

<b>UAF North Campus Subcommittee Agenda</b>  December 8, 2010; 12 p.m. (noon) Facilities Services Conference Room, RM 122	No agenda available
--	---------------------

### **UAF North Campus Subcommittee Meeting**

December 8, 2010

Notes

#### **Members present:**

Peter Fix, Kellie Fritze, Jim Allen, Cynthia Steiner, Scott Jerome, Mark Oldmixom, Nicole Nordstrand (ex. of)

#### **Guest attending:**

Stan Justice, UAF Trails Club

#### **Manager's Report**

Link to the North Campus trails website has changed so UAF.edu/trails will take a person to the NC website, this will be better for PSAs

Manager has talked to the Police Department about driving 4-wheelers on the ski trails. Should not be an issue in the future (unless for emergencies, of course).

#### **Public Comment**

Stan Justice, UAF Trails Club

- Mark walking trails, the walking trails are virtually unsigned
- Once you leave the exterior, it is not well signed
- Need signs at intersections

- Need signs in area near Culter Apts., where lots of people walk
- Would like to put signs on Skarland trail
- Regarding signs
  - Color coded for walking/skiing
  - Placed at problem areas w/ symbol
  - In summer place permanent signs

### **New Business**

Matt Olson's application for interpretive trail between LARS and T-Field balsam experiment

Comments:

- Need to find out if he proposed permanent signs or temporary signs
- Issue with permanent signs is the Landscape and Outdoor Art Committee (would need to approve)
- Committee liked the idea of starting at LARS, wondered how long the walk would take
- Stan Justice suggested using the Winter Walking trail and asking for improvements

Committee liked the idea of having a signs on the winter walking trail so it could be used year-round

- Ask Matt to include a request for trail improvements in his grant proposal

Scott Jerome moved to "Approve on winter walking trails and request funding for trail improvement."

- Preference would be for stand-alone signs (i.e., enough information so an additional brochure is not needed) in place permanently.

Peter Fix seconded the motion
