February 1, 2011; Library collections are adequate. If we need anything, let them know.

20. IMPACTS ON PROGRAMS/DEPTS
What programs/departments will be affected by this proposed action? Include information on the Programs/Departments contacted (e.g., email, memo)

Not aware of any programs/departments that will be affected by this proposed action.

21. POSITIVE AND NEGATIVE IMPACTS
Please specify positive and negative impacts on other courses, programs and departments resulting from the proposed action.

There are no known negative or positive impacts on other courses, programs and departments.

JUSTIFICATION FOR ACTION REQUESTED
The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

Development and facilitation of this course will meet the requested need of work force development within the State of Alaska as well as nationally. This class meets direct request for need from employers within the State of Alaska, such as Head Start, Early Learning Programs, and Parents as Teachers. More information and training is needed within the areas of social development and child mental health.

The course has been developed to meet writing intensive requirements at the BA level. It has been requested that each concentration within the BA program contain one writing intensive course. This course, ECE 304 will satisfy the writing intensive requirements for the newly proposed Infant and Toddler Concentration.

Course Description:
Principles and practices in understanding and supporting attachment and social development in infants and toddlers aged birth – 3 years of age. Links the importance of relationships in conjunction with reciprocal communication streams and social interactions. Strategies for working with families to support a continuum for each specific child’s development.  
ECE 304W is a requirement for the Child Development and Family Studies B.A program, within the Family Support Concentration.

Written Intensive:
This course is designated as Writing-Intensive (W). This designation means that the "W" is evident in the course number on the syllabus. The designation applies to upper-division courses and means that a majority of the graded work in the course will be derived from writing activities. Here are the general guidelines for the writing expected in this course:

- All written work, beyond the diagnostic essay, will be completed using APA formatting.
- Students will complete an un-graded writing sample on or near the first day of class to help the teacher assess writing ability and general competence. If students are knowledgeable of APA formatting, please complete the diagnostic essay using correct formatting.
The instructor will regularly evaluate students' writing and inform students of their progress. In ECE 304, this will be done through 5 reading reflections assigned to course readings in addition to a final written research paper that will have 2 progressive drafts turned in and assessed.

A final written research paper will be completed for ECE 304. Students will receive comments from the teacher and/or peers on each of the 2 drafts of written work, prior to completing the final document. In other words, students will work through a draft-and-redraft process so that they can apply feedback and become more effective writers.

At least one personal conference will take place that is devoted to the student's writing per term, this conference will take place following the 2nd draft prior to completion of the final paper and can be completed either face-to-face or through audio conference.

Student Learning Outcomes:
1. Upon completion of this course, students will:
   a. Define importance of relationship-based programs.
   b. Articulate the need to respect each baby as a valued individual.
   c. Classify infant cues and respond based on interpretation
   d. Investigate use of behaviors that foster respectful, responsive, and reciprocal care for infants, toddlers.
   e. Construct an understanding of stages of social development.
   f. Critique how relationships affect development and learning of infants and toddlers.
   g. Summarize ways to develop professional communication and support.
   h. Understand and appropriately use the elements of composition
   i. Writing of relevant topic research papers using APA formatting

NAEYC Standards addressed in this course:
Standard 1: Promoting child development and learning
Key elements
   • 1a: Knowing and understanding young children's characteristics and needs
   • 1b: Knowing and understanding the multiple influences on development and learning
   • 1c: Using developmental knowledge to create healthy, respectful, supportive, and challenging learning environments.

Standard 3: Observing, documenting, and assessing to support young children and Families
Key elements
   • 3b: Knowing about and using observation, documentation, and other appropriate assessment tools and approaches
   • 3c: Understanding and practicing responsible assessment

Standard 4: Teaching and learning
Key elements:
   • 4a: Knowing, understanding, and using positive relationships and supportive interactions
   • 4b: Knowing, understanding, and using effective approaches, strategies, and tools for early education

Instructional Methods:
The method of instruction will be a combination of reading assignments, Blackboard, audio conferencing. Audio lectures will be recorded and blackboard discussion forums continually monitored. Students will demonstrate their understandings of course content and proficiency of skill through assignments and discussion. All assignments will be communicated through the assignments section of the course Bb site. Other communication will take place through email.

Guidelines for written assignments:
Upper Division writing and critical analysis skills are required for this course. Writing support is available though the Writing Center, 8th floor Gruening, and the CTC Writing Skills Lab. Specifically for writing students, the
Writing Center also provides a FAX tutoring service for students enrolled in the College of Rural and Community Development distance courses. Students can FAX their papers to them at (1-800-478-5246), the writing center will review your paper, and provide a telephone tutorial with a tutor at a designated time. They offer fax tutorials Monday through Thursday evenings and Sunday afternoons. Please assure that written assignments submitted reflect your understanding of course material and demonstrate good writing skills.

Written assignments and projects are to be formatted using APA and typed. Font size should be 10 – 12, depending on the type of font. Spacing between lines should be 2.0. Black ink on white paper is strongly preferred. Color graphics are acceptable, but not necessary.

Students outside the Fairbanks area should locate computer facilities in their local area. If you are having trouble locating suitable computer access, contact your regional campus or instructor.

All assignments to be turned in should have a header or cover page with your name, the class and the assignment description. Please use headers and page numbers on multiple page assignments.

Assignments will be posted or attached within the “Assignments/Content” section of Bb.

Reflection write-ups and final paper will be posted within the “Discussion Board” section of Bb.

Students will be expected to respond to postings of fellow students, carrying on a complete conversational dialog during specifically designed postings within Bb.

The assignments take several forms. The following information will provide a guide for you to determine how much detail to provide in each type of answer:

**Diagnostic composition** will be required on the first day. Points will not be taken away for mistakes, but will provide the basis for writing ability. Your composition should be at least 5 paragraphs in length and be properly structured, with correct grammar and spelling. The topic of this composition will be “Specific Interests in Literacy Development.” Please write your composition and attach it within the Initial Diagnostic Composition area within the Assignment/Content section of the class Black board site.

**Reading Reflections** will be 5 reading reflection papers due for a minimum of 5 articles you will be reading. Within the Assignment section of Blackboard, you will see 5 article assignments. There are two article options within each section. Please choose 1 option within each assignment and complete. Complete your reading response using APA formatting. These written responses will be used as guidance for improvement of the APA formatting required for the final research paper. The reading response papers should be a minimum of 2 pages. Reading reflection papers should address which article you have read, how any emotional responses that developed, questions and thoughts that may have come up, as well as any points you may have learned from the reading. What did you like? Have you made any personal observations regarding the material that you agree with or disagree with? If so, discuss clearly. Was there anything that you found troublesome? Did you detect any errors in the material? Did it affirm your present beliefs?

Reflection papers will be turned in to the instructor through the Assignments/Content section of Bb well as cut and pasted into the text box of the discussion board on Bb. Discussion Board forums will be the place for sharing your reflections and for commenting back to fellow students.

**Black Board Discussion Forums:** Students will post their reading reflections onto designated Discussion Forums on the Class Black Board site. Student will respond to each other in full comment regarding each other’s thoughts, questions and ideas.

**Final Research Paper:**
A scholarly paper demonstrating your knowledge on a key aspect of this course, topic to be determined by Friday (DATE to be determined). An editor (writing center) should review a first draft by (DATE to be determined).

Information regarding the writing center for local or rural students will be posted on the ECE 304W Black Board site. Drafts are due to the instructor for review by Sunday (Dates to be determined) and one evening prior to the scheduled personal conference that will be devoted to the student’s writing. Final completed paper is due Sunday (Date to be determined), and posted on the Bb site by (DATE to be determined) as well.
The final research paper will be worth 100 points total broken down in the following chart:

| Meeting 20 | **In class today:**  
|           | - Complete sharing of research — informal presentations of research topics.  
|           | - Closing of class 😊  

**Incomplete “I” grades:** will only be given if the student has successfully completed a majority of the class and has some *extenuating circumstance* that makes it *impossible* for them to complete the course this semester. An Incomplete grade will not be given to students who have simply fallen behind on assignments or who wish to improve their grade.

If you receive an incomplete grade you MUST attach the assignment sheet to every late assignment you turn in. This will assist the instructor in grading it quickly and correctly.

**Withdrawal & drops:** Students are expected to withdraw from the class if they cannot complete the course. The instructor will not automatically withdraw students who do not attend or fall behind. Students who do not successfully complete the class and do not withdraw will receive an “F.” The instructor appreciates hearing from students who drop or withdraw, it is sometimes possible to problem-solve so this action does not need to take place, or; your feedback
can sometimes make the course better for others if the challenges are directly related to the class, instructor or materials.

**Attendance and Participation:**
In general, it is expected that students will attend and participate in group meetings, field placement, read and reflect on text and other written materials, and complete all assignments.

**Quality Issues:** Reading reflections and the final research paper are to be typed (computers and word processor okay) unless otherwise stated in class. When working on Blackboard comments, please write your responses in your work processor and cut and paste into the Blackboard forum. This will allow students to read the discussions easily and comment. It is important to remember that students may have word processing programs that are different from each other that do not necessarily allow all attachments to be opened.

**Student Support Services:**
I encourage you to work with the Writing Center (8th floor, Gruening, 474-5314) and the Math Lab (305 Chapman), both of which provide excellent advice, tutoring and assistance; and/or Office of Student Support Services (508 Gruening, 474-6844). Many students also find CTC support services very accessible and helpful, contact student services on the first floor of the CTC building, 6th & Barnette or call them at 455-2851 or 2849.

**Disabilities Services:**
The Office of Disability Services implements the Americans with Disabilities Act (ADA), and insures that UAF students have equal access to the campus and course materials. (203 WHIT, 474-7043) I will work with the Office of Disabilities Services to provide reasonable accommodation to students with disabilities. Representatives from the office also regularly meet students in the CTCC building.
Check with the CTCC student services for more information, 455-2851 or 2849.
