RAHI Est. 1983

In Memoriam of
Carol Hollingsworth

Congratulations, C/O 2023!

Congratulations, Graduates!

First, I want to thank you all for being an amazing class this summer! I have so much love for the C/O 2023. This was a particularly tough year for many of us at RAHI as we processed the passing of our friend, Carol Hollingsworth. I can't speak for us all, but seeing each of you treat each other with kindness while striving toward your goals every day has kept my spirits up and a smile on my face. She would have been as proud as I am of all of your efforts.

Don't forget to take a moment to be proud of yourselves as well. You're all headed off to great things! As you look to the future and move on to more audacious aspirations, I hope that you think back on RAHI - the memories and friends that you made, the people that supported you, and the lessons you learned both in and out of class. While they're nice to have under your belt, RAHI is about far more than college credits. It is a community and a conduit for both self-discovery and self-confidence. Hold on to that as you move forward and I guarantee you will continue to succeed no matter what life throws at you. And remember, when things get tough, sometimes all you need to do is take Chancellor White's advice and show up.

Finally, don't forget about us! Everyone at RAHI is in your corner rooting for and celebrating you, so stay in touch. We would love to hear about your future successes and help you on your way toward them. Call, write, stop by the office, connect with us on Facebook... You always have a community with RAHI.

All the best,
