Stacked course applications are reviewed by the (Undergraduate) Curricular Review Committee and by the Graduate Academic and Advising Committee. Creating two different syllabi—undergraduate and graduate versions—will help emphasize the different qualities of what are supposed to be two different courses. The committees will determine: 1) whether the two versions are sufficiently different (i.e. is there undergraduate and graduate level content being offered); 2) are undergraduates being overtaxed?; 3) are graduate students being undertaxed? In this context, the committees are looking out for the interests of the students taking the course. Typically, if either committee has qualms, they both do. 12. POSITIVE AND NEGATIVE IMPACTS
Please specify positive and negative impacts on other courses, programs and departments resulting from the proposed action.

| Positive impact: COUN 686 Internship II is a skills based class. Students are evaluated on their counseling practice. Pass/fail grading matches the evaluation method. |

| Negative impact: none |

13. JUSTIFICATION FOR ACTION REQUESTED
The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you ask for a change in # of credits, explain why; are you increasing the amount of material covered in the class? If you drop a prerequisite, is it because the material is covered elsewhere? If course is changing to stacked (400/600), explain higher level of effort and performance required on part of students earning graduate credit. Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the course is not compromised as a result.

Internships are skills based courses requiring student to apply their knowledge of the academic material to their practice as a counselor-in-training. Their skills and professional identities as emerging counselor follows an individualized and developmental trajectory for each of the students as they move through multiple semesters of practicum and internship training. Therefore, students are assessed on their personal and professional growth in terms of applying their knowledge, skills, and abilities in the context of a helping relationship with a client or student. As a result, grading for internship courses is subjective and based on a student’s unique developmental trajectory causing letter grades to be an inappropriate assessment for this type of skills based class. The following criteria will be used to evaluate student performance:

- This course is graded in a Pass/Fail format. Satisfactory completion of the course is determined by:
  - Having demonstrated and met the course objectives/requirements as outlined throughout this syllabus.
  - Internship on-site and university supervisors’ evaluation of your understanding, integration, and application of course materials, assignments, and learning opportunities. Your strengths and growing edges will be assessed through observation, and clinical supervision and through forms of assessment located in your Practicum/Internship Manual.
  - Developing self-awareness in your work through journal writing and course assignments that inform client care and supervision.
  - Professionalism including on-time arrival to counseling session with clients, practicum seminar, and individual supervision sessions. Counselors-in-training are expected to be punctual, reliable and professional in order to pass this course.
  - On-time, thoughtful, and thorough completion of all client paperwork and course assignments.
  - Active participation in Internship class, group supervision, and individual supervision.

Required Readings:
**Recommended Texts:**

**Recommended Web Sites:**
Alaska Department of Health and Social Services; Office of Children’s Services: Report Child Abuse in Alaska Training: [http://dhss.alaska.gov/ocs/Pages/childrensjustice/reporting/welcome.aspx](http://dhss.alaska.gov/ocs/Pages/childrensjustice/reporting/welcome.aspx)

**Instructional Methods/Delivery Format:**
Student membership consists of both local and audio/video participants. Blackboard will be utilized to post shared documents, external links, discussion board posts, and assignment information. Class session is a combination of didactic and experiential activities. Half the class time will be spent in discussion of the course readings and how they apply to the internship placement settings/populations – this is sometimes led by the instructor and sometimes by the students. The other half of the class consists of discussion and feedback regarding internship site activities.

**Video Conferencing:** It is highly recommended all distance-based students utilize video conferencing. Video conferencing has a system called Pexip that is a very easy video option. There is no set-up time and nothing to download, so any student can connect to class in this format any time you cannot be there in person. Students log in to the website on their browser and get connected to class. If you get dropped from class for any reason, you can easily get back on the browser and re-login (no need to call videoconferencing as was the past practice). When you are ready to join the conference (our class session), go to: [https://vcs-web.h323.alaska.edu/webapp](https://vcs-web.h323.alaska.edu/webapp)
The conference ID is:
The pin is:
If you have any questions or concerns, please do not hesitate to contact video conferencing: from Fairbanks call **450-8390**, outside Fairbanks call **1-800-910-9601** or email video@alaska.edu.
**Course Requirements:**
1. Graduate seminars require a high level of personal involvement, accountability, and integrity (See Course Policies). Thus, regular attendance, preparation, and participation in class discussions is expected as part of your professional development.
2. Students are expected to come to class fully prepared to participate in class discussions by having completed the required readings or activities before coming to class.
3. Students are expected to adhere to both the American Counseling Association and the American School Counselor Association codes of ethical behavior and standards of practice, as well as the Alaska School Counselor Association School Counselor Performance Standards.
4. Students are expected to keep any personal information or views shared in class confidential; communicate in a timely manner any questions, concerns, conflicts, or needs to the appropriate supervisory personnel; and demonstrate teamwork, mutual respect, leadership, and an openness to professional feedback.
5. Students are expected to complete all written course assignments and presentations on time; likewise, all evaluation materials are to be completed and turned in to the course instructor on the final class session.

**Course Assignments:**
All assignments need to be turned in via the Assignments link on blackboard.
Students are required to:
1. By the first day of Internship II commencing students must complete and turn in the following paperwork: (a) UAF Internship Agreement Form; (b) UAF Counseling Program Informed Consent Document; (c) Supervisor Information Sheet; and (d) Proof of Liability Insurance – this is a requirement for community students
2. Complete a semester long internship that is 300 hours in length. Internship II requires a minimum of 220 direct contact hours and may include up to 80 indirect hours. Students must remain active in their Internship placements for the entire semester regardless of whether or not they complete their hours prior to that time frame. A commitment has been made to your agency or school, as well as to the clients and/or students, and the other employees. You must honor that commitment for the entire semester.
3. Complete and turn in a weekly log of their on-site activities, along with case notes for all on-going individual and group counseling sessions (see Internship Manual for examples). These logs are meant to keep your instructor informed regarding your activities, but also to assist you in evaluating your internship experience to further your professional development. The logs serve their purpose best if they are completed in a timely fashion – if logs are not turned in for a week, it is assumed the student did not complete internship hours and therefore they will not be counted towards the final log of hours.
4. Coordinate three (3) site visits with the on-site supervisor(s) and UAF supervisor(s) per semester (see Internship Manual for specific requirements, timelines, and forms). The mid-term visit should also encompass an observation of the intern taking the lead with students/clients in an activity appropriate to their placement (i.e., elementary interns facilitating a classroom guidance lesson; community interns facilitating an individual or
group counseling session). Scheduling site visits is the student’s responsibility; failure to schedule visits in a timely manner will result in the student not passing the course.

5. Write a reaction to a “think about it” question posted weekly to blackboard. Reflections on will be due no later than two days prior to class session. The assigned posts will need to be at least two-three paragraphs in length and posted on blackboard. Critical reflection and thought on material and in class discussions is required. Each person is required to respond to one other posts with a thoughtful critical thinking response of at least one paragraph, prior to class session (see rubric below).

</tbody>
</table>

6. Lead class discussion at least once per semester based on the assigned readings. The presentation should not mirror what is read in the text, but rather should take the content further to enhance the learning of all. Keep the discussion interesting, practical and relevant.

7. Complete a theorist integration paper. Students are to select the work of one theorist and write a paper that integrates a discussion of his or her theoretical orientation and assessment of self in relationship to the theoretical orientation they see themselves using in their intended area (i.e., elementary, secondary, community). The paper will document experiences, growth, and professional development during the internship, but is also to focus on a future orientation whereby the counselor discusses not only where they see themselves now, but also where they see themselves going as a professional counselor.

8. Complete at least one intensive week at their internship site placement (30-40 hour work week). This week needs to be approved by your site and university supervisor.

9. Complete an in-depth case study regarding a client/student at the student’s internship site. Students should use the appropriate case conceptualization format in the Internship Manual. The case conceptualization is due mid-semester. Students then need to implement their intervention/treatment plan with their student/client and write an evaluation paper regarding the effectiveness of the interventions, alterations that were made, and a rationale for any changes. The evaluation paper is due at the end of the semester. Students will present their case study and evaluation to the class for discussion purposes.

10. Keep track of internship hours (both direct and indirect). Logs of hours will be collected prior to the last class session. The final log should have the cumulative grand total hours for the semester. Please refer to the log of hours sheet and example in the Internship Manual.

11. Ensure supervisors complete and discuss the final internship paperwork including the Internship Checklist, Professional Characteristics Feedback Form (PCFF), and Site Supervisor Evaluation Form. These forms should be completed and discussed with your
supervisor by the final internship site visit – then turned in with the final log prior to the last class session.

**Grading Policy:**
This course is graded in a Pass/Fail format. Satisfactory completion of the course is determined by:

- Having demonstrated and met the course objectives/requirements as outlined throughout this syllabus.
- Internship on-site and university supervisors’ evaluation of your understanding, integration, and application of course materials, assignments, and learning opportunities. Your strengths and growing edges will be assessed through observation, and clinical supervision and through forms of assessment located in your Practicum/Internship Manual.
- Developing self-awareness in your work through journal writing and course assignments that inform client care and supervision.
- Professionalism including on-time arrival to counseling session with clients, practicum seminar, and individual supervision sessions. Counselors-in-training are expected to be punctual, reliable and professional in order to pass this course.
- On-time, thoughtful, and thorough completion of all client paperwork and course assignments.
- Active participation in Internship class, group supervision, and individual supervision

**Note:** In many academic disciplines students are evaluated solely on their academic performance. However, students in the Counseling Program are evaluated on both their academic performance as well as their professional characteristics. Although a student may be in good academic standing, they must receive satisfactory evaluations from faculty members regarding their professional characteristics in order to continue on in the program. The faculty will evaluate the student’s professional characteristics in relation to their ability to become a viable member of the counseling community. Students will meet with the faculty following each evaluation and the results of the evaluation will be discussed. *Insubordinate and argumentative behavior in response to feedback in one or more environments may be a basis for dismissal from the Counseling Program.*

**Course Policies**
Students are required to obtain a university-issued username for use of email and Blackboard. If the university server is not your primary email address, you are expected to set it up so that all emails are forwarded from the university server account. Additionally, students are required to access Blackboard regularly for announcements, documents, and other postings.

**Incomplete Grades:** An incomplete grade (I) will be assigned only if two conditions have been met. First, the student must have completed the majority of course work, written assignments, presentation, and examinations, and earned a grade of "C" or better. Normally, a grade of "I" will be given only when there has been participation until at least the last three weeks of the semester. Second, documented evidence must be submitted to substantiate the fact that course completion was prevented because of personal problems, such as a medical or family emergency. Failing to complete the course, whether due to negligence or indifference, will result in a grade of "F" unless there has been an official course withdrawal. If an "I" is assigned, completion of all course work is
the responsibility of the student. All course work must be completed within one year following the semester that the "I" was given.

**Disability Services:** Students with a physical or learning disability, who may need academic accommodations, should contact the Disability Services office. UAF Disability Services is located within the Center for Health and Counseling in the Whitaker Building on the corner of Yukon Drive and North Chandalar (Room 208). The accessible entrance is located on North Chandalar Drive. UAF Disability Services can be contacted by telephone (907-474-5655) or e-mail (uaf-disabilityservices@alaska.edu). Once documentation of your disability is received, Disability Services will contact the instructor regarding the necessary accommodations.

**Support Services:** Writing support services are available on the UAF Campus in the Writing Center, located in 801 Gruening, UAF, 907-474-5314, and on the UAA Campus at the Reading/Writing Center, located in 118 Sally Monserud Hall, UAA, 907-786-6918. Note: to access this Center at UAA, students must register in the English Department (907-786-4355) at a rate of $12 per semester. Students who are not on the UAA or UAF campus should contact the Center for Distance Education for details regarding support services that are available via distance.

**Plagiarism.** Plagiarism is representing someone else's ideas and work as your own. Plagiarism includes not only copying verbatim, but also rephrasing the ideas of another without properly acknowledging the source. As you prepare and submit work to meet course requirements, whether a draft or a final version of a paper or project, take great care to distinguish your own ideas and language from information derived from sources. Sources include published primary and secondary materials, electronic media, and information and opinions gained directly from other people.

The University of Alaska Board of Regents has clearly stated in BOR Policy that discrimination, harassment and violence will not be tolerated on any campus of the University of Alaska. If you believe you are experiencing discrimination or any form of harassment including sexual harassment/misconduct/assault, you are encouraged to report that behavior. If you report to a faculty member or any university employee, they must notify the UAF Title IX Coordinator about the basic facts of the incident. Your choices for reporting include: 1) You may access confidential counseling by contacting the UAF Health & Counseling Center at 907-474-7043; 2) You may access support and file a Title IX report by contacting the UAF Title IX Coordinator at 907-474-6600; 3) You may file a criminal complaint by contacting the University Police Department at 907-474-7721.
