If approved, you will be reimbursed up to \$600 towards the actual cost to you of prescription ANSI Z87-1 rated safety lenses, coatings, and frames every 3 years **OR** up to \$300 towards the actual cost to you of the prescription safety lens inserts yearly; and up to \$300 towards the actual cost of your ANSI rated safety shoes and/or inserts yearly.

No payment will be made for prescription eyewear amounts covered by insurance or charges for items other than the lenses and frames (e.g. eye exam, tints, etc). If you choose to use the prescription safety lens insert option, your shop will provide you the insert frame purchased through the warehouse at no cost to you. You must bring this lens insert with you when ordering your lenses thorough your vision provider. The protective safety eyewear must meet OSHA Standards (ANSI Z87-1-2020). **Side shields must be purchased, installed and used to comply with OSHA requirements for frame/lens combinations.** Safety eyewear must be taken to the Safety Officer after purchase for inspection to verify they meet the minimum OSHA/ANSI standard.

Safety shoes must meet the minimum standards established by your shop supervisor and meet ANSI Standard Z-41-2005. There will be a tag or stamp inside the shoes to verify that they meet the ANSI standard.

To obtain reimbursement, bring this completed and approved form and the original receipt for the eyewear/safety shoes to the Safety Officer.
