The UAF Staff Council passed the following motion at its Meeting #178, Friday, 23 March 2007.

MOTION: (Passed Unanimously):

The UAF Staff Council moves to support the GCC Joint Committee on Student Success Motion.

Effective: Immediately

RATIONALE: The UAF Staff Council agrees with the Governance Coordinating Committee that Student Success is comprised of interested administrators and campus leaders from ASUAF, Faculty Senate, and Staff Council demonstrative of the importance of shared leadership and collaboration in the promotion and enhancement to support the enrichment of student success at UAF.
Motion as passed by the GCC Wednesday, 28 February 2007

MOTION (Passed Unanimously):

Joint Committee on Student Success, Whereas, collaborative, shared leadership among administrators, students, faculty, and staff is a key component to creating campus environments that foster student success, and;

Whereas, collaborative work groups can be powerful vehicles for launching and institutionalizing student-friendly policies and practices and for developing complementary programs such as first-year initiatives, fresh approaches to general education curricular offerings, service-learning, and student leadership development programs among others, and;

Whereas, such initiatives almost always result in richer learning opportunities for students when done collaboratively than when an individual unit develops them;

Therefore, be it resolved that, by March 1, 2007, the GCC will form a Joint Committee on Student Success comprised of interested administrators and campus leaders from ASUAF, Faculty Senate, and Staff Council that will demonstrate the importance of shared leadership and collaboration in the promotion and enhancement of student success at UAF.

RESOLUTION: (Passed by majority vote, one abstention, one nay)

RESOLUTION
ON
April 3rd Advisory Vote

WHEREAS, The Constitution of Alaska states that “all persons are equal and entitled to equal rights, opportunities, and protection under the law” (Article 1, Section 1); and

WHEREAS, discrimination against faculty and staff on the basis of marital status and other statuses is expressly prohibited by the University of Alaska Board of Regents Statement of Non-discrimination; and

Whereas, the UAF Staff Council affirms the importance of complying with university non-discrimination policies as well as upholding our State’s Constitution; and

5
Whereas, the voters of Alaska on April 3, 2007, will decide whether to place a proposed Constitutional Amendment on the ballot in 2008 that would “prohibit the state, or a municipality or other subdivision of the state, from providing employment benefits to same-sex partners of public employees and to same-sex partners of public employee retirees”; and

WHEREAS, the Constitutional Amendment, if passed would render the Constitution internally inconsistent, simultaneously asserting and denying equal rights, opportunities and protection under the law; and

WHEREAS, the Constitutional Amendment, if passed, would compel the university to deny financially interdependent partners (FIPs) health insurance benefits, tuition waivers, faculty housing, library cards, and other opportunities and benefits currently offered other similarly situated persons under university policy; and

WHEREAS, the aforementioned consequences would prohibit the university from complying with its own policies of non-discrimination as well as require the university to violate both the spirit and the letter of the Alaska Constitution as it was written; and

WHEREAS, the Staff Council affirms that providing insurance and other benefits to FIPs is a valuable way to recruit and retain excellent faculty and staff; now

THEREFORE BE IT RESOLVED, That the UAF Staff Council is opposed to the April 3rd Advisory Vote and to any proposed Constitutional Amendment that would abridge the rights of faculty and staff; and

BE IT FURTHER RESOLVED, that the UAF Staff Council commends the University of Alaska statewide administration for its ongoing support of financially interdependent partner (FIPs) benefits.
