

Gender-Inclusive Housing (GIH) furthers the university's non-discrimination policy and provides housing options for students who may identify as transgender, are more comfortable living with another sex or gender, or do not wish to prescribe to gender classifications. The Department of Residence Life defines Gender inclusive Housing as an inclusive, voluntary environment where students can live in the same room with any other student regardless of sex, biological gender, gender identity, gender expression, and sexual orientation.

THIS IS A SUPPLEMENTAL FORM ONLY

To live in housing, a housing and dining agreement must be completed before a space is assigned. Please make sure to log on-to UAOnline and complete the application. Once you complete the application you will be able to participate in the online room selection process. We are requesting all applicants to the GIH community to select a housing option. Once we review applications for GIH we will then assign residents to their new placement within the on line system.
