2. STATUS OF PENDING ACTIONS (none)

3. PUBLIC COMMENT

Summer Sessions:
- Summer Sessions Director, Michelle Bartlett, along with Charu Uppal, addressed council. Michelle congratulated Staff Council for their support of Staff Appreciation Day and offered assistance from Summer Sessions for next year’s event.
- This year, Summer Sessions is offering over two hundred courses. Staff tuition waivers, including waivers for children and spouses, can be used for these courses. There will also be fifty-one free events on campus in the evening beginning the first full week in June. Many events are for the entire family. Some events will be held in the auditorium of the new Murie Building.
- Two English proficiency courses will be offered. Summer Sessions covers tuition for this three-credit course. Students will only pay a thirty-dollar course fee.
- There will be two markets this year. The Really Free Market on Saturday is for the community. Winter Warm-up, in Sept., is for students. This weekend, items can be dropped off from 8:00 – 10:00 AM at Lola Tilly Commons. The market opens at 10:00 AM.

- This year, the Legacy Lecture Series, which honors returning alumni, will feature Vera Alexander. The lecture is scheduled for Monday night, June 3, in the Murie Building.

- Will Shorts, Editor of the New York Times Crossword Puzzle, will be on campus June 10th and 11th to play ping pong. Will is a ping-pong fanatic who set a goal to play ping-pong in every state. Alaska is the last state on his list. The event is free and open to the public. It will be held in the gym.

- Michelle suggested that Staff Council consider holding a program on Staff Appreciation Day that would poke fun at the administration, similar to what is seen in “The Capital Steps.” She noted that as long as we also poke fun at ourselves, it would be a fun event.

4. OFFICER REPORTS

A. Juella Sparks, President

- Staff Alliance met on Tuesday. President Gamble, Tara Ferguson – Director of Compensation, and Michelle Rizk – Interim Statewide Human Resources Officer were present for part of the meeting. President Gamble shared a draft of the statewide performance evaluation form with Staff Alliance. He stressed that it was only a draft; he is open to review and comment. Staff Alliance will work collect feedback on this draft form; feedback will be forwarded to the administration. There is currently no timeline set for the review and comment phase.

**Staff Alliance – Compensation Working Group Proposals**

- There were eight proposals submitted to the administration, five were submitted in written format and three were submitted as ideas. The administration is currently reviewing and conducting research on these. President Gamble noted that we do not have funding and there may be some challenges going forward with some of the proposals. He thought some of the proposals warranted attention. There was a tentative suggestion, that we give up one percent of our typical compensation increase to fund some of the proposals. You are being made aware of this today as a possibility. No decisions have been made; these are just conversation pieces at this point.

- Alliance is putting together a four person ad hoc committee that will be available to the administration as they work on these proposals. Staff Alliance is also in the process of prioritizing the eight proposals in order to be able to ask the administration to focus on the highest priority proposals first. As soon as this is completed, information will be distributed to you.

- MaryAlice Short, Chair of Staff Affairs indicated that Staff Affairs spent a significant amount of time discussing these proposals. The ranking submitted by UAF to Staff Alliance was the same as that found in a previous Staff Council vote.

**FY15 Budget**

- You are encouraged to attend the June Board of Regents (BOR) meeting scheduled for June 6th and 7th.

- Public comment is scheduled at 10AM on June 6th and at 9AM on June 7th. At this meeting, the BOR will develop budget guidelines for FY15 budget preparation.

- As a reminder, once the statewide administration receives the budget guidelines from the BOR, they will spend June, July, and August developing the FY15 budget. At the Sept. meeting, the administration will share the FY15 budget with the regents. The BOR will take feedback at the Sept. meeting and will finalize the budget, at the Nov. or the Dec. meeting.

- By August, we will know if there is a compensation increase in the FY15 budget. If staff members are not happy with the result, staff governance will have to move quickly to provide feedback to the regents.

- Juella will remain chair of Staff Alliance until the President’s Retreat in August. Staff Alliance will elect a new chair at the retreat.
Staff Appreciation Day
- Juella was very pleased with Staff Appreciation Day. She enjoyed seeing staff interact and enjoy themselves. There were no major problems; everything ran smoothly. This represented a great partnership between NANA and the Staff Appreciation Day Group. Staff Council thanked Ashley Munro and Maria Russell for their work on the Staff Appreciation Day.

PreStaff – Monthly Meeting Between Staff Council Officers and Chancellor Rogers
- During PreStaff last week, the chancellor was clear; there will be layoffs in FY14. There will be budget challenges. When asked, Chancellor Rogers said there have not been any layoffs yet, but that there will be layoffs over the course of the FY14.
- Juella was recently informed of two groups of term-funded employees who were informed that their contracts would not be renewed on June 30. This is not, by definition, a ‘layoff.’ These people will not have layoff rights.
- In Banner, PCNs beginning with a ‘4’ indicate ‘term-funded’ employees. You should be able to see your PCN in UAOnline.
- Layoff status results in your name being placed on a list. Anyone recruiting for a job can look at this list and view the person’s credentials. A person from this list can then be selected immediately for the open position. The HR Office keeps a list of all individuals in layoff status. Anytime a recruitment comes forward, the HR consultant reviews the list and identifies people who may fit the position. If someone fits, a direct hire is possible. You do not have to go through the recruiting process for direct hires. Laid off employees also have the ability to apply for ‘Internal Only’ positions.
- Please share with Staff Council leadership, anything you hear about term-funded employees who are not being renewed come July 1. These people may not meet the university’s definition of ‘layoff.’ but they are in fact layoffs since they are losing their job due to budget cuts.
- Term-funded employees are completely unprotected and this is something we need to address. It is a regulation mandate that every term-funded employee receive a new contract letter every year. It is a problem with their supervisor if this is not occurring. There is nothing in regulations to limit the length of a term-funded position.
- University Advocacy or Staff Affairs could consider an awareness campaign to make staff aware of this vulnerability.
- We need to monitor these trends. We have asked UAF HR for the number of term-funded employees, as well as information on how this trend arose over the last three years. We also requested the number of temporary employees. We have yet to receive this information.

PreStaff (cont.)
- The officers discussed holding ‘Coffee with the Chancellor’ hosted by our University Advocacy Committee. Chancellor Rogers is very willing to participate; he asked that we continue this conversation with him and with Morgan Dufseth, his assistant.
- The Student Diversity Task Force was supposed to submit a report to the Chancellor’s Office by the end of May. As of last week, Chancellor Rogers had not received this report.

B. MaryAlice Short, Vice President Pro Tem
- MaryAlice also attended PreStaff. During the meeting, she explained to Chancellor Rogers that supervisors had not received the names of term-funded staff whose contracts were not being renewed, in a format similar to a layoff list. The chancellor noted this and planned to check with HR to see what could be done, especially for FY14.
- As acting Vice President, MaryAlice had the opportunity to meet with Chancellor Rogers and President Gamble. During PreStaff with Chancellor Rogers, MaryAlice asked the chancellor what he would like to see from our new Staff Council leadership, going forward. Chancellor Rogers wants to
see an increase in informal communication with staff. He would like to see staff at the forums and other events so that staff members also receive the information that they need. He feels as though there is a disconnect that results in him not receiving information regarding what staff need.
- Both MaryAlice and Juella graduated with their MBAs this weekend. The chancellor mentioned that there should be some type of benefit or compensation in support of our staff to encourage our UA graduates to stay within the system. Currently no such program exists.
- A suggestion was made to have some type of sash to recognize staff members at graduation.

5. REMARKS BY CHANCELLOR ROGERS (Chancellor Rogers was travelling and unable to call-in.)

6. GOVERNANCE REPORTS

A. David Valentine, President – Faculty Senate (No Report)

B. Mari Freitag, President – ASUAF (No Report)

7. UNFINISHED BUSINESS

A. Health Care Benefit Update / Open Enrollment
- On Tuesday, at Staff Alliance, the general sense was that people were confused by the health care options, but those individuals have been able to find assistance. Juella thanked UAF HR for having a table at Staff Appreciation Day to assist with Open Enrollment. Many employees benefitted.
- Staff Alliance forwarded feedback on Open Enrollment to the Chief HRO on Tuesday; however, we can still forward additional feedback if necessary.

B. Officer Elections
- Following the meeting there will be a ceremonial passing of the gavel. However, Juella will remain Staff Council President until May 31. On June 1, the newly elected president will take office.
- Officer terms for those elected today begin on June 1, 2013 and run through May 31, 2014.
- Each candidate will present a brief presentation stating his or her interests. Prior to voting, representatives were asked to consider what their expectations are of the individuals holding the office. These individuals will need to be prepared to find underlying causes of issues, including conducting research and investigations when necessary. They will need to speak on behalf of all staff in difficult situations, including meetings with the chancellor and members of the administration. Your elected officers will also represent UAF staff at the Staff Alliance level where they will need to be prepared to ask difficult questions. These individuals need to possess the ability to communicate with a range of individuals from fellow staff to the administration. Elected officers will need to be willing to be held accountable for communicating to council and to all staff.
- Juella opened the floor for questions. There were no questions. The election process was turned over to Richard Machida, Chair of EMR.
- A final request was made for nominations for the office of president. Hearing none, the nomination period was officially closed for the office of Staff Council President. There were two candidates on the ballot: Brad Krick and MaryAlice Short. Candidates briefly summarized their qualifications. They also explained what they hoped to accomplish as president. The floor was opened for questions. Following all questions, Staff Council members placed their votes using paper ballots. Those attending via teleconference submitted their votes through email.
- Bylaws state that three members of EMR are responsible for counting votes. The only EMR member present in the room was the chair, Richard Machida. Therefore, two additional Staff Council representatives, Robin Weinant and Jennifer Youngberg, assisted with vote counting.
- Brad Krick, Unit 13 Representative from Rasmuson Library, was elected UAF Staff Council President for 2013-2014.
- A request was made for additional nominations for the office of Vice President. Nominations were closed with three candidates: MaryAlice Short, Lesli Walls, and Ashley Munro. Lesli and Ashley each briefly summarized their qualifications. MaryAlice did not wish to add additional comments to her previous presentation. The floor was opened for questions. Following all questions, Staff Council members placed their votes using paper ballots. Those attending via teleconference submitted their votes through email.
- Ashley Munro, Unit 7 Representative from Financial Aid, was elected Vice President.

Electronic Termination Workflow
Leave Share FAQ
Electronic Termination Workflow

When an employee is transferring from a benefit-eligible position to a temporary position UAF HR asks that they are entered into the electronic termination workflow process for the following reasons:

- A termination date is automatically entered on the employee’s job record avoiding potential overpayment on these generated pay assignments.

- Workflow has built-in process for terminating health care coverage and triggering the proper COBRA notification process. There is an unlimited liability to the UA system if proper notification does not occur.

- If employee is transferring to another unit it alerts departing department to collect keys/equipment or properly charge employee for other unreturned items or close out unprocessed travel. *Please remember, these instructions are for benefit-eligible to temporary only; please do not process workflow termination if employee is transferring to another department/unit into another benefit-eligible position, provide stop job only with appropriate reason (TRP, TRL, TRD).*

- Payroll deductions are terminated and notification is made to retirement, vendors and other UA deductions (i.e., parking, foundation etc.)

- Banner Security accesses are terminated. This is going to become extremely important with web time entry (WTE) if they are currently supervisors and/or time sheet approvers; it is imperative that information is updated prior to their subordinates initiating their time sheets.

- If an employee is eligible for annual leave (AL) payoff workflow notifies the payroll department to process this in the final paycheck for that employee class. If this does not occur during that payroll cycle manual manipulation and a time consuming adjustment process must be conducted as you are unable to pay AL to an ineligible employee class in Banner.

- Workflow automatically sends a termination document to personnel records departments for placement in the employee’s official personnel file. When this does not occur there is no record of termination reason for a previously benefit-eligible employee.

UAF HR offers the following to alleviate concerns of administration in timely rehire of these employees:
• If job form for new temporary position is received in the HR office within 10 days of a system termination, personnel technicians will reactive employee without any additional hiring documentation.

• Employee email addresses may be continued uninterrupted by completion of OIT account extension: http://www.alaska.edu/oit/services/account-management/forms/formAccountExtensionDeletionForm.pdf

• Employee will not be charged for any unreturned keys if contact is made with Facilities key shop 474-6778.

• Banner security access can be set-up immediately after new temporary job is entered by completing a new security access request form, pertinent to new job duties. If there will be no change in the employees duties, you may contact the system coordinators directly to request access not be terminated:

Membership as of May 2013:
Jeannette Altman (Chair), Sara Battiest, Christian Bekis, Kirsten Bey, Travis Brinzow, Deb Jeppsen, Adam Kane, Brad Krick, Ashley Munro, Richard Machida, Evelyn Pensgard, Benjamin Tucker

Achievements, 2013
During 2012, the committee discussed UA’s geographic differentials and their effects on rural campus retention and recruitment, facilities improvements, and how to improve UAF programs for off-campus staff (like WIN for Alaska, Staff Appreciation Day, and audio-streaming Staff Council meetings).

In November, MaryAlice Short and Nichole Kloepfer of the Staff Affairs committee joined our meeting to discuss a possible Rural Affairs/Staff Affairs merger. We did not agree that the committees should merge, but we did agree to try and work more closely together and hold periodic joint meetings.

In January, Brad Krick stepped down as chair and the committee elected new member Jeannette Altman as the new chair. We got to work on continuing business items including a travel proposal to rural campuses and arranging joint meetings with Staff Affairs. Newly elected members from Unit 1, Adam Kane (Dillingham) and Kirsten Bey (Nome) joined our committee.

In February and March, we began discussing the structure of feedback loops and how smaller populations, such as those on rural campuses, might be at risk for retaliation. This led to a discussion on UAF resources, such as the Grapevine (http://www.uaf.edu/grapevine/) as ways to anonymously ask for information. However, nearly all committee members noted the absence of a university ombudsman as a detriment to our organization.

In response to the reorganization suggestions made by the Staff Council Reorg ad hoc committee, Rural Affairs questioned one motion, to eradicate Alternates and replace them with At Large members. It was determined that this may inadvertently marginalize Rural members due to smaller voting populations. More discussion is needed.

In April, the Alaska State Ombudsman was suggested as a neutral third party and discussed at length by the committee. While this was viewed as a good resource, it still lacks the institutional knowledge that an UA ombudsman would retain. The committee will be developing a motion to suggest the addition of such a position to the university.

In May, an ad hoc committee was suggested to create a motion to propose a UA ombudsman, and progress was made on determining details for the travel proposal to rural campuses.
2013 Calendar Committee Annual Report

May 2013

Committee Members: Brad Krick (chair), Sara Battiest, Mary Sue Dates, Gary Newman

The 2013 Staff Calendar was printed and distributed by early February 2013. The final template was submitted to Printing Services around January 7.

The committee has added a January month for the next year on the calendar because we anticipate a proofing delay. This delay is due to proofing the list of reps and alts. Proofing took longer than normal this year and we had an additional delay due to the January soft closure week. Printing Services was apparently not any more backed up with projects than usual this year, but our later submission put us further behind in their queue.

Things for the 2014 Calendar Committee to consider:

1) Timeline changes: Should the Calendar Committee ask for changes to the Elections schedule? Similarly, are there things that we can do to get the finished product out faster? The current time between ratifying elections and the Dec break does not leave us much time to finish proofing and submit the calendar.
   a. In particular, including the list of Reps & Alts means that we can’t finalize the calendar until elections are finished. If there is any delay at that point (verifying reps/alts, final proofing, soft/hard closure), we have a small margin of error.

2) Should we change how we solicit photos? There were a substantial number of submissions for the 2013 calendar, but at least one staff person reported to Staff Affairs that they did not hear about photo solicitations. The Calendar Committee asked SC reps to distribute the solicitation. In the future, the committee could consider sending the email directly.
   a. The Staff Appreciation Day Committee will hold a photo contest. The top photos will be forwarded to the Calendar Committee for consideration for the 2014 calendar. Be aware that nice photos are not necessary the only criteria for a successful calendar photo. Other layout factors go into the final decision, so it is best to allow the Calendar Committee, as the designated experts, be the ones responsible for the final choice.

3) Staff Affairs suggested that the Calendar Committee conduct a survey of staff. Their suggestion was to send out a survey after the calendar is distributed because that is when staff would be thinking about the calendar. Brad’s suggestion was that the survey could go out at the same time as a photo solicitation because that is a bit before the committee will think about design choices. We didn’t discuss the kinds of questions that might be on a survey. Some options:
   a. Changes to kinds of information included (dates, names of reps, etc.)
   b. Photo subject?

Master Plan Committee

Meeting Notes

4/25/13

By Gary Newman

This constitutes my final report for the UAF Master Plan Committee. It will be up to my replacement representative from Staff Council to do subsequent reports – Richard Machida with Brad Krick filling in an unofficial alternate capacity when Richard is unavailable. I do look forward to continuing to serve on this committee as a community representative. Official meeting notes are posted once available at www.uaf.edu/mastplan

West Ridge Plaza Rocket Installation

This was originally a 40’ rocket, then a 70’ rocket, now back to a 40’ rocket for stability reasons. Discussion centered around choosing from a few locations in front of the GI and insuring that it has a designed vs plain concrete base. It will come back to MPC following further deliberations.

Construction Trailer for Engineering Building addition

Originally proposed for Cornerstone Plaza, it was recommended it be moved to the inside corner of Bunnell. While it doesn’t provide for a view of the construction, they will be able to see contractor comings and goings. Also noted that the webcam for watching construction is up: http://www.uaf.edu/fs/departments/design-construction/projects/engineering/

Bike Shelters for the MBS complex

Michele Hébert gave a presentation on the request from the RISE board with sustainability funding to purchase and install roughly 75’ of bike shelters on the front west end of the MBS student residential hall complex. This would provide better protection from snow and thus encourage students to ride bikes more. Cost include concrete pads was estimated around $35,000. http://www.dero.com/products/bike-haven/ Supportive of the concept, MPC discussed complementary colors, especially if being considered for other buildings around campus. Michele will come back with more specific plans showing locations and mockup on paper.

North Campus Subcommittee

The NASA reflector dish should arrive June 7 and be installed June 9. It was noted that the Board of Regents meeting will be in Fairbanks June 7-8 and some members were concerned that this might be a traffic issue. Others thought it might be a welcome opportunity for the regents to view this event.

Campus Landscape Subcommittee

No meeting
Campus Art Subcommittee

No meeting

Trails Planning Ad Hoc Committee

Jonathan Shambare is continuing work on the planning document and invites any interested to attend meetings and to contribute.

It was also noted that DOT was discussing provisions for improving bike traffic on College Road. Gary Newman passed out a bike planning document that he received at the open house held by DOT the previous Sat.

Facilities Service Update

Jonathan noted that Wood Center and Engineering are proceeding, Art Wing of Fine Arts vapor barrier project should be starting soon, most to be accomplished inside the building. Life Sciences (Margaret Murie) Building will have a grand opening August 22, 2013. Siemens Corp is continuing work with UAF on energy efficient upgrades. It was noted that Siemens, UAF and Golden Valley (as reported at the GVEA annual meeting) are still working on trying to make the solar array in front of Butrovich economically viable.

Staff Council Meeting Report
Chancellor's Cornerstone Award Committee

Members: Brad Krick (chair), Robin Weinant, MaryAlice Short, Deb Jeppsen, and Claudia Koch

The committee received the nominations for the 2013 Chancellor's Cornerstone Award on Thursday, March 28. We individually read and scored them and then came together on Wednesday, April 3 to discuss the nominations. On Friday, April 5 we met to finalize our nominations and forward them to the Chancellor. The award will be presented on May 15 during Staff Appreciation Day.

As a committee, we were asked for feedback on the award and the process. We came up with these recommendations:

- The committee would like to receive the nominations earlier so as to have more time to read and review them.
- Nominators were asked to answer at least three of eight questions on the nomination form. Some answered all eight questions. In addition, some answered the question with one sentence; others with detailed paragraphs. This made it difficult to score all the nominations equally. We suggest that either the number of questions be reduced or more questions be required to be answered.
- Ensure that this award is on par with other awards of merit, like Staff Make Students Count. Ideas to increase the appeal of this award:
  - A free parking spot for one year
  - Airlines miles
  - Monetary award
  - Party for department of winner
- All nominees should be recognized, perhaps with a Cornerstone Pin. The list of nominees should also be publicized. Finally, we also think it would be a great morale booster if nominees could read their nominations.
