### 6. CURRENT CATALOG DESCRIPTION AS IT APPEARS IN THE CATALOG: including dept., number, title and credits

**ECE F360 Assessment in Early Childhood (3)**
Offered Spring Even-numbered Years
Examination of policies and practices related to evaluation and assessment of young children's progress. Includes legal, ethical and professional responsibilities in assessment. Exploration of “what, when, why and how” to assess young children. Includes practice and analysis of various assessment styles and tools as well as how to use information gained through assessment. Prerequisites: ECE F130; ECE F230; ECE F240; ECE F245; junior standing. Recommended: ECE F210. (2.5+1)

### 7. COMPLETE CATALOG DESCRIPTION AS IT WILL APPEAR WITH THESE CHANGES: (Underline new wording strike through old wording and use complete catalog format including dept., number, title, credits and cross-listed and stacked.) PLEASE SUBMIT NEW COURSE SYLLABUS. For stacked courses the syllabus must clearly indicate differences in required work and evaluation for students at different levels.

### 10. ESTIMATED IMPACT

**WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.**

The changes for this course should have no additional impact on facilities, budget, or space

### 11. LIBRARY COLLECTIONS

Have you contacted the library collection development officer (kljensen@alaska.edu, 474-6695) with regard to the adequacy of library/media collections, equipment, and services available for the proposed course? If so, give date of contact and resolution. If not, explain why not.

### 12. IMPACTS ON PROGRAMS/DEPTS:

What programs/departments will be affected by this proposed action?
Include information on the Programs/Departments contacted (e.g., email, memo)

No program or department impact

### 13. POSITIVE AND NEGATIVE IMPACTS

Please specify positive and negative impacts on other courses, programs and departments resulting from the proposed action.

No positive or negative impacts aside from the CDFS program being able to facilitate the course in a better way.
**JUSTIFICATION FOR ACTION REQUESTED**

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you ask for a change in # of credits, explain why; are you increasing the amount of material covered in the class? If you drop a prerequisite, is it because the material is covered elsewhere? If course is changing to stacked (400/600), explain higher level of effort and performance required on part of students earning graduate credit. Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the course is not compromised as a result.

The CDFS program has been looking carefully at the courses provided and is currently involved in a major program change that will promote better opportunity for student success. The change will provide opportunity for students to successfully learn and apply the material in alternate ways.

With the program changes taking place, the CDFS program faculty and staff have carefully looked at the courses currently provided within the program. During previous offerings, ECE 360, students have had a hard time completing the lab experiences with clear understanding of the concepts and high quality. Through discussion the CDFS staff and Faculty believe that this course should be used as a foundational class on the theories and concepts of relevant assessment techniques best used for young children. This class is a requirement for the Curriculum and Teaching concentration. The later curriculum courses that focus on literacy, math and science as well as fine arts all have field experiences where students will have opportunity to demonstrate their hands on understanding and skills with assessment. All curriculum development assignments will have a complete continuum from development through appropriate assessment techniques. The requirements for pre-requisites and recommendations have been changed to fit the new program structure of classes for the ECE AAS and CDFS BA programs. ECE 210 Child Development and Guidance, has a content focus on behavior; therefore, having it as a requirement for a curriculum development and assessment course did not really fit. Adding the requirement for ECE 310 Constructivist Curriculum is an appropriate course of action as ECE 310 constructs the foundational theory piece for the concentration. ECE 360 is a course that school teachers completing recency credits to renew a professional certificate, removing the ECE 210 requirement also allows school teachers to take the course without needing special instructor permission, streamlining registration.

With the changes to the CDFS, ECE 360 will be offered each Spring Semester to give students an option to complete more degree requirements through the academic year.

ECE 360 may be taught within a 10-week or traditional 15-week semester schedule. The attached syllabus demonstrates a 10-week schedule. There is also interest for developing this course as a CDE web delivered course. There is the possibility that this style of offering may begin in the 2013-14 catalog year.

Text:
Required

McAfee, O. & Leong, D.J. (2002). Assessing and guiding young children’s development and

Occasional articles and other handouts that will be distributed in class.

Course Description:
Examination of policies and practices related to evaluation and assessment of young children’s progress. Includes legal, ethical and professional responsibilities in assessment. Exploration of “what, when, why and how” to assess young children. Includes practice and analysis of various assessment styles and tools as well as how to use information gained through assessment. ECE 360 is required for the Child Development and Family Studies BA program within the Curriculum and Teaching concentration.

Course Goal:
Students will develop understanding of all types of assessment and screening methods used with young children and apply skill of authentic assessment in regards to child goals and curriculum development.

Course Information and Instruction methodology:
Over the course of 10 weeks, ECE 360 will meet 20 times, for 2 hours each meeting. This class will be taught through the use of class lectures and discussion, blackboard discussion, and a final project. Written feedback on papers, blackboard discussions and final project will be used in teaching and assessing students work in this course.

**Student Learning Objectives:**
At the end of this course students will be able to:

- Synthesize and articulate authentic and standardized assessments.
- Analyze legal, ethical and professional responsibilities.
- Articulate authentic assessment measures.
- Demonstrate methods of collecting information.
- Describe and distinguish appropriate standardized assessments.
- Classify recording procedures.
- Interpret and understand the meaning of assessment findings.
- Organize appropriate assessment methods with curriculum.
- Strategize options for sharing assessment findings with families.

**NAEYC Standards addressed in this course:**

- **Standard 1a.** Knowing and understanding young children’s characteristics and needs.
- **Standard 1b.** Knowing and understanding the multiple influences on early development and learning.
- **Standard 3a.** Understanding the goals, benefits and uses of assessment – Including its use in development of appropriate goals, curriculum and teaching strategies for young children.
- **Standard 3b.** Knowing about assessment partnerships with families and with professional colleagues to build effective learning environments.
- **Standard 3c:** Knowing about and using observation, documentation, and other appropriate assessment tools and approaches, including the use of technology in documentation, assessment and data collection.
- **Standard 3d.** Understanding and practicing responsible assessment to promote positive outcomes for each child, including the use of assistive technology for children with disabilities.
- **Standard 4a.** Understanding positive relationships and supportive interactions as the foundation of their work with young children.
- **Standard 4b.** Knowing and understanding effective strategies and tools for early education, including appropriate uses of technology.
- **Standard 4d:** Reflecting on own practice to promote positive outcomes for each child.
- **Standard 5b:** Knowing about and upholding ethical standards and other professional guidelines

**Instructional Methods:**
The method of instruction will be a combination of reading assignments, Blackboard, audio conferencing and small group activity. Audio lectures will be recorded and blackboard discussion forums continually monitored. Students will demonstrate their understandings of course content and proficiency of skill through assignments and discussion. All assignments will be communicated through the assignments section of the course Bb site. Other communication will take place through email. The majority of this course work will take place through the final project.

**Requirements and Assignments:**
Upper Division writing and critical analysis skills are required for this course.
Written assignments and projects are to be formatted using APA and typed. Font size should be **10 – 12**, depending on the type of font. Spacing between lines should be **2.0**. Black ink on white paper is strongly preferred. Color graphics are acceptable, but not necessary.

- **Small group activity**: The class will be divided into small groups that are intended to emulate groups of teachers in a program working together on curriculum development for facilitation. There will be specific assignments for each group to work on in regards to assessment and supporting curriculum development.

- **Homework**: will take place through reading assignments and written responses.

- **Final project**: Each student will develop a plan for relevant assessment of a specific child. The assessment plan will be supported through curriculum activity that will allow the child to demonstrate his knowledge acquisition and skill within all learning areas. The student will turn in to the instructor a plan for assessment with reason of why these particular assessment strategies will be appropriate for this specific child, complete correlating activity plans (a minimum of 3 for each area of development), plan for parent inclusion, and a final reflection that ties together reasoning for all pieces including how the individualized plan for this child fits into the perspective of the group classroom environment as a whole. This will be development of a plan only; it will not be facilitated with an actual child.

**Course Evaluation:**
A letter grade will be issued for participants. (Note that you must receive a C or higher for this course to count towards your Child Development Family Study BA Degree. Grading is based on:

Your resource for transcripts, accounts and other personal information

Disabilities Services:
The Child Development and Family Studies program will work with the Office of Disability Services to provide reasonable accommodation to students with disabilities. Disability Services provide a variety of services to assure equal access for all students. Interpreting services, educational assistants, note taking, and exam accommodations for students are the most frequently provided accommodations.

The Office of Disability Services implements the American with Disabilities Act (ADA), and insures that the UAF students have equal access to the campus and course materials. (203 WHIT, 474-7043) I will work with the Office of Disabilities Services to provide reasonable accommodation to students with disabilities.

Disability services also provides assistance to the university’s rural campuses. Bristol Bay, Chuckchi, Interior-Aleutians, Kuskokwim, and Northwest. Questions should be directed to the Director of Disability Services at (907) 474-5655 or online at http://www.uaf.edu/disability/

Representatives from the office also regularly meet students in the CTCC building. Check with the CTCC student services for more information, 455-2851 or 2849.

Computer, Internet and Software

Problem: you cannot get your email
Make sure your Internet connection is working; to test it, you can try to go to a new web page and see if it loads.

- If you are having problems with a UAF account, you will need to contact the UAF help desk 1.800.478.4667. If it is another company’s account, you will need to contact their customer support. There is very little we can do to assist you as we have no control or access to the computers that serve the email.
- Check with your email program’s Help.

Problem: you forgot your password
- Only the organization that issued your password can do anything to change it. You will need to contact them. For UAF email and Blackboard it is the UAF help desk 1.800.478.4667. For most
web services there is a link you can click if you forgot your password. I also recommend writing
them down somewhere for back up.

Problem: you are having problems with Blackboard
  • You will need to contact the Blackboard administrator, at: http://classes.uaf.edu/ Office of
    Information Technology Help Desk 474.6564 or 1.800.478.4667
