MEMORANDUM

DATE: November 1, 2012

TO: Staff Alliance

FROM: Pat Gamble, President

RE: Staff Compensation

Fellow University of Alaska employees:

For the past few weeks our Budget Office has worked hard on the FY14 proposal that will go to the Board of Regents and the Legislature. A large and important component of the budget is the amount allocated for a staff employee wage increase. Staff Alliance had recommended a 3.5% increase, which is the proposal that was considered as the budget came together. In the end the staff recommended wage increase was determined to be 3.25%. That is about a $10M increment added to our budget, of which half is paid by UA and half by State GF appropriations, if the Legislature agrees with the recommended raise amount. The chancellors and I support this wage increase going to the Board of Regents.

I believe it is important to put this recommended wage increase in perspective, which we did, in order to more objectively determine if it is reasonable and if it is fair in this tight economic climate.

- The increase complies with BOR policy that requires annual cost of living adjustments: CPI in Alaska last calendar year was 3.2%; CPI in Alaska for the first half of this year averaged 2.0%.

- The Milliman survey of 50 Alaska employers revealed that their last wage increases averaged 3.0%. For example, here in Fairbanks Doyon, Limited, set their corporate wage increase for 2013 at 3.0%.
The UA Staff has adjusted well to the added operations tempo created by SDI. And the hard work will clearly have to continue throughout FY14. For all that you do so well, let me convey a sincere thank you. Your efforts will enable us to adapt UA to the evolving future of higher education and workforce development in Alaska. There is no formula for figuring enough pay that can really capture the kind of value you all have added to this effort and to the greater success of many, many students.

      Chancellors
      Michelle Rizk, UA Associate Vice President for Budget
      Donald Smith, UA Chief Human Resource Officer
Dr. Dani Shephard was voted IAC Chair 2012-2013.

IAC members met Dr. Gary Gray, the new UAF Athletic Director. Dr. Gray gave an overview of his background and what he’d like to see in the future of the IAC.

Discussion included the past history of the council, their mission and specific duties. It was agreed that the council should be stronger, restructure, develop a new purpose and meet once a month. Dani would send members a Google survey to plan the November 2012 and December 2012 meetings.

Gary’s discussion focused on an NCAA audit that is done every 4 years as well as a self study-independent evaluation that is due in 2014.

Discussion regarding the UAF IAC Disciplinary Action Policy and Procedures

7. Decision About Discipline

If the Judicial Services inquiry results in a finding that the student-athlete engaged in a misconduct, the Director of Athletics, in consultation with the Intercollegiate Athletics Council (IAC) Chair and the Student-Athlete Advisory Committee (SAAC) President, shall decide what disposition is necessary and sufficient to serve the purposes of this Procedure. Disposition may include but is not limited to the following outcomes, either individually or in combination:

i. Reprimand

ii. Denial of specified privileges (e.g., functions during tournament appearances)

iii. Imposition of reasonable terms and conditions on continued status as a team member

iv. Restitution

v. Counseling, and/or participation in a program of training (e.g., drug or alcohol abuse, sexual harassment, etc.)

vi. Other measures suggested by the athlete’s coach

vii. Community service

viii. Apology

ix. Continued suspension

x. Dismissal from the team

xi. Termination of athletic scholarships

xii. Reinstatement

Ultimately the Director of Athletics makes the final discipline decision after consultation with the IAC Chair and the SAAC. Members discussed how a possible conflict of interest may occur between the student who is being disciplined and the SAAC President. The motion was made to remove the SAAC President from the Student-Athletic Disciplinary Action Policy and Procedures and replace with the UAF Compliance Staff through December 2012. The IAC will review the P/P during the next two months.
Staff Council Rural Affairs Report  
Thursday, November 18  

Committee Members Present: Brad Krick, Ashley Munro, Richard Machida, Robert Mackey, Travis Brinzow, Evelyn Pensgard, Sara Battiest, Ben Tucker,  
Also Present: MaryAlice Short, Nichole Kloepfer  

Rural Affairs met on November 8. We primarily discussed infrastructure issues and a possible merger with Staff Affairs.  

Brad put infrastructure & maintenance concerns on the agenda following the question asked of Chancellor Rogers at the October Staff Council meeting. There was general agreement that these issues were important, but the group was unsure if Facilities issues were something that we should address. Robert agreed to draft a resolution with regard to building envelopes at CRCD campuses, and the discussion was put on hold until the next meeting.  

Brad invited Nichole and MaryAlice to discuss a possible Staff Affairs/Rural Affairs merger. Though we didn’t agree that the committees be merged, we did agree that the groups should do periodic joint meetings and and work to stay more connected.  

At the end of the meeting, Richard suggested that Staff Council could stream audio for our regular meetings. This would allow staff to listen to our meetings without having to call in or tie up their phone lines. The committee agreed that this was a good idea, and Brad will follow up with Richard and the Admin committee to see if this is something we can do.

Terrain Park

Mark Oldmixon outlined the latest plans for the terrain park on the field below the greenhouse and museum. The professional Terrain Council is advising UAF. It is the hope that UAF can have basic jumps and slides in place starting Spring semester, with lighting, half-pipe and rope tow in future years. There will be a yurt to provide a location for monitoring and safety. Parking would be at Butrovich and Museum parking lots. There is no charge anticipated for students with other users some nominal fee to be determined. All will be expected to watch a safety video and operations manual being developed. Contact Oldmixon for further questions

Solar Photovoltaic project south of Butrovich

Siemens and UAF are working on an agreement to install a 1 mw solar electric installation below the Butrovich Building on a lease-option to buy. While specific financial terms are between the UAF administration and Siemens, the MPC redesignated the land area from current use to a new renewable utilities designation to allow this to proceed. Also discussed were landscaping, site aesthetics, and maintenance noting the challenges with vetch infestation.

Calendar Committee Update for the November SC Meeting

Committee Members: Brad Krick (chair), Sara Battiest, Mary Sue Dates, Gary Newman

On October 31, the full committee met and made a final decision on our photo for the calendar. It was a hard decision between several excellent finalists. The 2013 photo is of Dutch Harbor, by Kurt Byers, Education Services Manager with Alaska Sea Grant.

On November 9, Gary and Brad met with Damien and Carly from Wood Center Graphics. We discussed options for the 2013 calendar, including using a different paper size and/or changing the paper orientation, to allow more of the picture to be unobscured by text. Carly will produce several proofs and we shall proceed from there toward a final design. Our goal is to finish by early December so that we’ll only need to insert the names from the elections and get the calendar to print ASAP.
EMR Meeting Notes  
11/5/2012  
EMR Members: Walker Wheeler (Chair), Kala Hansen, Gary Newman, Richard Machida  
Quorum: No  
Attendees: Walker Wheeler, Gary Newman, Claudia Koch  
Excused: Kala Hansen, Richard Machida  

Agenda:  
1. Discuss current elections status.  
2. Address presidential request to codify the need to have supervisor approval prior to representative and alternate candidates being listed on unit ballots.  

Report:  
Elections were reported on by Walker. 233 votes have been cast so far. There are 14 candidates listed across the various unit ballots, though not as many people are running as their are available positions. There have been 22 write in votes that may help fill in for the lack of candidates listed on the ballot. Some discussion was given to the issues with the TKL that was missing from unit 7. Gary has volunteered to follow up on getting better data. It appears that these are not reliable for Staff Council to use for unit designation if we cannot be assured complete data.  

EMR was asked by the Staff Council President to bring clarification to the topic of who can or cannot be listed on the annual representative and alternate elections. EMR has come up with two options for Bylaw codification of this topic to bring back to Staff Council. Below are the two options.  

Don't Require Supervisor Approval  
Bylaws: Section 3.E. II:  
II. The elections for representatives and alternates shall adhere to the following time frame:  
a. Elections will be conducted in the fall. The voting time frame will be a minimum of 30 days.  
b. The election results will be reported during the December meeting.  
c. A successful candidate election to office is valid upon supervisor's approval.  
d. January 1 newly elected representatives take office.  

Require Supervisor Approval  
Bylaws: Section 3.E. II:  
II. The elections for representatives and alternates shall adhere to the following time frame:  
a. Elections will be conducted in the fall. The voting time frame will be a minimum of 30 days.  
b. The election results will be reported during the December meeting.  
c. In order to be listed on the ballot a candidate must have supervisor approval.  
d. January 1 newly elected representatives take office.
Motion 2012-233-2:  Motion to Amend Staff Council Bylaws to Not Require Supervisor Approval for Inclusion of Candidate Name on Ballot during Representative and Alternate Elections

MOTION

The UAF Staff Council moves to amend its Bylaws Section 3.E.II as follows, to allow the inclusion of names on the ballot without requiring the acquisition of supervisor approval:

II. The elections for representatives and alternates shall adhere to the following time frame:
   a. Elections will be conducted in the fall. The voting time frame will be a minimum of 30 days.
   b. The election results will be reported during the December meeting.
   c. A successful candidate election to office is valid upon supervisor’s approval.
   d. January 1 newly elected representatives take office.

EFFECTIVE: Immediately

RATIONALE: A set policy is needed regarding requirements for placing the names of candidates on an election ballot.
The TAB committee met to discuss 12 proposals submitted for the Fall 2012 cycle, which totaled $137,446.42 in requested funds. The total awarded amount after the discussion of merits of all proposals totaled $120,906.71, for 10 different requests.

Bylaws: Section 3.E.
II. The elections for representatives and alternates shall adhere to the following time frame:
   a. Elections will be conducted in the fall. The voting time frame will be a minimum of 30 days.

Motion 2012-233-1: Motion to Place Communications Under University Advocacy and to Dissolve the Ad Hoc Communications Committee

MOTION

The UAF Staff Council moves to place the previous charge of the ad hoc Communications Committee under the University Advocacy Committee. Staff Council further moves to dissolve the ad hoc Communications Committee. Communications will remain part of University Advocacy’s charge until further determinations are made regarding the reorganization of Staff Council.

EFFECTIVE: Immediately

RATIONALE: The purpose of the current ad hoc Communications Committee was recently reviewed by the Administrative Committee. At which time, it was determined that communication was part of the stated mission of the University Advocacy Committee. Further, the Reorganization Working Group plans to propose changes to the structure of Staff Council by the end of the calendar year. Proposed changes could result in significant alterations in the current committee structure.
