Re: MPC Recommendation 2015-02, eLearning Sign

  
Approved \_\_\_\_\_ Date \_\_\_\_\_

The UAF Master Planning Committee reviewed the request by eLearning for signage placement identifying their program directly on the exterior of the Bunnell Building at its south entry. The Committee noted that past practices have been to limit signs directly on buildings to the building names. The Committee approves the temporary placement of a sign until August 31, 2016, when a UAF sign policy will have been developed that will guide the placement of permanent signage.
