Correction needed: Effective AY2017-18.
9. CONTACT HOURS PER WEEK:  1 LECTURE  1 LAB  1 PRACTICUM  
<table>
<thead>
<tr>
<th>hours/week</th>
<th>hours/week</th>
<th>hours/week</th>
</tr>
</thead>
</table>

Note: # of credits are based on contact hours. 800 minutes of lecture=1 credit. 2400 minutes of lab in a science course=1 credit. 1600 minutes in non-science lab=1 credit. 2400-4800 minutes of practicum=1 credit. 2400-9000 minutes of internship=1 credit. This must match with the syllabus. See http://www.usf.edu/ugpov/faculty-senate/curriculum/course-degree-procedures/guidelines-for-computing/ for more information on number of credits.

OTHER HOURS (specify type) 

10. COMPLETE CATALOG DESCRIPTION including dept., number, title, credits, credit distribution, cross-listings and/or stacking (50 words or less if possible):

Example of a complete description:
FISH F487 W, O  Fisheries Management  
3 Credits  Offered Spring  
Theory and practice of fisheries management, with an emphasis on strategies utilized for the management of freshwater and marine fisheries. Prerequisites: COMM F131X or COMM F141X; ENGL F111X; ENGL F211X or ENGL F213X; ENGL F414; FISH F425; or permission of instructor. Cross-listed with NRM F487. (3+0)

DVM 742  Department of Veterinary Medicine  
3 Credit  Offered Spring  
Biology of Disease III - Pathology of Organ Systems II  
The course will discuss basic principles of disease with special emphasis on organ disease likely to be encountered in veterinary practice. We will discuss these topics organized by underlying disease mechanisms. The discussions will move from general cell mediated processes to more specific disease mechanisms. The goals for this course are to provide professional veterinary students with disease mechanisms in organs and to enable them to apply this knowledge in subsequent courses of anatomic pathology and clinical skills and ultimately become competent practitioners of the veterinary profession.

Pre-requisites: Good standing in Professional Veterinary Program

11. COURSE CLASSIFICATIONS: Undergraduate courses only. Consult with CLA Curriculum Council to apply S or H classification appropriately; otherwise leave fields blank.  
H = Humanities  S = Social Sciences

Will this course be used to fulfill a requirement for the baccalaureate core? If YES, attach form.  
YES:  NO: x

IF YES, check which core requirements it could be used to fulfill:  
0 = Oral Intensive,  W = Writing Intensive,  X = Baccalaureate Core

11.A Is course content related to northern, arctic or circumpolar studies? If yes, a "snowflake" symbol will be added in the printed Catalog, and flagged in Banner.  
YES  NO: x

12. COURSE REPEATABILITY:  
Is this course repeatable for credit?  
YES:  NO: x

Justification: Indicate why the course can be repeated (for example, the course follows a different theme each time).

How many times may the course be repeated for credit?  
T I M E S

If the course can be repeated for credit, what is the maximum number of credit hours that may be earned for this course?  
CR E D I T S

If the course can be repeated with variable credit, what is the maximum number of credit hours that may be earned for this course?  
CR E D I T S

13. GRADING SYSTEM: Specify only one. Note: Changing the grading system for a course later on constitutes a Major Course Change – Format 2 form.  
LETTER: x  PASS/FAIL: 

RESTRICTIONS ON ENROLLMENT (if any)

14. PREREQUISITES
Professional Veterinary Medical program student or permission of instructor

These will be required before the student is allowed to enroll in the course.

15. SPECIAL RESTRICTIONS, CONDITIONS
Professional Veterinary Medical program student or permission of instructor

16. PROPOSED COURSE FEES
TBD

Has a memo been submitted through your dean to the Provost for fee approval? Yes/No

17. PREVIOUS HISTORY
Has the course been offered as special topics or trial course previously? Yes/No

If yes, give semester, year, course #, etc.: 

18. ESTIMATED IMPACT
WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.

Professional Program approved by BOR, Chancellor and Provost – Impact to budget in second year will ease with second cohort of students

19. LIBRARY COLLECTIONS
Have you contacted the library collection development officer (kjensen6@alaska.edu, 474-6693) with regard to the adequacy of library/media collections, equipment, and services available for the proposed course? If so, give date of contact and resolution. If not, explain why not.

No [x] Yes [ ] Department will keep complete library of required course materials in AHRB office

20. IMPACTS ON PROGRAMS/DEPARTMENTS
What programs/departments will be affected by this proposed action? Include information on the Programs/Departments contacted (e.g., email, memo)

Impact on Animal Resource Center facility for necropsy and specialized needs. ARC contacted and approved (jeblake@alaska.edu)

21. POSITIVE AND NEGATIVE IMPACTS
Please specify positive and negative impacts on other courses, programs and departments resulting from the proposed action.

There should be no impact on other departments.

JUSTIFICATION FOR ACTION REQUESTED
The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

The course is required for second year veterinary students and the syllabus is provided by CSU CVMBS. The course has been approved by their accreditation requirements and will be offered at UAF as part of the 2+2 program (first two years at UAF and last two years at CSU).
APPROVALS: Add additional signature lines as needed.

Signature, Chair, Program/Department of: Veterinary Medicine 
Date 7/7/14

Signature, Chair, College/School Curriculum Council for: CNSM
Date 10/10/16

Signature, Dean, College/School of: CNSM
Date 10/11/16

Offerings above the level of approved programs must be approved in advance by the Provost.

Signature of Provost (if above level of approved programs)

ALL SIGNATURES MUST BE OBTAINED PRIOR TO SUBMISSION TO THE GOVERNANCE OFFICE

Signature, Chair 
Faculty Senate Review Committee: ______Curriculum Review ______GAAC
_________ Core Review ______SADAC

ADDITIONAL SIGNATURES: (As needed for cross-listing and/or stacking)

Signature, Chair, Program/Department of:
Date

Signature, Chair, College/School Curriculum Council for:
Date

Signature, Dean, College/School of:
Date

ATTACH COMPLETE SYLLABUS (as part of this application). This list is online at:
http://www.uaf.edu/uafgov/faculty-senate/curriculum/course-degree-procedures/uaf-syllabus-requirements/
The Faculty Senate curriculum committees will review the syllabus to ensure that each of the items listed below are included. If items are missing or unclear, the proposed course (or changes to it) may be denied.

SYLLABUS CHECKLIST FOR ALL UAF COURSES
During the first week of class, instructors will distribute a course syllabus. Although modifications may be made throughout the semester, this document will contain the following information (as applicable to the discipline):

1. Course information:
   □ title, □ number, □ credits, □ prerequisites, □ location, □ meeting time
   (make sure that contact hours are in line with credits).

2. Instructor (and if applicable, Teaching Assistant) information:
3. Course readings/materials:
   - Course textbook title, author, edition/publisher.
   - Supplementary readings (indicate whether required or recommended) and any supplies required.

4. Course description:
   - Content of the course and how it fits into the broader curriculum;
   - Expected proficiencies required to undertake the course, if applicable.
   - Inclusion of catalog description is strongly recommended, and
   - Description in syllabus must be consistent with catalog course description.

5. Course Goals (general), and (see #6)

6. Student Learning Outcomes (more specific)

7. Instructional methods:
   - Describe the teaching techniques (e.g., lecture, case study, small group discussion, private instruction, studio instruction, values clarification, games, journal writing, use of Blackboard, audio/video conferencing, etc.).

8. Course calendar:
   - A schedule of class topics and assignments must be included. Be specific so that it is clear that the instructor has thought this through and will not be making it up on the fly (e.g., it is not adequate to say "lab". Instead, give each lab a title that describes its content). You may call the outline Tentative or Work in Progress to allow for modifications during the semester.

9. Course policies:
   - Specify course rules, including your policies on attendance, tardiness, class participation, make-up exams, and plagiarism/academic integrity.

10. Evaluation:
    - Specify how students will be evaluated, what factors will be included, their relative value, and how they will be tabulated into grades (on a curve, absolute scores, etc.)
    - Publicize UAF regulations with regard to the grades of "C" and below as applicable to this course. (Not required in the syllabus, but is a convenient way to publicize this.) Link to PDF summary of grading policy for "C": http://www.uaf.edu/files/uafgov/Info-to-Publicize-C_Grading-Policy-UPDATED-May-2013.pdf

11. Support Services:
    - Describe the student support services such as tutoring (local and/or regional) appropriate for the course.

12. Disabilities Services: Note that the phone and location have been updated. http://www.uaf.edu/disability/ The Office of Disability Services implements the Americans with Disabilities Act (ADA), and ensures that UAF students have equal access to the campus and course materials.
    - State that you will work with the Office of Disabilities Services (208 WHITAKER BLDG, 474-5655) to provide reasonable accommodation to students with disabilities.

5/21/2013
1. Course Information:
Title: Biology of Disease III
Number: DVM 742
Credit: 3
Prerequisites: Satisfactory Completion of year 1 of Professional Veterinary Program
Location: TBD
Meeting time: TBD

2. Instructor Contact Information:
Name: Dr. Molly Murphy
Office Location: 182 Arctic Health Research Building
Office Hours: Weds. 2-3pm (tentative), other hours may be arranged upon request.
Office Phone: 474-1990
Email: mdmurphy@alaska.edu

3. Course Reading/Materials:
Pathologic Basis of Veterinary Disease; McGavin & Zachary,
5th Ed., 2011
Handouts/Outlines

4. Course Description:
The course will discuss basic principles of disease with special emphasis on organ disease likely to be encountered in veterinary practice. We will discuss these topics organized by underlying disease mechanism. The discussions will move from general cell mediated processes to more specific disease mechanisms.

5. Course Goals:
The goals for this course are to provide professional veterinary students with disease mechanisms in organs and to enable them to apply this knowledge in subsequent courses of anatomic pathology and clinical skills and ultimately become competent practitioners of the veterinary profession.

6. Student Learning Outcomes:
At the end of this course students will be able to:
- Recognize and diagnose diseases in organs.
  a. Hemolymphatic
  b. Neuronal injury
  c. Fiber damage and repair
  d. Nervous system
  e. Bone
  f. Wildlife Disease
  g. Endocrine
Lectures
The lectures will emphasize selected aspects of organ disease that are applicable to the practice of veterinary medicine. Lectures are intended to provide illustration, clarification, and updating of information.

7. Course Calendar:
For details, refer to the section "Tentative Lecture Schedule" in the end of this syllabus.

8. Course Policies:
   • Attendance:
     Students are expected to attend all classes.
   • Classroom Behavior:
     Any type of behavior in the classroom that is disruptive, distracting, or disrespectful to the instructor or to your fellow students will not be tolerated and will result in dismissal from the classroom. This includes, but is not limited to, disrespectful comments, the use of tobacco products, consumption of food, use of cell phones or wireless devices, or use of any type of communicative device. All cell phones or other such devices must be turned off while in the classroom. Do not browse the Internet, text message or IM while in the classroom.
   • Plagiarism:
     Plagiarism is the overt or covert use of other people's work or ideas without acknowledgement of the source. This includes using ideas or data from a classmate or colleague without permission and acknowledgement, including sentences from journal articles in your writing without citing the author, or copying parts of a website into your essay. Plagiarism and cheating are serious offenses that violate the student code of conduct which may result in an "F" in the course and/or referral to the university disciplinary committee.

9. Evaluation:
Passing the course requires 70% or higher of the total points in the combined tests in DVM 742, attendance at laboratory sessions, and completion of assigned Blackboard histology modules.

   A/A+ 93 - 100%
   A- 90 - 92.9%
   B+ 87 - 89.9%
   B 83 - 86.9%
   B- 80 - 82.9%
   C+ 77 - 79.9%
   C 70 - 76.9%
   D 65 - 65.9%
   F <65%

Requests for excused absences must first be discussed with the instructor for the section to be missed. It is the responsibility of the student to provide an excused absence form to the instructor for signature. In the event of emergencies resulting in absence, it is the student's responsibility to contact the Department office and register the cause as soon as possible.

10. Support Services:
If you require more assistance than can be provided in class, and office hours, you may want to contact Student Support Services (http://www.uaf.edu/sssp/) or the Department of Veterinary Medicine for assistance.
11. Disability Services:
All students, including those with disabilities, are welcome in this course, and we are committed
to providing equal access to this course for all students. If you have a disability (including
learning disabilities) please inform us during the first week of class so that we can
accommodate your specific needs. If you have not already done so, you will also need to
contact UAF's Office of Disabilities Services at 474-5655 or uaf-disabilityservices@alaska.edu.
Everyone should have the opportunity to participate fully in the course and to complete
assignments and exams to the best of their ability. If accommodations are needed to enable
you to do so, we will gladly work with you to provide them.

Tentative Lecture/Lab Schedule

Week 1 (1/16-1/20)  Hemolymphatic diseases
                      Hemolymphatic diseases
                      LAB Spontaneous diseases

Week 2 (1/23-1/27)  Hemolymphatic diseases
                      Hemolymphatic diseases
                      LAB Spontaneous diseases

Week 3 (1/30-2/3)   Hemolymphatic diseases
                      Hemolymphatic case studies
                      LAB Hemolymphatic disease

Week 4 (2/6-2/10)   CNS organization and health
                      Neuronal injury
                      LAB spontaneous disease

Week 5 (2/13-2/17)  Nerve fiber damage and repair
                      Nervous system case studies
                      LAB spontaneous disease

Week 6 (2/20-2/24)  Response of glia to injury
                      CNS congenital disease
                      LAB CNS

Week 7 (2/27-3/3)   CNS inflammation and infection
                      CNS neoplasia
                      LAB CNS

Week 8 (3/6-3/10)   Bone
                      Bone
                      LAB Spontaneous disease

Week 9 (3/13-3/17)  Spring Break!

Week 10 (3/20-3/24) Bone
                      Bone
                      LAB Spontaneous disease

Week 11 (3/27-3/31) Bone
                      Bone case studies
