JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a prerequisite, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the course is not compromised as a result.

DANSRD is requesting this change to make the best use of the new GER classification system. The new system has greatly expanded the number of courses departments have that can fulfill GERs. A program is allowed to have four courses in the social science classification.

Anthropology chose ANTH 100, 101, 111, and 211 as their four courses for the social science classification. Alaska Native Studies would like to have ANS/ANTH 242 included on the list as well, but the ANTH crosslist adds an additional anthropology course and could affect students who want to take both an ANS and an ANTH course for their two social science GERs. The easiest way to resolve this is for the courses to be un-crosslisted and for ANS 242

and ANTH 242 to exist as totally separate courses. If anthropology is no longer teaching the course then ANTH 242 could be eliminated entirely.
