Please note that all charters are subject to pretrip and posttrip equipment inspections in conjunction with federal and state DOT regulations.

To ensure driver availability, charter service requests should be submitted at least two weeks in advance. All requests are processed on a first-come, first-served basis. Requests submitted with less than two weeks' notice may be denied due to limited equipment or personnel availability.

Charters scheduled outside of regular Shuttle Services business hours (Monday–Friday, 7:00 AM–10:00 PM) are dependent on driver availability to accommodate the trip due to overtime policies and will be subject to DOT regulations for CDL drivers.

UA affiliates may use their fund and organization codes to book service. If your group is not an UA affiliate, the group will need to set up an Agency account. Agencies are billed an additional 38.5% for services in accordance with the negotiated F&A rates.
