**JUSTIFICATION FOR ACTION REQUESTED**

The purpose of the department and campus-wide curriculum committees is to scrutinize course change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a prerequisite, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the course is not compromised as a result.

DANSRD is revising the Alaska Native Studies (ANS) Program. We are removing courses from the catalog which we do not intend to offer in the future. ANS/ANTH F320 was originally an ANTH course only. ANS was included as a cross-listing program at a later date. At one time ANS may have had one or more faculty with strong linguistic anthropology backgrounds who could teach this course but this is no longer the case and we do not anticipate that we will hire anyone with those skills in the future since linguistics and anthropology are not part of our primary program focus. This course is not included in our proposed new core or concentration areas and it would likely not be approved as a substitute given that we already require so much other coursework that provides adequate information on Alaska Native languages and cultures.

We feel this course can and should be taught by the Department (ANTH) that has faculty with strong skills in this area, and they (ANTH) have agreed to the request to discontinue the cross-list.
