Guide for Students

If You See Something, Say Something, Do Something!

Starting Point

Faculty, Department Chair or Dean:

If you are a student with educational issues, you are encouraged to talk with the course instructor/faculty member, the Department Chair or the Dean to seek resolution.

Office of the Registrar:

For access to or information about your academic record, or if you believe there has been a violation of the Family Education Rights and Privacy Act (FERPA), please contact the Office the Registrar.

E-mail: registrar@uaf.edu - Phone: 907.474.6300 - <http://www.uaf.edu/reg>

Center for Student Rights and Responsibilities:

If you are a student experiencing academic issues or seek review of final course grades, you must first attempt to resolve the issue informally with the instructor of the course. If the course instructor is unavailable and/or you believe the grading was arbitrary and capricious, the next step would be to address the issue or issues with the appropriate department chair. If you are dissatisfied with the resolution, you may file a grade appeal with the department offering the course and they will process your grievance. The Center for Student Rights and Responsibilities acts as a facilitator for the grade appeal committee to ensure the process is consistent.

Campus Police (UPD)

We aim to provide a safe and secure environment for the staff, students, and visitors to campus. This commitment assures the University community that the police department will maintain constant vigilance over their property and personal safety. We provide twenty-four hours a day, seven days a week service to the campus community. Any 911 call generated, either through cell phones, regular LAN phone lines, or by the emergency call boxes located throughout the UAF campus, will be directed to the University's dispatching center where police officers, firefighters and or medics will respond.

The safety of our residents is of utmost importance to us and we strive to keep all of our facilities secure. UAF is a safe campus, and we intend to keep it safe by making sure that our roughly 2,000 residential students, staff and faculty understand and take a part in protecting themselves and their community. The more proactive we are, the safer we become and remember - **If You See Something, Say Something, Do Something!**
