UAF North Campus Subcommittee Meeting

May 11, 2010

Notes

Members present:

Cynthia Steiner, Peter Fix, Kellie Fritze, Scott Jerome, Mark Oldmixon, Nicole Nordstrand (ex. of)

Guests attending: Stan Justice

New Business

Segway proposal

A proposal to run Segway tours between the botanical gardens and the musk ox farm was submitted by the proprietor of Segway Tours. The NCS reviewed the permit and noted this goes against the nonmotorized policy of the North Campus. The committee was unanimous in denying the request (note, Mark Oldmixon arrived at the meeting after this discussion and vote.)

Marking of "inner Big Whizzy"

Scott Jerome revived the proposal to develop a trail inside the existing Big Whizzy trail. This trail would extend the Big Whizzy and provide more elevation change

to the UAF trail system. The committee determined this would represent a major change and input from the UAF community would be needed. A timeline was set to present a proposal for the trail in September.
