EVERYTHING YOU NEED

This guidebook is designed to help you choose a room, and assist you through the process of reserving your space on campus.

1. Room selection is the process of choosing your room for the next year. This process is made up of five lottery times, which are based on your room preference and/or the time you submit your housing application.
2. Be sure to clear any debts you have with the University as you will not be able to select a room if you have any unpaid bills.
3. Current residents do not need to make a payment to select a room. Your deposit, currently on file, guarantees your space in housing after you apply. All fees for room and board are due with your Fall 2020 fees by Friday, September 4, 2020.

ROOM SELECTION STEP-BY-STEP INSTRUCTIONS

STEP 1

COMPLETE THE ONLINE HOUSING APPLICATION.

Located in individual's UOnline. Follow the path of logging into UOnline > Student Services & Account Information > Campus Housing, Dining and Post Office Link > UAF Link > Applications and Forms > Select Housing Eligibility Application > Select Current Resident Application and Submit.

Follow the path of logging into UOnline > Student Services & Account Information > Campus Housing, Dining, and Post Office Link > UAF Link > Room Selection > Roommate/Suitemate and request your intended roommate (they will be sent an email that they have been requested as a roommate). Your intended roommate will then confirm your request. You are now matched. PLEASE NOTE: For groups larger than two, every person in the group must request and confirm everyone else in the group.

NOTE: You and your matched roommate (or group) will be able to enter the earliest lottery for which either (or any) of you are eligible. The person with the best lottery time will pick for the roommate pair (or group). Then you will all be sent an email confirming that your room has been picked.

STEP 3

KNOW YOUR LOTTERY TIME: YOU CAN SELECT A ROOM AT THE START OF YOUR LOTTERY TIME.

Your room selection process is complete!

Apply early, room selection lotteries are first come first serve. Your lottery time is determined by when you submit your housing application.

■ Helpful Hints

We designed this booklet to help guide you through the room selection process. If you need further assistance please visit www.uaqf.edu/reslife/

24-hours before your open lottery log into your MyHousing portal to view your unique lottery time. At your unique lottery time you will have 2 minutes to select a room, pull in roommate and/or reserve a super-single before the next resident enters the lottery.

To select a super-single room select a room that has two open beds. You will receive a confirmation email. If you have a super-single or want a super-single and you select a room during any lottery other than the super-single lottery, you must immediately contact the Residence Life Central Office.

If you need to change rooms you can participate in the room change lottery at the end of June.

Update your preferred email address and telephone

number on UAOnline or at the Registrar's Office to ensure you receive information from the Department of Residence Life in a timely manner. Click personal information on UAOnline then click manage your address, email and phone information link. Ensure your contact info is current!

Lock in your roommate before you select your room. Make any additions and changes to your roommate requests before your room selection time. Your roommate request must be accepted before your lottery time.

You may select a roommate who does not currently live on campus or is a new student. However, the potential roommate must submit a housing application and have the housing deposit paid at least three (3) business days prior to your selection date in order to be "pulled in" during the process.

The roommate with the earliest lottery can pull in all roommates. If you are in a matched group two (2) people for double-shared, three (3) or four (4) people for Cutler Apartments and Wickersham Hall and they are eligible to select at an earlier selection date and time, that student will be selecting for you. HOWEVER, it is still your responsibility to confirm that you were pulled into a room as expected. To confirm your housing assignment through Self Service go to the main menu page and you will see your room assignment for Fall 2020. Only request as many roommates as you have occupancy.

ACADEMIC SUCCESS

Research into retention and graduation rates has found a strong correlation between on campus housing and graduation. On campus you'll have 24-hour access to study lounges and community programming that provide resources and tools to help you succeed.

CONVENIENCE AND COST

We offer housing when you need it — academic year, winter break, summer break and beyond. There is a place for everyone with multiple housing options at varying price points. On campus you live close to where you need to be academically, want to be socially and thrive personally.

STUDENT DEVELOPMENT

Living on campus is about you, and about all you can gain from this once-in-a-lifetime experience. We are committed to creating opportunities for you to grow and develop. Through programs and interpersonal interactions, we strive to increase awareness to important issues and challenges.

ABOUT LIVING LEARNING COMMUNITIES

LIVING ON CAMPUS IS ABOUT COMMUNITY

GLOBAL HOUSE LLC

Global House has been created to provide students the opportunity to expand their worldview. Students enhance their global awareness and perspectives while strengthening their cultural identities through active, peer-led, and collaborative learning experiences. Global House is located in Bartlett Hall.

GENDER DIVERSITY LLC

The Gender Diversity LLC is a safe and inclusive community. Through collaboration with various UAF campus partners and the Fairbanks community the UAF's LGBTQ+ student population is supported through connection, education and advocacy. The Gender Diversity LLC is located in Bartlett Hall for returning students.

Living Learning Communities (LLCs) bring together students with similar identities, values or needs. We also have professors and staff who support your experience within the residence halls. We offer programs to appeal to a diverse set of interests and structure them so students are given opportunities to adjust to UAF academically as well as socially.

Students develop strong friendships with classmates while gaining a deeper connection to the university with the support of faculty and staff. Participate in fun and educational in-house activities and events with Resident Assistants who are a live-in resource with the same field of study or interest.

HOW DO I SIGN UP FOR A LIVING LEARNING COMMUNITY?

Your housing application will ask if you are interested in being a part of a Living Learning Community.

Answer “yes” to indicate which community you are interested in joining.

If you are interested in more than one community, the application will ask you to list your preference order.

**THIS PLACE IS
EXACTLY LIKE
NOWHERE ELSE**

**WE HAVE
OPPORTUNITIES FOR
STUDENT LEADERSHIP,
EMPLOYMENT &
ENGAGEMENT.**

The Residence Hall Association (RHA) provides opportunities for residents to be directly involved in leadership and hold council positions within our residential communities, to plan and carry out activities and to engage university officials on issues of interest and concern on behalf of all residents.

Resident Life employs over 100 students in positions ranging from Resident Assistants (RA) and Peer Mentors (PM) in our halls to Desk Assistants (DA) at our service desks, summer operations, maintenance staff and central office staff.
