Welcome and Introductions

Facilities Services Update – Deb Horner

Revised work schedule for West Ridge will be available March 1.
Deb, Jonathan, and Scott Bell met regarding architectural guidelines.
Randy asked about the status of thermokarst activity in the IARC parking lot and in North Campus. Reed gave a review of the past thermokarst activity on the north end of campus (IARC parking lot, etc.).

Facilities Modification Process

Deb gave the context for the Facilities Modification process.
Reed gave a PowerPoint presentation (see posting on MPC web site).
Deb noted that the true estimate for the roundabout design will likely be higher than the initial estimate. The cost may be closer to \$5M than to \$2M.

Subcommittee Report: Campus and Outdoor Art

Possible formation of Art Subcommittee

Deb gave the background to the idea of an art subcommittee
Da'ka' spoke about a meeting that was held in the art department. One topic of discussion was guidelines for hanging artwork on campus.

Mary Goodwin (Art Dept.) has a database on the location of all the artwork on campus.

Deb noted that UA has draft policies and guidelines for art. They are aimed at how the process occurs for a new building or funded project.

Deb provided a draft resolution to form an Art Subcommittee under the MPC.
There was discussion about the need for UAF guidelines.

Members felt it was helpful to shorten the motion to the first sentence.

Deb made the motion (seconded by Chuck Kuhns):

The MPC recommends that a Campus Art Subcommittee of the Master Planning Committee be formed for the purpose of overseeing art in public places at UAF.

Motion passed unanimously 10-0.
