Fault-tolerant sniping
Gixen Mirror is an optional add-on to Gixen. It is the first and only sniping service to offer fault-tolerant sniping service for only \$6 a year. Two different servers located at different locations in the United States send your snipes at the same time. Gixen users are in no way obligated to buy this service, and the main, one-server service is always absolutely free, but you may want to become a mirror subscriber if you:

- Snipe on high-value items.
- Snipe on rare items not easily replaceable.
