Rè: MPC Recommendation 2012-06 – Placement of a Connex storage unit at the archery range for onsite storage and use.

The MPC recommends approving the North Campus Subcommittee's motion for placement of a Connex storage unit onsite with the understanding it would be painted or sided as specified by DCC to look like a permanent facility.

Provisions:

- *Alaska Department of Fish and Game (ADG&F) will pay for painting or siding.*
- *Management and maintenance will be internalized into a UAF department*
- *If, in the future, management and maintenance has not been internalized to a UAF department and the Connex storage unit falls into a state of disrepair, ADG&F will pay for removal of the unit.*
- *There will be no permanent or working office located within the storage unit.*
- *The approval, with stipulations, is contingent on the agreement between UAF and ADG&F.*

Motion made by Jonathan Shambare, seconded by Gary Newman.

Motion passed unanimously.

Thank you.
