2. PUBLIC COMMENT

Emily Gosnell with ASEA wants staff to know that they are out there and can answer your questions. ASEA for UA is now the soul union organizing university employees. If all goes right ASEA is hoping to have a vote in the early fall. There are still meetings and coffee breaks around campus. ASEA will have a booth at Staff Appreciation Day. On Thursday from 11:30 a.m.-1:30 p.m. there will be a legislative forum at the Akasofu building 501. State senators and local representatives will be available to answer questions about the last legislative session. ASEA is organizing exempt and non exempt employees. ALRA decides who the supervisors are. Gary asked if in the fall the card collecting will start again. ASEA doesn’t anticipate the need to collect cards again. ASEA is still collecting them now.

3. OFFICER REPORTS (attachment 207/1)

A. Martin Klein, President, Staff Council

Please note that both Labor Relations and ASEA will be at the resource fair tomorrow. The Executive leadership workshop April 30 is working with budget constraints for FY11-13, it needs to be watched carefully. There will be $5.6 million dollars cut in the next few years. On the plus side the university frowns on furloughs and mandatory leave without pay. Hiring freezes were also not popular. Expect to see a cut across the board or pullback differential. Two advisory committees came out of the workshop to help support changes.

The Governance Coordinating Committee passed a motion encouraging participation in the Executive Leadership committees. There are two committees Admin/Support and Academic/Research. Martin doesn’t believe the committees have been finalized. Susie Baird asked Martin what exactly are the across the board differentials. Martin explained that it is to be called more of a differential because across the board cuts are not applicable for all departments. Research and support services are not treated the same.

To recap the legislature passed seven appropriations. The money cannot be moved from appropriation to appropriation. The legislature pulled back 5% from each pot of money for the UA President to use as he sees fit. UAF is operating under the assumption that they are going to get 95% of the 5% back. Martin noted that terminating staff is still a viable option for budget adjustments. The changes are to come out of the individual departments.
B. Maria Russell, President-Elect, Staff Council

The board of regents met April 15-16 and passed the FY12 operation and capital budget guidelines. President Hamilton received emeritus status. On June 4-5 the board of regents will be discussing the increased tuition rates. The increase has been already approved in a two tier system. President Hamilton’s news release outlined the tuition changes. The students said they will continue to protest the increases. The administration does not think the tuition increases will help meet the deficit directly for FY12-13. The tuition increases is the directly result of the legislatures fund match with the university.

Staff Alliance and administration met and discussed the union status. There is a Q&A on the labor relations website. ALRA is looking at the cards and the petition. In prestaff, soft closure dates were discussed the dates will be January 5, 6, 7. It is not being publicized yet.

Nichole asked Maria to talk briefly about the non retention statistics from Beth Behner. The table that is going around shows total non-retained and laid off employees for 2009-2010 at the different MAU’s. The numbers are rather confusing and more information is needed in order to analyze them.

Martin noted that the parking increases are 90% for sure. It will translate into 4.9% parking pass increase for all student, staff and faculty for the 3 years. It will not affect students until spring. There was some discussion about increasing the transportation fee. But it doesn’t look like that will happen. There will be a change in parking ticket prices and changes to gold permits more specifically prices and how they are offered.

A. Distribute ballot, nominate and vote for Vice President

Katrina noted that there are two nominations for Vice President at this time, Walker Wheeler and Margo Griffith. Katrina asked at this time if anyone else would like to nominate someone of the Vice President position. No other nominations were suggested at this time. Gary moves to close
the nominations. Margo and Walker have been asked to address why they should be the next Vice President.

Margo has been at UAF for 9 years and she has worked in both research and academic units. Margo’s specialty is Human Resources with an emphasis in employee relations. She has also worked in travel, procurement and fiscal. Margo feels that there is a real transition in the HR world she feels she would be a real valuable asset to Council and staff changes.

Walker Wheeler has been at UAF since 1996. He is currently the IT manager at the Rasmuson library. Walker’s main expertise is IT, but he has some qualifications that would be useful to Council.

The votes were (1 abstain, 6 Walker, 15 Margo).

11. PASS THE GAVAL

A. Martin Klein, Closing Remarks

Martin’s remarks that he wishes to say thank you to all of Council. Thank you to Maria, the committee chairs, Brad and Katrina. Martin remarked that 3-4 meetings ago that there was a cell phone policy being circulated in address the IRS cell phone changes. The policy is still going around and in the near future be implemented.

As an outgoing president Martin noted that the Council will need to make some big decisions including unionizing which will be monumental. Please do not ignore the issue. The budget issues are going to be huge issues affecting staff in the next few years and we all need to make sure staff has a voice. Martin’s view on the most effective roles that Staff Council can have is, “If you have a spotlight in a dark room, the cockroaches in
the room scatter and to Martin that is what Council does for issues for staff. Council should spotlight issues within administration that they feel is unfair or unjust for staff.

B. Gavel PASS: From President Martin Klein to current President Maria Russell

C. Maria Russell, President, presidential address to the Council

Maria’s first order of business is to present a resolution to Martin Klein as the new UAF Staff Council Past President. Maria and Martin handed out certificates of appreciation to Chairs, Ashley Munro, Katrina Paul, Susan Baird, and Heather Leavengood. Other certificates of appreciation were given to Council members, Juella Sparks and Maria Russell. Maria is looking forward to working with Margo this next year. Next year will be a very busy year for all of us. There will be a lot of challenging issues in the upcoming years. Like Martin said, “We just need to keep shining a light on it.”
