp into old age. We will learn about epigenetics, explore the aging brain, and discuss foods that keep our brains fit.

Instructor Tom Kuhn is on a quest to let everyone know how to keep your grey matter red-hot. Dr. Kuhn is a neuroscientist and biochemist and has been a UAF faculty member since 1998.

The Aurora: A Look From Above
SC2 Session I: Feb 25, March 4, 11, 18
Mondays 2:45 - 4:00 pm
Aurora is produced by charged particles entering the upper atmosphere. Where do these particles come from and what accelerates them in a way that accounts for the structured auroral forms? The course will start with a review of auroral morphology as observed from the ground. The main part of the course will trace energy transfer processes from the Sun to the Earth and describe the processes taking place above the atmosphere that accelerate the charged particles responsible for the aurora.

Instructor Dan Swift is a retired professor of physics from the Geophysical Institute of the University of Alaska and much of his professional career has focused on understanding of auroral processes.

Alaska’s 1964 Earthquake: A Game-Changer in Global Plate Tectonics Theory or a Local Catastrophe Fading from Memory?
SC3 Session I: Feb 26, March 5, 12, 19
Tuesdays 9:30 - 11:30 am.
Optional Project Steering Group 11:45 am - 12:45 pm.
The previous OLLI version of this team-taught course (Fall 2012) revealed Alaska OLLI members’ appetites for a more extensive feast of ideas and experiences. Evaluators recommended that more discussions take place between now and the earthquake’s 50th anniversary. Accordingly, OLLI regards this course as an experimental project, or “work in progress.” That work may pioneer partnerships with other Alaska communities, field excursions to explore coastal sites of earthquake damage, and may grow to involve interactions with younger students. If OLLI students’ energy proves durable, we may contribute significantly to 50th anniversary commemorations of the event. The Spring 2013 session’s course is designed for both continuing students from 2012 and newcomers to the topic.

Dave Norton, a research generalist, will act as organizer and host for invited specialist-discussants, to include Rod Combellick of the Division of Geological and Geophysical surveys, Alaska Dept. of Natural Resources.

Edible Wild Plants of Alaska’s Interior
SC4 Session I: Feb 27, March 6, 13, 20
Wednesdays 3:00 - 4:15 pm
This course will take you through a series of steps learning to accurately identify, gather, process and store a wide variety of wild plants throughout the seasons. Many of these plants may be found growing right in your own backyard! Notebooks and pens are recommended, handouts will be available, and other materials will be provided or recommended as needed. This course will encourage you to begin a fulfilling lifelong journey of working with Alaska’s wild plants both as food and for natural remedies.

Instructor Leslie LaBar is the Wild Edible Plant instructor for the Becoming an Outdoors Woman (BOW) program offered through the Dept. of Fish & Game. She and her husband George LaBar are enthusiastic naturalists who strive to empower people to understand, explore and embrace the natural world.

Register online at www.uaf.edu/olli/ or mail in form on p. 23.
Marmots in Alaska
SC5 Session I: Feb. 28, March 7, 14, 21
Thursdays 3:00 - 4:15 pm at UA Museum of the North

Chances are if you have hiked through any mountainous region in Alaska, or even walked through Creamer’s Field, you have seen or heard these conspicuous critters. But did you know it was a marmot? Alaska is home to three of North America’s six marmot species. These mammals have much to teach us about Alaska’s biogeographic history and the current effects of a warming climate on arctic and alpine ecosystems. Learn about our current understanding of the ecology, evolution and biogeography of marmots, and Alaska’s other lesser-known alpine mammals. We’ll use museum specimens and include a tour of the research and collections areas in the UA Museum of the North to learn how natural history museums contribute to our understanding of biodiversity.

Instructor Aren Gunderson is the Mammals Collection Manager at the UA Museum of the North and continues research on marmots after having completed an M.S. in wildlife biology at UAF.

The Immune System
SC6 Session II: April 1, 8, 15, 22
Mondays 9:00 - 10:15 am

The immune system is so complex and so marvelous! We will explore the major body systems (blood, lymph, bone) that contribute to our health. We will discuss the differences between the innate and the acquired immunity systems and what happens when the immune system fails.

Instructor Janice Ott is an adjunct professor at UAF, retired high school biology teacher, and someone who has a passion for unusual things. She holds a M.S. in biology with an emphasis on wildlife disease.

Measuring Land
SC7 Session II: April 1, 8, 15, 22
Mondays 1:00 - 2:15 pm

This class will cover how we measure land, how we define property, and some of the special problems we have in Alaska. Learn about techniques for measuring land including compass and Gunter chain, transit and 100-foot chain, Theodolite and EDM, total stations, and Differential GPS. Discuss property definition with the public land survey system, US surveys, subdivisions, and mineral surveys, and consider some of the differences in these. Consider also Lot and Block descriptions, Aliquot part descriptions, priority of ownership and senior/junior ownership considerations. Types of deeds will also be mentioned.

Instructor Scott Sexton started surveying in 1970 for Dept. of Highways for construction on the Healy Canyon on the Parks Highway. He retired from DOT in June of 2010 as Location Survey Supervisor for Northern Region. You cannot leave Fairbanks, or most of the state, without using a road or airport that he worked on.

Oceanic Deep Water Formation: How do we know about it, and why is it important?
SC8 Session II: April 1, 8, 15, 22
Mondays 1:00 - 2:15 pm

Because deep water formation drives far-reaching planetary processes (e.g. the “Oceanic Conveyor Belt”) the mechanisms and implications of polar deep water formation promise to remain at the cutting edge of scientific understanding for at least the coming decade. What do we know and what do we still have to learn about deep water dynamics? Global oceanic circulation patterns illustrate both the importance of interdisciplinary research and how such thematic topics in modern scientific research are challenging university educators. Peter Winsor of the UAF School of Fisheries and Ocean Sciences will be one of the featured guest discussants. Dave Norton serves as host and course organizer.

Archaeology in Alaska
SC9 Session II: April 1, 8, 15, 22
Mondays 2:45 - 4:00 pm

This course will cover the prehistory of Alaska, from the initial colonization of the New World, 14,000 years ago, to recent times. Explore how archaeologists reconstruct and interpret the record of the past in this region. We will cover early mammoth and bison hunters, the effects of dramatic climate change on these ancient populations, as well as intensification of the food quest after 5000 years ago. We will also track the origins and migrations of present-day Alaskan populations, Na-Dene and Eskimo-Aleut peoples.

Instructor Ben Potter is Associate Professor of Anthropology at UAF. He has worked in high latitude archaeology since 1995 and has published on stone tools, faunal remains, settlement and subsistence strategies, and organization of prehistoric societies in northeast Asia and northwest North America.

The Art and Science of Weather Maps
SC10 Session II: April 2, 9, 16, 23
Tuesdays 9:00 - 10:15 am

Bring a pencil and eraser for this participatory class! You’ll exercise both your artistic and logical abilities as you learn to analyze weather maps using real data from that day. After you analyze the day’s weather map, you’ll learn how to use it to find clues about tomorrow’s weather.

Instructor Ted Fathauer recently retired after a long career as a meteorologist with the National Weather Service. He has
taught classes on Alaska marine weather for the Coast Guard Auxiliary, aviation weather for TVCC, and Interior Alaska weather for OLLI.

Your Inner Fish
SC11 Session II: April 2, 9, 16, 23
Tuesdays 10:45 - 12:00 noon
Fish are our ancestors and this class will explore that fishy aspect of our past. Before our first peeks above water virtually all of our basic anatomy, physiology, and behavior were already molded by evolution. Fish already knew about child rearing, social status, complex learning, pair bonding, attachment to groups, jealousy, wild sex and the rest, and among them were even soles. We'll follow these ancestors, asking why and how they moved out of water, learned to run, and even climb trees. The fossil record documents that well. Our place as humans in the tree of life is but a tiny bud on the thick limb of fish evolution. It is a story from our deepest past, replete with momentous philosophical and supernatural implications, which contains the core evidence about our evolution. What a shame to go through life missing out on this ‘born-again’ fish version of yourself.

Instructor Dale Guthrie, retired professor of biology at UAF, has had a lifelong interest in human evolution, prehistory, art, and religion. He has published many articles and books on these subjects.

Discovering Beringia
SC12 Session II: April 5, 12, 19, 26
Fridays 10:45 am - 12:00 noon
We residents of “Beringia” are still learning about our own especially fascinating supercontinental region of planet Earth. Although “Beringia” was originally conceived by Eric Hultén in the 1930s, his concept has greatly expanded in space and time as a result of continuing research and discoveries during our lifetimes. You needn't be a geologist or biologist to enjoy discussions of how scientists reconstruct the long prehistory of this region. Two or more guest presenters will help illustrate the often amusing twists and turns of scientific inquiry into Beringia.

Instructor Dave Norton specializes in being a generalist and Beringia-phile. He has been a researcher and instructor associated with various parts and academic specialties of the University since 1967.

Fishes of the World
SC13 Session II: April 4, 11, 18, 25
Thursdays 6:00 - 7:15 pm at UA Museum of the North
A broad survey of global fish diversity is presented within the framework of the evolutionary history of this species-rich group of vertebrates. In this course we will learn about how many fish forms are out there today, what is a species, which forms are abundant and which are rare, how groups of species are placed in distinct categories, where we find all these species and groups and why they are not evenly distributed across the globe.

Instructor Andres Lopez is Curator of Fishes at the UA Museum of the North. Dr. Lopez studies the evolution of fishes, their diversity and distribution.

SOCIAL STUDIES

Our Sister City, Yakutsk
SOC1 Session I: March 1, 8, 15, 22
Fridays 9:00 - 10:15 am
What's special about Yakutsk? It's Fairbanks's sister city in the Russian Far East, the capital of the resource-rich Sakha Republic, historically an important city, and home to one of Russia’s federal universities. Russians and Yakutians have worked together to create a city of two diverse cultures. This class will introduce you to these people of the North and conclude with information about opportunities to travel to Yakutsk.

Instructor Leslye Korvola lived and worked in Yakutsk and several other communities in the Russian Far East during the 1990s and is eager to further the sister city relationship with Yakutsk.

Take Charge of Your Life!
SOC2 Session I: March 1, 8, 15, 22
Fridays 1:00 - 2:15 pm
Buckle your seat belts and get ready for a ride in this series of four dynamic workshops.
• March 1: LIVE longer, LIGHTEN up!
• March 8: Six ways to MAKE people like you and twelve ways to WIN people to your way of thinking
• March 15: Managing TIME and STRESS, the Franklin-Covey Approach
• March 22: The only CONSTANT in life is having to deal with CHANGE

Instructor Charlie Dexter is a professor emeritus of UAF Community & Technical College. He continues to teach business and leadership classes, and has served as the University statewide personnel manager, director of admissions, and director of the Small Business Development Center.

“This class was food for the mind. Darn, he keeps asking us to think!” —OLLI Student

Register online at www.uaf.edu/olli/ or mail in form on p. 23.
TED Talks: Ideas Worth Spreading
[section I]
SOC3 Session I: March 1, 8, 15, 22
Fridays 2:45 - 4:00 pm
If you have yet to discover TED Talks you are in for a treat! TED Talks are lectures by the world’s most fascinating thinkers and doers who have been challenged to give the talk of their lives in 5 - 18 minutes. We will watch three or four TED Talk videos each class (there are more than 1,000 available) and have fun discussing! Videos from the fall class won’t be repeated, except by popular demand. See SOC7 for another section of this class.
Instructor Mary Ann Borchert retired from UAF after 23 years in research and administration.

Current Issues for Kids and Families
SOC4 Session II: April 3, 10, 17, 24
Wednesdays 9:00 - 10:15 am
Gender differences, obesity, screen time, dyslexia, the spirit of the child and changing family structures are some among many current topics of interest to early childhood educators. This series will start by exploring the advantages of dyslexia (yes, you read that right!) and then the group will make decisions about the topics for the following weeks. Typically the presentation will include a PowerPoint as well as discussion and questions from the group.
Instructor Patty Meritt has previously given workshops for OLLI on Updates in Child Development (spring 2012) and Brain Games (fall 2012). She is a professor of Early Childhood Education, a mom, grandma and Sunday school teacher.

Expanding Your Genealogy Research
[continued]
SOC5 Session II: April 4, 11, 18, 25, May 2 (5 classes)
Thursdays 9:45 - 11:45 am
Requests made by students in OLLI’s fall 2012 class “Expanding Your Genealogy Research” are incorporated into this continuation, which is open to new students of genealogy as well. We’ll do more in depth on the four big sources of genealogy information in the U.S. and how to find much of this online, spend more time on FamilyTreeMaker, and use the instructor’s subscription to ancestry.com so you won’t have to buy a subscription. Before class, and in class, prepare a list of things you want to research. A laptop is not required, but bring yours if you have one. One of the five class meetings will be a field trip to the Family History Center.
Ruth Jolly Knapman, historian, researcher, and genealogist, has taught numerous genealogy workshops over the years. Gerald Whitton has well over 53 years of genealogy research experience.

Ted Talks: Ideas Worth Spreading
[section II]
SOC7 Session II: April 5, 12, 19, 26
Fridays 2:45 - 4:00 pm
See SOC3 for description. Videos from SOC3 won’t be repeated except by popular demand, so you can take one section or both.

Estate Planning and End of Life Issues
SOC8 Session I: Feb 28, March 7, 14, 21
Thursdays 9:00 - 10:15 am
• March 7: Trusts and Planning to Reduce Estate Tax with Michael Cavaliere.
• March 14: The New Hospice with Karen Callahan, volunteer coordinator for Fairbanks Memorial Hospital Hospice Services.

Get Organized!
SOC6 Session II: April 5, 12, 19, 26
Fridays 1:00 - 2:15 pm
Feeling overwhelmed by the need to downsize? You will leave this class ready to tackle any mess, large or small.
• April 5: Why people have clutter and the difference between clutter and hoarding.
• April 12: Motivation and time. Scheduling time and helpful tips to chip away at any kind of clutter. What to keep and what not to keep. How to avoid time-wasting activities.
• April 19: Identifying your drop spot and making it more organized. How to delegate effectively so you’re not cleaning and organizing alone. If you are alone, ways to make your life and routine easier.
• April 26: Effective downsizing and space maximizing. Organizing on a budget.
Instructor Laura McAfoos is the owner of Solutions4Spaces. She has been passionate about organizing paperwork, clutter, workspaces and more for over 10 years.

OLLi instructors say:
“It’s the best kind of teaching — interested students and no papers to read or grade.”

16 www.uaf.edu/olli/ 907-474-6607 UAF-OLLI@alaska.edu
May 15 – 20 . . . . . . Petersburg Little Norway Festival and LeConte Glacier Cruise
June 4 – 10 . . . . . . Beaver Creek Float Trip
July 25 – 29 . . . . . . Rock Skipping Contest at Lake Minchumina
Aug. 5 – 11 . . . . . . Kennicott and Iceberg Lake in the Chugach Mountains
Sept. 3 – 5 . . . . . . Denali National Park by Rail

**We strongly recommend** that all excursion participants purchase travel insurance from an insurance carrier of their own choice. If you must cancel your trip due to health or other problems, OLLI cannot refund payments unless the travel vendor agrees to refund what OLLI has already paid in advance.

**Who may participate?** Members of OLLI at UAF Adults over 50 and their adult companions may join OLLI by paying the annual membership fee of $35. There are no geographical restrictions on membership; it is not necessary to be an area resident.

**Activity Levels.** In order to assist you in deciding which programs are best suited to your abilities, we have an activity rating system that describes the degree of physical activity involved. Please understand that the listing is meant only as a guide. We welcome all participants, including those with disabilities, to contact us about choosing programs. Let us know about any special needs as early as possible so that we can help make arrangements for you.

- **Easy**—Able to handle your own luggage, stand for up to one hour, climb a few stairs, and get on and off a motor coach or van
- **Moderate**—In addition, able to climb a few flights of stairs, and walk up to 2 miles on uneven surfaces
- **Active**—In addition, be in good health, mobile, able to participate in 3-5 hours of physical activity every day, and walk 3 – 5 miles at a moderate pace over uneven ground
- **Challenging**—In addition, be in excellent health, extremely mobile and used to an active lifestyle. Activities may require up to 6 hours of strenuous, fast-paced activity per day.

---

**Petersburg Little Norway Festival and LeConte Glacier Cruise**

**May 15 – 20** Activity Level: Moderate

Begin late afternoon May 15; end with breakfast on May 20.

Visit Petersburg and celebrate their 55th annual Little Norway Festival, a celebration of Petersburg’s Norwegian heritage and the beginning of the fishing season. Watch the parade, listen to music, enjoy Norwegian dance and local theater groups, or take a rosemaling class. The heart of downtown closes off and vendors line the streets, offering a range of traditional wares and Norwegian delicacies. Take a 4-5 hour cruise to LeConte Bay where steep rock walls, waterfalls, floating ice, shore birds, eagles and mountain sheep are popular sights along with calving icebergs from the LeConte glacier. Dress warm and be prepared for humidity but don’t forget the binoculars. Accommodations are at the Tides Inn, owned by the **Ohmer family** whose history in Petersburg goes back to 1916. **Gloria** will make Tides Inn your home away from home. Tides Inn, Little Norway Festival activities and the docks are all centrally located and easy to reach on foot. The festival event schedule will be available in April through the Petersburg Visitor Center.

**Cost:** $540 ($525 if paying by check) includes transportation from the Petersburg airport to Tides Inn, 5 nights lodging (double occupancy) with waffle breakfasts, Thursday’s LeConte Glacier Tour. Single room additional $250.

**Not Included:** dinners and lunches, round-trip transportation Fairbanks to Petersburg.

$100 deposit ($50 non-refundable), remainder due March 10.

**Beaver Creek Float Trip**

**June 4 – 10 / Mandatory pre-meeting June 3 in Fairbanks**

**Activity Level:** Active, basic knowledge of paddling required and average physical endurance

Enjoy a 7-day float down Beaver Creek, a designated Wild and Scenic River which flows through the White Mountains, winding its way through the wilderness of Alaska’s Interior toward the Yukon River. Transportation will be provided to Nome Creek Campground, which is located 60 miles north of Fairbanks on the Steese Highway. There you will hit the water and spend 6 days paddling from camp to camp along one of the most beautiful river corridors in Interior Alaska. When not on the river, there will also be opportunities to explore the surrounding mountains on foot. Watch for the wide variety of wildlife that lives along the river or spend some time fishing for Arctic Grayling. A gravel bar at the mouth of Victoria Creek will be the

Register online at www.uaf.edu/olli/ or mail in form on p. 23.
pick-up point for the bush plane flight back to Fairbanks. Limited to 9 participants.

Cost: $2100 ($2045 if paying by check) includes round trip transportation from Fairbanks, all group gear including cooking equipment, meals and experienced guide.

Not included: Tent, sleeping bag and pad, parking fee at Fairbanks airport east ramp.

Deposit $550 (non-refundable) due February 25, remainder due April 25.

---

**Rock Skipping Contest at Lake Minchumina**

**July 25 – 29** Activity Level: Active

Lake Minchumina, one of the largest lakes in Interior Alaska, is located 65 miles north-northwest of Mt. McKinley. Sit back and enjoy the 1.5-hour scenic flight from Fairbanks to the Minchumina airstrip. A short drive along the lake brings you to your lodgings at the “Hidden Jewel of Denali,” where simple meals are made from local produce. If Mt. McKinley is visible, it can make for an amazing photo opportunity, but this is not all that Lake Minchumina has to offer. Guided nature hikes, bird watching, canoeing, fishing and berry picking are all available. On Saturday, participate in Lake Minchumina’s 37th annual rock skipping contest and cookout, a unique and fun gathering for locals and visitors alike. There will also be a lecture/slideshow by the trapeze twins, Julie and Miki Collins. A flight back to Fairbanks is scheduled for Monday on the “mail plane.”

Tip: Once the ice is gone, practice skipping a rock here and there. Limited to 9 participants.

Cost: 1235 ($1205 if paying by check) includes round trip Fairbanks to Minchumina by plane, transportation from airstrip to lodging, lecture, 4 nights lodging including all meals. Not included: guided hiking ($10/hr per group) and canoeing ($20/hr per group), parking fee at Fairbanks airport east ramp.

Deposit $100 ($50 non refundable), remainder due April 1.

---

**Kennicott and Iceberg Lake in the Chugach Mountains**

**August 5 – 11** Activity Level: Challenging

The adventure begins in Chitina, with a van ride to the historic town of McCarthy. Accommodations are at the Kennicott Lodge overlooking the glacier. Spend the first day on an educational tour of the old mining town of Kennicott and making preparations for a spectacular camping trip to Iceberg Lake, located in the heart of the Chugach Mountains. The next morning, board a bush plane with your guides for the incredible 35-minute flight to Iceberg Lake. Set up camp, settle in and start taking in the stunning area. Be mesmerized by the blooming wildflowers and learn about geology and glaciology from your guide. After your last day’s hike at Iceberg Lake, the group will return to Kennicott Lodge for the night. On the last day, the group will be flown back to Chitina, skipping the gravel road this time around. Limited to 12 participants.

Cost: $2255 ($2200 if paying by check) includes all transportation from and back to Chitina, lodging 3 nights at Kennicott Lodge (double occupancy), food and activities starting and ending in Chitina, all group gear including cooking equipment and tents. Single room additional $300. Not included: transportation Fairbanks to/from Chitina, sleeping bag and pad, alcohol and gratuities.

Deposit $550 (non-refundable) due March 25, remainder due May 24.

---

**NEW! Experience “Do it Yourself McFarland’s Floatel” and Raffia Basket Class**

**August 25 – 30** Activity Level: Moderate

Located on Prince of Wales Island in Southeast Alaska, 40 floatplane miles from Ketchikan, McFarland’s Floatel is accessible remote. There is never a dull moment at the Floatel, which is a two story, 1600 square foot hotel on a log raft moored 200 feet off shore. Jeannie McFarland will teach a coiling method of basketry using pine needles and raffia. Jim Baichtal, the Tongass National Forest Geologist, will give a lecture about the climate and land/sea/ice interactions of SE AK. A car is available for rent for a day trip to the village of Kasaan, or for a walking tour at Thorne Bay (donation requested). Meals are not provided, but each cabin has a kitchen and there will be a grocery stop on the way to the Floatel. Jim or Jeannie McFarland will contact participants personally to pass on more information and answer your questions. Limited to 2 groups of 4 participants each.

Cost: $770 ($750 if paying by check) includes transportation from Ketchikan by ferry to Floatel, 5 nights lodging (4 people per 2-bedroom cabin), 8 hour basket class, lecture, transportation by floatplane from Floatel to Ketchikan. Not included: Transportation from Fairbanks to/from Ketchikan, meals.

$100 deposit ($50 non-refundable), remainder due May 17.

---

**Denali National Park by Rail**

**September 3 – 5** Activity Level: Easy

Catch the last fall colors in Denali National Park before the snow flies. Board the Alaska Railroad in Fairbanks and enjoy a leisurely ride to Denali National Park. Princess Lodge will provide transportation from the depot to your hotel accommodations. The next day board the green shuttle
SIGs provide learning or recreational opportunities outside of the scheduled OLLI classes. They are organized and led by OLLI members. As the SIG schedules become available, they will be posted on the OLLI website Special Interest Groups page: www.uaf.edu/olli/special-interest-groups.

**How to Join a SIG**
To be on the phone or email list for a SIG, contact the OLLI office at 464-6607 or UAF-OLLI@alaska.edu

**How to Start a SIG**
Contact the OLLI office and we'll help in notifying members.

---

**Lifelong Learning Book Club**
*Meets 7 times a year on Tuesdays, 1:30 – 3:00 pm*

Noel Wien Library Conference Room
Discussion Leader: Georgine Olson
- **February 19, 2013** — *Cutting for Stone* by Abraham Verghase (fiction; 2009)
- **March 19, 2013** — *Island Beneath the Sea* by Isabelle Allende (fiction; 2010)
- **April 16, 2013** — *Hotel on the Corner of Bitter and Sweet* by Jamie Ford (fiction; 2009)
- **May 21, 2013** — Selection of titles for September 2013 – April 2014

---

**Skeezers (Cross-Country Skiing)**
Meet Mondays at 11:00 am (when snow and weather are suitable) at the Ballaine Lake parking lot. Here is a chance to get out your cross-country skis and join some folks who are thinking that they’re not as fast as they used to be! All levels are welcome. You can go as fast or as slow as you wish. If interested, contact Carol DeVoe at dcdevoe@gmail.com or 455-4577.

---

**Rock Hounds**
Meet the second Friday of each month with a potluck at 6:30 pm in room #154 of the University Park building. They plan to have a field trip once a month during the summer. For more information contact Maria Polly at akmpolly@hotmail.com.

---

**Let’s Travel**
This group was formed to exchange ideas and tour information or just contact one another when we need a travel companion. This informal group primarily exchanges email to share travel discounts, travel tours and other travel information. Leader is Marcia Boyette.

---

**Tennis Anyone**
This group will be active again starting in May. For the latest information, see the OLLI website.

---

**Gift of Years Discussion Group**
This new group will meet weekly to explore what it CAN mean to be in our 70s, 80s and even 90s, using Chittister’s book *Gift of Years*. The chapters are short, the questioning deep. Call Barb Rondine at 456-2462.

Register online at www.uaf.edu/olli/ or mail in form on p. 23.
Membership and Fees

Annual Membership
For just $35, individuals 50 and over can become OLLI members for one full calendar year. Membership includes lecture series, newsletters, lunch social, ice cream social and eligibility to register for courses and excursions.

Course Fees
• $15 per course or
• $80 for unlimited courses for Half-Year (Jan. – June) or (July – Dec.)
• $150 for unlimited courses for Year (Jan. – Dec.).

Scholarships
Reduced membership fees are available for those who are unable to pay the regular fees. Call 474-6607.

Day Passes
Non-members may enjoy a day of classes or activities for $10. Call ahead to register and to check on space availability.

Parking Options
OLLI Parking Permit
$10 for January 1 – June 30, valid only at UPark. You must pick up your decal at the OLLI office. Bring your car license plate number.

Hour/Day Permits
$.50/hour or $3.00/day, valid at all UAF decal lots. Purchase at the parking kiosk in the UPark lot.

Student Decals
$37/semester, valid at all UAF decal lots, for UAF students registered for 8 credits or less. (OLLI classes do not count.)

Annual Membership
For just $35, individuals 50 and over can become OLLI members for one full calendar year. Membership includes lecture series, newsletters, lunch social, ice cream social and eligibility to register for courses and excursions.

Parking at University Park
• Requires a UAF decal or a purchased permit from 8 am to 5 pm on weekdays.
• With decal or permit, you may park anywhere around the University Park building.

Registering for Classes

Register by mail, online, in person
Send the form to
Osher Lifelong Learning Institute
University of Alaska Fairbanks
PO Box 758100
Fairbanks, AK 99775-8100

Submit a registration form online at
www.uaf.edu/olli/

Visit the OLLI office in Room #159
University Park Building
1000 University Ave.
Fairbanks, AK

Random Draw Deadline: February 11
You will have equal priority for classes if you enroll by this date. Class members will be selected randomly from all registrations received by 5 pm Feb. 11. Starting on February 12, open spaces in classes will be filled immediately as registrations are received. (The intent of this procedure is to not penalize members who have slow mail or who cannot register online.)

Registration Open House
Wednesday, February 6,
11:00 am – 3:00 pm
University Park Building
An opportunity to learn more about OLLI and to register for classes.

Confirmation and Invoice
Your confirmation and invoice will be emailed to you. You may request a mailed paper confirmation: simply check that box on the registration form.

Payment
Checks, credit cards, and cash are accepted.

Make checks payable to
OLLI or Osher Lifelong Learning Institute

Submit credit card information by phone, fax, mail, or in person. (Do not use email.)
