Recommendation on the Brooks Building

Revisions were made based on email during the week and a final discussion amongst members present. The recommendation is to be forwarded to Chancellor Lind.

Recommendation on Lower Campus use of Buildings

The chancellor will further clarify the issue before we begin.

Parking Meeting

Deb Wells and Ryan Tilbury attended the ASUAF Parking Forum, held in the Wood Center on Thursday, November 18, 1999. Some comments from our open discussion:

1. What parking problem?
2. Parking will always be bad.
3. From where is the pressure coming?
4. "Problem" has not been adequately defined.
5. We don't tell the business office how to run their office, so....
6. Don't chase symptoms. Determine expectations and plan for what is needed now and in the future.
7. If the public perceives a problem, then address the perception. That's a programmatic issue, not a planning issue.

Preparations for Visit by Earle Whittington (Planning for Planning)

Copies of the schedule were distributed. In addition to our meetings, Earle Whittington will visit briefly with the Provost's Council, is scheduled to meet with the senior administration, and Chancellor Lind has issued an invitation for the community-wide meeting. Couldn't do much better if we had planned it!
