No positive or negative impacts aside from the CDFS program being able to facilitate the course in a better way.
JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you ask for a change in # of credits, explain why; are you increasing the amount of material covered in the class? If you drop a prerequisite, is it because the material is covered elsewhere? If course is changing to stacked (400/600), explain higher level of effort and performance required on part of students earning graduate credit. Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the course is not compromised as a result.

The CDFS program has been looking carefully at the courses provided and is currently involved in a major program change that will promote better opportunity for student success. The change will provide opportunity for students to successfully learn and apply the material in alternate ways.

With the program changes taking place, the CDFS program faculty and staff have carefully looked at the courses currently provided within the program. ECE 430 was originally developed without a practicum piece. The CDFS staff and faculty have made the changes for all curriculum supporting courses, that are not foundational will have field experience requirements. Through student responses, it is realized that students understand the course content of curriculum development courses better if they have a hands on opportunity for development of hypothesis, experimentation, practice and reflection. This activity not only helps them construct knowledge of their skills and understanding, but also develops understanding of why this same process is valuable for young children as well.

ECE 430 will now have 20 hours of field experience within a preschool aged environment. All Curriculum and Teaching concentration curriculum courses will contain field experiences that will build as a continuum towards the concentration capstones ECE 472 and ECE 473.

With ECE 430 has been a requirement for the CDFS Curriculum and Teaching concentration and will continue to be. Because of program growth, ECE 430 frequency of offering is being restated to that of spring rather than spring of odd numbered years so that the class can be offered annually.

ECE 430 is classified as an ‘h’ course; to open the course to students of other disciplines, ECE 430 has changed some requirements into recommendations. Like others of the CDFS courses (upper division ECE ) ECE 430 is also popular with school teachers completing recency credits to renew a professional certificate. With this in mind, requirements for ECE 310 and ECE 360 have been stated as recommendations with this proposal, allowing ease of registration for others that may be interested in the course from outside of the CDFS program.

ECE 430 may be taught within a 10-week or traditional 15-week semester schedule. The attached syllabus demonstrates a 10-week schedule.

An assortment of additional articles will be included.

Course Description:  
Focused on promoting the arts in children’s lives. Explores the role of teacher in helping children become aware of the beauty around them and to appreciate the variety and skill of many different kinds of art including theatre, two-and three dimensional art, crafts, vocal and instrumental music and dance. Strategies for assessing artistic development and working with families are incorporated.  
ECE 430 is required for the Child Development and Family Studies BA program within the Curriculum and Teaching concentration.

Course Goal:  
*Students will develop an appreciation of the importance of all the arts in children’s lives and a variety of ways to practice skills.*

Student Learning Objectives:  
At the end of this course students will be able to:  
- Articulate how the arts contribute to the quality of children’s lives as well as our own lives.  
- Explain how children develop artistry.
• Analyze the teacher’s and families roles in promoting the arts.
• Critique assessment issues regarding the arts and children’s participation.
• Analyze methods for integrating the arts into classroom curriculum.
• Apply assessment and sharing of information skills in regards to children and their performance.

**NAEYC Standards addressed in this course:**

- Standard 1a. Knowing and understanding young children’s characteristics and needs in regards to the arts.
- Standard 1b. Knowing and understanding the multiple influences on development and learning in regards to the arts.
- Standard 1c. Using developmental knowledge to create healthy, respectful, supportive, and challenging learning environments.
- Standard 2b. Supporting and empowering families and communities through respectful, reciprocal relationships
- Standard 2c. Involving families and communities in their children’s development and learning.
- Standard 3a. Understanding the goals, benefits and uses of assessment in regards to the arts.
- Standard 3b. Knowing about and using observation, documentation, and other appropriate assessment tools and approaches.
- Standard 3d. Knowing about assessment partnerships with families and other professionals.
- Standard 4a. Connecting with children and families in regards to the arts.
- Standard 4b. Using developmentally effective approaches
- Standard 4c. Understanding content knowledge in early education in regards to the arts.
- Standard 4d. Building meaningful curriculum in the areas of the arts.
- Standard 5c. Engaging in continuous, collaborative learning to inform practice.
- Standard 5d. Integrating knowledgeable, reflective, and critical perspectives on early education.

**Instructional Methods:**
The method of instruction will be a combination of reading assignments, Blackboard, audio conferencing. Audio lectures will be recorded and blackboard discussion forums continually monitored. Students will demonstrate their understandings of course content and proficiency of skill through assignments and discussion. All assignments will be communicated through the assignments section of the course Bb site. Other communication will take place through email.

**Requirements and Assignments:**
Upper Division writing and critical analysis skills are required for this course. Written assignments and projects are to be formatted using APA and typed. Font size should be 10 – 12, depending on the type of font. Spacing between lines should be 2.0. Black ink on white paper is strongly preferred. Color graphics are acceptable, but not necessary.

- **Homework Essays:** Looking for more depth than a short answer and will generally requires a few paragraphs. Most essay questions can be answered in about half to 1 page each. Some students may wish to write more, but essays should generally not be more than 2 pages per question. Essay papers will be sent into instructor via email attachment of digital drop box within blackboard.

- **Reaction Papers:** will be written in response to an assigned journal article and are expected to be 1 to 2 pages in length. Reaction papers should address your intellectual and emotional response to the material. What did you learn? What did you like? Was
there anything that you found troublesome? Did you detect any errors in the material? What questions were left unanswered? Did the material validate or affirm your present beliefs on the subject matter?

- **Field Experience and Reports**: Should clearly share the information asked for in each specific Practica/Field Experience. Reports are to be posted on Blackboard. Peers will review labs, ask questions make suggestions. As reports will be the only regular formal posting on Blackboard, peer students will each pick reports of 4 fellow students to review. We will create our review process together in class and follow through with decisions made.

- **Final Portfolio Project**: 
  - An artistic project will be required that incorporates 3 areas of assessment.
  - The first will be a **portfolio** inclusive of assessment in different areas of aesthetic arts, created for 1 specific child that involves the assessment and direction within the area of the arts.
  - The second will be a **documentation board** that incorporates the activity of the 4th and last lab. This documentation board will be put up within the classroom. Parent feedback of the lab activity as well as the documentation board will be included in the final write-up.
  - The **child’s portfolio** as well as the **Documentation board** information will be incorporated into a **personal portfolio** reflecting your personal growth within the area of the arts. This will be the third portion of the final project.

- **Project Portfolio**: We will be using Blackboard to share the parts of your portfolios. This will be a new area of Blackboard for us all to learn and become familiar with. There will be specific instructions for posting of this documentation given within our Blackboard class site. Though these new areas of technology can be challenging and even a bit scary, I am sure we will all appreciate viewing each other’s finished products through our distance abilities.

- **Final Project will be due by (DATE)**. If they are not posted electronically, they will need to be sent to me either in sections through email or a hard copy through the mail.

**Course Evaluation**: 
A letter grade will be issued for participants. (Note that you must receive a C or higher for this course to count towards your Child Development Family Study BA Degree. Grading is based on:

**Grading Policy**:
- Homework Essays (5 at 10points each) 50 pts 17%
- Reaction papers (5 at 10 points each) 50 pts 17%
- Field Experience and Reports (5 at 20 points each) 100 pts 33%
- Final Portfolio 100pts 33%
  - Documentation board (40 pts)
  - Child Portfolio (40 pts)

**Essay 2:** Write a reflection of your reasons for choosing this particular child. Consider your reasoning thoughtfully. This will be a piece included in your final portfolio. **Assignment is due (DATE).**
Begin collecting assessment data on this child as you do your labs and other aesthetic activities in class. (Obj. d, f, h, j and NAEYC Std. 1a. 2c. 3a, 3b, 3d, 4a)

**Field Experience, Activity 1:** (4 hours including set-up, facilitation, and complete write-up)
For first hands on experience with children, you are assigned to try out the activity “*Splatter-paint outlines*” as described on page 12 of our text.
On a day different than the original activity, use an extension and try the same outlined activity with sponges dipped in paint rather than the spray bottles.
Post the paintings on the walls for parents to view. Did you observe or hear any reactions from them? Did the children point out their work to family members? Did discussion between the family members and children develop?
Be sure to discuss the results with the children. What did you learn from your observations? What did you learn through discussion with the children?
If any questions were raised from family members, how could you improve on the manner in which the paintings were posted so that clearer information on the activity was provided? (Obj. d, f, h, i, j and NAEYC std. 1c, 2b, 3a, 3d, 4a, 4b, 4c, 4d)
Write up your lab and share it on Bb.
**This activity should be completed and posted on BB by Feb. 10th.**

How were they introduced to the children? How did the children use them over time? Because dramatic play typically set up and used over time, please pick observations of children as they participate with the materials over several days. Use your favorite observations. Or  
B. Create an opportunity for children to express themselves through music. Dancing, rhythmic movement and action songs provide ways for children to participate in expressive action. Think up an activity of your own that will incorporate expressive action or try this one:  
Go to Sleep Kids.  
Have the children place themselves around your large group space. Have the children lay down at the “command” “go to sleep kids. When they all lay down, have them follow the commands to wake up as something else such as wake up dogs. The children then “Wake up” as dogs let them play for a minute or so and then command “go to sleep dogs.” Have the children lie down again and wake up as something else.  
Groups of children usually like this activity very much as they get used to the expectations. When you children have played this a few times, try using different types of music and have the children wake up as “falling leaves, branches swaying, wind, etc.”  
Share other ways you encourage children to express themselves through the use of music in addition to this lab activity. **This should be completed and posted on BB by (DATE).**  
Begin completing the three sections of portfolio.  
Remember, Final project assessments begin on (DATE). |

**Practica activity 5:** (4 hours including planning time with classroom staff, preparation, set-up, facilitation, and creation of documentation board and complete write-up inclusive of parent feedback). (10 points)

Prepare and facilitate an activity within the arts for parents to join. A good time to prepare this for may be the end of an afternoon so the children can invite their parents to join them in the activities as they prepare to go home. With appropriate advance planning and notice, there will be opportunity for a great parent involvement.

This will be the lab that the ending documentation board shares information about. Take photographs, possibly record conversations between parents and children and ask to keep pieces of work, child and adult. Write-up a complete synopsis of the event and the plans for documentation.

*This should be completed and posted on Bb by (DATE).*

**Student Support Services:**
The University has many student support programs. If you need assistance please contact any of the following service programs or departments.

**UAOnline**
http://uaonline.alaska.edu/
Your resource for transcripts, accounts and other personal information

**Disabilities Services:**
The Child Development and Family Studies program will work with the Office of Disability Services to provide reasonable accommodation to students with disabilities. Disability Services provide a variety of services to assure equal access for all students. Interpreting services,
educational assistants, note taking, and exam accommodations for students are the most frequently provided accommodations.

The Office of Disability Services implements the American with Disabilities Act (ADA), and insures that the UAF students have equal access to the campus and course materials. (203 WHIT, 474-7043) I will work with the Office of Disabilities Services to provide reasonable accommodation to students with disabilities.

Disability services also provides assistance to the university’s rural campuses. Bristol Bay, Chuckchi, Interior-Aleutians, Kuskokwim, and Northwest. Questions should be directed to the Director of Disability Services at (907) 474-5655 or online at [http://www.uaf.edu/disability/](http://www.uaf.edu/disability/)

Representatives from the office also regularly meet students in the CTCC building. Check with the CTCC student services for more information, 455-2851 or 2849.

Library Services for off campus students
[http://library.uaf.edu/offcampus](http://library.uaf.edu/offcampus)
Off-Campus Library Services is a unit set up to serve rural UAF students and faculty who do not have access to appropriate information resources in their town or village. We work in support of The College of Rural & Community Development and The Center for Distance Education and Independent Learning.

We can supply your information needs for the courses you are taking. For example, if a research paper is required in the teleconference or correspondence course that you are taking, you can contact us, explain your information need, and we will send library materials to you so that you can write your paper.

**Computer, Internet and Software**

**Problem: you cannot get your email** Make sure your Internet connection is working; to test it, you can try to go to a new web page and see if it loads.

- If you are having problems with a UAF account, you will need to contact the UAF help desk 1.800.478.4667. If it is another company’s account, you will need to contact their customer support. There is very little we can do to assist you as we have no control or access to the computers that serve the email.
- Check with your email program’s Help.

**Problem: you forgot your password**

- Only the organization that issued your password can do anything to change it. You will need to contact them. For UAF email and Blackboard it is the UAF help desk 1.800.478.4667. For most web services there is a link you can click if you forgot your password. I also recommend writing them down somewhere for back up.

**Problem: you are having problems with Blackboard**

- You will need to contact the Blackboard administrator, at: [http://classes.uaf.edu/](http://classes.uaf.edu/) Office of Information Technology Help Desk 474.6564 or 1.800.478.4667
