**Master Planning Committee Meeting
September 23, 2010
Notes**

Attending: Doug Braddock, Da’ka’xeen Mehner, Randy Pitney, Nicole Nordstrand, Joshua Greenberg, Scott McCrae, Lydia Anderson, Steve Murphy, Gary Newman, Deb Horner, Rich Boone

Welcome and Introductions

Facilities Services Update – no report

Subcommittee Report: Campus Landscape & Outdoor Art

Subcommittee hasn’t met, but it will meet shortly. A sculpture near the Art Building needs to be moved because of safety issues.

A subgroup will be formed to develop a signage plan.

New sculpture by Virology Building has been installed.

Subcommittee Report: North Campus

Nothing to report. Subcommittee hasn’t met.

Rich pointed out that the North Campus Subcommittee needs to meet on a regular basis; if members are not attending at least 75% of meetings, they need to be replaced.

ADA Discussion – Ian Olson

Ian gave the example of a student on crutches who had an issue with access on campus. He asked whether there is any means of ADA oversight. Is this an MPC issue?

Earlina Bowden heads a committee that deals with ADA compliance issues.

Rich suggested that Earlina come to MPC regarding ADA compliance. What is the purpose of the committee? How often does it meet?

Deb asked if Martin Klein is going to come to MPC to discuss the need for an oversight group at the MPC level.

Public Comment – none

Meeting adjourned at 10:30A.

Next regular meeting scheduled for Thursday, October 7, 2010.
