Consultants -- Pete Fix, Mike Hay

Approved with amendments minutes of 2/4/04 meeting.

Public Comment

Don -- The section in the plan that states that there should be no trail grooming in the Arboretum should be removed. The trails within the Arboretum have been groomed for some years now.

Stan -- There is currently no clear definition of the boundaries of the Arboretum and there should be.

Rich is working on getting a replacement for Bill McDonnell, hopefully someone to represent UAF athletics.

General discussion of formatting of Action Item tables.

General discussion of terminology for Recommendation for North Campus Area section.

History section needs to be expanded with more details.

Previous plans that have been written should be included.

The paragraph introducing the Action Items should be made more descriptive.

A timeframe column was added to the Action Item table.

Discussion on whether to include specifics regarding trail maintenance in the plan.

There should be some on-campus expertise on trail maintenance.

A tentative proposal was made to meet for most of a day on a weekend.
