Prerequisites	Placement in WRTG F111X; placement in MATH F105. Must be enrolled in PHYS F115L

Course Requirements and Policies

Course Goals	The course will cover the fundamentals of classical physics in the real world: mechanics, thermodynamics, electricity, magnetism, and optics. It will also focus on how these topics are interrelated and interdependent.
Class Attendance	For the best understanding of the course material attendance and participation during class is essential.
Reading Assignments	Class time will be a balance of lecture, demonstrations, and practice problems. As such, reading the chapter ahead of time will be essential for understanding what we do in class. Reading assignments are accounted for in the homework credit amount.
Homework	Due each week (besides the first week) at the beginning of class on Thursday. Late work will receive a 50% deduction and will not be accepted beyond the Monday after it was due. Homework will be posted on Blackboard at least a week before it is due. Each assignment will be graded out of 100 points.
Quiz	A short quiz will occur at the start of Thursday's class, based on the past week's readings, concepts covered, and homework. It will be open notes but not open book.

Exams I will provide an equation sheet for the exam and a study guide beforehand. The midterm will be on **Tuesday March 1st** and will cover Chapters 1-7. The Final will be on **Thurs April 28 from 5:45- 7:45** and will cover Chapters 8-14. Please notify me beforehand if you will be absent on the day of an exam.

Labs There is a lab component associated with this course. ALL labs and reports must be completed to get a passing grade for the lab. Labs may only be made up if excused and with permission of the course instructor. Proof of vaccination is required to take part in the lab.
A passing grade in the lab is required to pass the course.

Grading: Quiz 15% Lab 20 % Homework 25 % Midterm 20 % Final Exam 20 %

Grading Ranges >90% = A >80% = B >70% = C >60% = D
 Allowed grades will be limited to A, B, C, D, IN, NB, F, and no plus-minus grades will be given for this course.

Your instructor follows the University of Alaska Fairbanks Incomplete Grade Policy: "The letter "I" (Incomplete) is a temporary grade used to indicate that the student has satisfactorily completed (C or better) the majority of work in a course but for personal reasons beyond the students control, such as sickness, has not been able to complete the course during the regular semester. Negligence or indifference are not acceptable reasons for an "I" grade.
