

Articulation Agreement

2017-2018

University Alaska Fairbanks

Interior Alaska Campus

4280 Geist Road

Fairbanks, Alaska 99709

Galena City School District

PO Box 299

Galena, Alaska 99741

Purpose:

In addition to the current Tech Prep Agreement between University of Alaska Fairbanks and Galena City School District, we have agreed to add the following course that is within UAF Emergency Medical Services Program:

1. Galena City School District will follow a UAF Emergency Medical Services curriculum in coordination with the administration and faculty of the University of Alaska Fairbanks pertaining to the following courses on the course below.
2. Galena City School District will teach for the attached outcomes.
3. The attached syllabus will follow the learning outcomes of the university-approved course listed.

UAF Course Number	UAF Course Title	Number of UAF Credits	Galena City School District Course Title
EMS 257	Arctic Survival	3 credits	Arctic Survival/Fitness

1. The attached syllabus will be followed.
2. Galena City School District will provide necessary support for students to be successful in this course which may include computer support, reference books and academic assistance.
3. Interior Alaska Campus will process the registrations.
4. In order to receive concurrent credit, the student will register for the Tech Prep class during the semester in which the competencies will be completed.

Fitness /Arctic Survival

Spring 2018

Course: EMS 257 (3 credit)

Dates: Jan 6 – May 19

A Day, 10:30 – 12:05

Location: Headquarters Classroom, and other sites TBA

Instructor: Tim Kalke

Course Description and Objectives:

Arctic Survival is a hands-on course that provides students with experience in specific techniques for wilderness survival in the arctic environment. The class will draw from contemporary material, as well as traditional Alaska Native knowledge. The course will include an overnight field exercise. Throughout the class will also focus on Fitness through snow shoeing, running, hiking, weight training, stretching, etc., which will allow students to earn PE credit from the class

Course Objectives-

1. To be able to identify the hazards to survival found in arctic environments and general techniques for personal protection.
2. To provide hands-on experience with both commercial and improvised fire building techniques.
3. To understand the principles of improvisation and to use these principles for personal protection.
4. To be familiar with rationing and preparation of food sources.
5. To safely prepare and ignite signaling aids in preparation for rescue.
6. To develop team-building and leadership skills.
7. To learn traditional Alaska Native survival techniques

Course Materials:

Handouts, various survival tools

Instructional Method: Lecture, small group discussion and hands on skill practice.

Course Requirements: **1)** Attend every class (and be on time - tardiness will result in lost points) **2)** Take all quizzes and exams at the time assigned **3)** Read all text book assignments and do outside assignments **4)** Participate in individual and group activities **5)** Assignments are expected to be turned in on time.

Grading: Final evaluation of class work will be based on all work assigned, skills, attendance, and class participation. This course is graded pass/fail.

Attendance and Participation 30%

Skill Mastery/Completion of overnight requirement 50%

Assignments and quizzes 20%

Total 100%
