

# Climbing Wall Rentals & Programming

Need to spice up your next group event? Look no further! DRAW provides both instructional and non-instructional programming, and we are happy to work with you to schedule just what you are looking for.

Instructional programs give every participant the opportunity to learn and practice specific climbing skills such as belaying or climbing movement.

Non-instructional programs focus just on climbing and are perfect for birthday parties or for groups that want to maximize climbing time.

Please contact Christian Mogensen at 907.474.6027 or [cgmogensen@alaska.edu](mailto:cgmogensen@alaska.edu) to set up your next event.
