**UAF Campus Master Plan**

The planning subcommittee presented its draft information that will form the basis for Facilities Services' preparation of the RFP. The draft was reviewed and refined, and will be distributed to members of the MPC for final comments after editing has been completed. Comments are to be directed to Deb Wells. Because the chancellor has already directed Facilities Services to proceed, the MPC does not have to submit its draft information for to the chancellor for approval.

After Facilities Services completes the draft RFP, copies will be provided to MPC members for a brief comment period. Upon approval by the chancellor, the RFP will be publicly released. The hope is that it can be released in June and the final selection of a consultant will be completed in early September.
