Book a Trip with Personal Travel

Travelers may coordinate personal travel arrangements in conjunction with their UA business travel. This includes personal extended stays at the business location and personal deviations to a non-business location. You have the option of booking some or all portions in the booking tool depending on the type of personal travel.

Personal travel not associated with a UA business trip is not bookable through Concur, CTM, or UA personnel.

Cost Comparisons

When you include personal time on your UA business trip, a cost comparison representing the business itinerary in the Concur booking tool is required (see “Request with Personal Travel” handout). The business-only cost comparison itinerary is also used to define business travel status and allowable costs.

Any costs that exceed the business-only comparison are deducted from your out-of-pocket reimbursable expenses. If the additional cost exceeds the reimbursable amount, a payroll deduction is used to recoup the additional amount from employees (see “Expense a Trip with Personal Travel” handout).

Extended Stay

When a traveler extends their stay at the UA business destination(s) for personal reasons, it is a personal deviation with an extended stay.

Since UA receives State of Alaska contract rates when booking travel through Concur or CTM, travel that includes personal days is only bookable through Concur if it is an extended stay at the business or intermediate location.

Business-only dates of travel are entered in the Request Segments. You can change the dates of travel to accommodate the extended stay during booking.

Personal Deviation

When a traveler goes to an additional destination outside of the UA business routing or destination(s), it is considered a personal deviation with a routing change.

Our contract rates are not applicable on travel to a non-business location. Additionally, it is not appropriate to ask UA personnel to help with your personal travel arrangements.
