Staff Council Meeting #170/Attachment #1
UAF Staff Council #170 – Wednesday, 19 April 2006

Rural Affairs Committee Minutes - April 6, 2006

Present: Tamara, Maya, David, Crystal, Sheena, Katrina, Holly, Debbie, Ashley, and Barb
Excused: Colleen, Denise, and Pam

1. Chair Oleson called the meeting to order at 10:05 a.m. and welcomed newest members Ashley Munro and Debbie Carter. Barb reported that Tamara will need to leave meeting early and Katrina will be joining us a little late.
2. Motion to Approve Agenda – MOTION was made by David to approve the agenda. Motion seconded by Tamara. Motion carried with no abstentions.

3. Unfinished Business: Committee Goals
   A. Go-to-List/Reference List Update – Barb reported that she was to have met with Dorene, Chris, and Pam on Tuesday, but since she was out sick she will need to reschedule this meeting.
   B. Improving Training Opportunities Update – Barb reported she met with Maya Salganek, Susan Miller, and Pam Twitchell on March 24 after the regular Staff Council face-to-face meeting. It was a good meeting. Susan Miller is working on developing a poster that will go out to all the rural campuses that identifies what services that UAF HR can offer rural staff at a distance. Susan is tied up with other things until April 14th, but will start on the poster directly after that date.
   C. Additional Ideas for Improving Communication – Barb mentioned that this issue will be further discussed under “Other” when we give Debbie Carter a chance to introduce herself and tell us about her new job at Statewide. It was mentioned that CRCD is lucky to have the CRCD listserv, whereas on the UAF campus information is coming at them from several different directions. Tamara stated she utilizes “Instant Messaging” with Kuskokwim Campus. Barb will check to see what rural sites are using “Instant Messaging.”

4. Margaret “Peggy” Wood Staff Recognition Award Update – Katrina reported that she got some additional information from Scott Culbertson (past Chair of Rural Affairs Committee) on award. Award information has been sent out on CRCD listserv twice. Katrina also sent Pete and Bernice information so that issue can be brought up with CRCD Directors.

5. Staff Council Alternates for Pam & Barb – Barb reported that she has not had time to find an alternate and wondered if anyone remembered an idea that was presented at a previous meeting for finding alternates. No one remembered, so Barb will continue work to find at least one alternate that both Pam and Barb could share.

6. Furniture for Rural Campuses Update – David reported that there is not much surplus furniture. Cost of shipping and reassembling furniture needs to be considered. Right now, discussion is favoring coming up with a rural campus furniture replacement plan. Nothing has been finalized yet. Discussion moved to whether or not the rural campuses were on a schedule/calendar for maintenance review. Facilities Services does not have funding to support rural maintenance. There are lots of issues, as well as politics involved. This issue has been brought forward to UAF administration.

7. Other – Debbie Carter was present and gave a brief description on her new job duties and past work experience. Debbie is half time internal communication specialist with Statewide (does newsletter for Statewide employees), and half time external for HR staff. She is redoing the Statewide benefits website and her goal is to have it done by July 1. She also advises HR on their communications. Debbie wasn’t sure how she could help us. Barb stated that just having Debbie a member of our group would allow her to hear our issues and concerns and that maybe she could voice them to the circles she moves in. Discussion followed on how communication flows through the UA system. Maya stated there are many types of information. Some information is advisory. Concern was voiced for the bombardment of e-mails. No one filters through any information going out. Information is being done by region, location, but not by type. No one knows the chain of command for information going out. The duplication of information may be slowing us down as an institution (example seven e-mails on propane leak on West Ridge versus UAS using old HR forms and not knowing it). It was mentioned that 90% of the time that information in the Cornerstone is information that is out late. Discussion followed on MyUA Portal and what impact it will
have on information flow. The portal is going live the middle of this month, but everyone thinks Statewide will go live first, versus UAF. It was thought that the issue was “what we communicate” and “how.” Debbie reported that UA Statewide is in the interviewing process for hiring a training director, whose duties would be to improve overall training of staff. Maya mentioned a company that sends out a weekly e-mail/newsletter that is done in sections for staff to keep everyone updated, instead of sending each bit of information as a separate e-mail. This might be an efficiency that could work for the UA system. Debbie mentioned that staff is lean at UA Statewide, but she looked forward to participating in the Rural Affairs Committee.

8. Roundtable - Maya encouraged everyone to contact their State Representatives and Senators to support the UA budget.

9. Announcements – Our next meeting is scheduled for May 4, 2006 at 10:00 a.m.

10. Adjournment - With no further business to be brought before the group the meeting was adjourned at 10:55 a.m.

Staff Council Meeting #170/Attachment #2
UAF Staff Council #170 – Wednesday, 19 April 2006

Staff Council Election, Membership and Rules Committee
Meeting Report April 3, 2006

Members present: Derek Bastille, Julie Smith, and Leah Swasey
Members absent (excused): Mary Pat Boger and Gary Newman

1) The meeting called to order by Leah Swasey at 12:07 pm.
2) The agenda was approved without object.
3) Old Business

a) On-line elections.
On-line elections are proceeding forward. The task was assigned to a programmer in January, and they have put together a test module. It was tested and Gary communicated some shortcomings of the module. Currently, I am not aware of the outcome of those discussions. We'll hear an update from Gary at the next meeting.

b) President-elect elections. We've done everything we need to do for the elections. We revised the by-laws which passed at the March SC meeting, passed the motion to begin the president-elect process, and Lynette sent out the letters to all staff announcing the president-elect elections. We don't have anything that we need to do at the April SC meeting, but nominations are open until the May SC meeting when we'll have the vote.

4) New Business

a) Web site
The EMR web site hasn't been updated in a long time. We decided we would like to make the website more appealing looking, as well as include some additional information (a picture of the group, our contact info, unit lists). Derek Bastille has volunteered to redesign the format. Once updated, one of the EMR members will be in charge of updates.
b) Unit constituent e-mail lists. We are beginning the task of putting together updated constituent e-mail lists for all SC reps. We are exploring the options to gather this information. We would like to give all reps an updated constituent list every year.

5) Meeting adjourned at 12:52

The Budget and Planning Committee is currently reviewing the requests that have been submitted for FY08 funding requests. A total of 91 requests were submitted by the various units at UAF. From here each committee member will select their top 15 priorities as they fit into the UAF strategic plan 2010 and the UA strategic plan 2009. Once these have been submitted this information will be compiled. We will then meet to see what UAF’s top priorities may be, as seen by the committee members. These will be discussed at our next meeting.
