

Articulation Agreement

2019-2020

University Alaska Fairbanks

Interior Alaska Campus
4280 Geist Road
Fairbanks, Alaska 99709

Yukon Koyukuk School District

4762 Old Airport Road
Fairbanks, Alaska 99709

Purpose:

In addition to the current Tech Prep Agreement between University of Alaska Fairbanks and Yukon Koyukuk School District, we have agreed to add the following course that is within CRCD EMS program.

1. Yukon Koyukuk School District will follow a UAF EMS curriculum in coordination with the administration and faculty of the University of Alaska Fairbanks pertaining to the following courses on the course below.
2. Yukon Koyukuk School District will teach for the attached outcomes.
3. The attached syllabus will follow the learning outcomes of the university-approved course listed.

UAF Course Number	UAF Course Title	Number of UAF Credits	Yukon Koyukuk School District Course Title
EMS 152	Emergency Trauma Training	3 credits	Emergency Trauma Training

1. The attached syllabus will be followed.
2. Yukon Koyukuk School District will provide necessary support for students to be successful in this course which may include computer support, reference books and academic assistance.
3. Interior Alaska Campus will process the registrations.
4. In order to receive concurrent credit, the student will register for the Tech Prep class during the semester in which the competencies will be completed.

Overview:

Successful completion of this course and passing all quizzes, tests and proficiency demonstrations will meet the University of Alaska requirements for three undergraduate credits.

The objective of the first person of the emergency scene is to recognize the needs of the victim and deliver quality care to the patient, minimizing discomfort and preventing further complications. This class will provide basic emergency knowledge and skills for the student who will provide the first emergency care.

This course will satisfy the training requirements for the student to be recognized as an Alaska Emergency Trauma Technician. Topics included in the course are:

roles and responsibilities of the ETT	legal considerations of EMS
respiratory and cardiac emergencies	CPR
practical use of airway adjuncts	bleeding and shock
trauma management	medical emergencies
environmental emergencies	emergency childbirth
pediatrics	exposure to hazardous situations
introduction to hazardous materials	psychological emergencies
patient packaging and triage	stabilization/transport of the sick/injured
communications and report writing	

Also included in the course is content from the Alaska ETT Skill Sheets, the Alaska Cold Injuries Guidelines, the Alaska Trauma Guidelines, and certain Alaska Statutes and regulations specifically related to emergency medical services.

Course requirements:

Successful students will pass the course upon completing all reading assignment and class study notes, demonstrating skills proficiency, passing all tests and quizzes and attending, participating in all classes

The student must attend the American Heart Association Basic Life Care for Health Care Providers. The class will be given as a part of this course curriculum.

In addition, the student must be sufficiently proficient in reading, writing, and speaking the English language to understand the course materials and actively participate in class discussions and patient care scenarios.

Revised 03/19

Requirements for Successful Course Completion:

Assignments and Homework

Students are required to complete all assignments and homework on time. Assigned readings will be completed prior to the class during which that material will be covered.

Attendance

Because of the importance of each lesson within the Emergency Trauma Technician training program, and the fact that each session builds upon material presented earlier in the course, attendance at all sessions is necessary. Students are expected to be present in the classroom at the start of each session. Students must call the instructor before class if they will be missing a class for some reason.

An individual who has not made up any excused absences by the end of the course will not be considered to have successfully completed the class and will not be eligible to become a State of Alaska Emergency Trauma Technician.

Class Participation

Students are expected to complete study notes, participate fully in course discussions and patient care scenarios and to interact with instructors and other students in a professional manner. Full participation includes bringing class materials, notebook, and writing instruments to class. Good interpersonal communications skills and patient rapport are essential in emergency medical care. Skills stations and scenarios are an integral portion of this course. Students must be able to perform required skills in a competent manner in order to pass this course.

Grading Policy:

Student's grades are based on a combination of factors both objective and subjective.

1. There will be chapter quizzes given at the end of each chapters. Students must score at least a 70% on all quizzes. Students who fail to get a 70% on a quiz may be given a chance for a retest at the instructor's discretion.
2. A State of Alaska ETT final will be given on the last day of class. Students must pass the test with a minimum of 70% correct answers.
3. Students are required to master all the required skills to State of Alaska Standards for the Emergency Trauma Technician. Skill Check-Off Sheets are due on the last day of class.
4. Students are required to attend class.
5. Students are required to complete Study Notes during class and turn them in at the end of the course.
6. Students are responsible for knowing all of the information in the assigned reading materials.
7. A = 90%
B = 80%
C = 70%

F = 0-69%

Professionalism:

Students are expected to conduct themselves in a mature and professional manner throughout the course. Unprofessional conduct, such as cheating on quizzes or examinations, or engaging in unsafe practices that may injure others in class, may serve as grounds for dismissal from the course.

Causes for dismissal:

A student may be dismissed from the course for:

- 1 Failure to acquire a 70% on two or more quizzes.
- 2 Failure to meet attendance requirements
- 3 Academic dishonesty
- 4 Misconduct that could endanger public safety/property
- 5 Sexual harassment or misconduct
- 6 Behavioral misconduct
7. Inappropriate hygiene

Text Requirements: Southeast Region EMS Council “Alaska’s Emergency Trauma Training Manual”. The student must have the text with them in class at all sessions.

Materials Requirements: A student packet containing Alaska ETT Skill Sheets and Alaska Cold Injury Guidelines will be provided.. The student is required to have them in class at all times.

UAF DISABILITY SERVICES FOR DISTANCE STUDENTS:

UAF has a Disability Services office that operates in conjunction with Community and Technical College (CTC) Disability Services, a part of UAF’s Center for Health and Counseling, provides academic accommodations to enrolled students who are identified as being eligible for these services.

If you believe you are eligible, please visit <http://www.uaf.edu/chc/disability.html> on the web or contact CTC’s Student Assistance and Advising Center (455-2800). You can also contact Disability Services on the Fairbanks Campus at (907) 474-7043, fydso@uaf.edu.

Student protections and services statement:

Every qualified student is welcome in my classroom. As needed, I am happy to work with you, disability services, veterans' services, rural student services, etc to find reasonable accommodations. Students at this university are protected against sexual harassment and discrimination (Title IX), and minors have additional protections. As required, if I notice or am informed of certain types of misconduct, then I am required to report it to the appropriate authorities. For more information on your rights as a student and the resources available to you to resolve problems
