D. ESTIMATED IMPACT

WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.

There are no impacts on budget, facilities/space. Additional credits for these courses can be accommodated within workload assignments for full-time faculty teaching these courses.

E. IMPACTS ON PROGRAMS/DEPTS:

What programs/departments will be affected by this proposed action? Include information on the Programs/Departments contacted (e.g., email, memo)

These changes impact the Bachelor of Arts in Music degree program within the Department of Music, and have been reviewed and approved by the Department. 474-7555

F. IF MAJOR CHANGE - ASSESSMENT OF THE PROGRAM:

Description of the student learning outcomes assessment process.

Student learning outcomes are not affected by these changes. The courses are already in the curriculum and will continue to be taught as they are currently.
JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize program/degree change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a course, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the program is not compromised as a result.

These courses were previously designated as two-credit courses although they have always met three hours per week in a lecture format. The proposed changes would 1) correct this incongruity, 2) award students the credits they earn in the course, and 3) allow the University to receive tuition fees in line with the services actually being delivered to students.

Format 2 forms required for proposed change in course credits for MUS 131 and MUS 132 were previously reviewed and approved by the CLA Curriculum Council (12/5/2011 meeting).
