

Portfolio Review

Saturday, 12:00pm-1:30pm

Who?

UAF Theatre Concentration Majors are required to participate either in semester audition workshop, or in semester portfolio reviews. All are welcome to attend, even if just as an observer.

What?

In the Spring Semester (THU 1/19/20), students will create a cover letter, resume and selective portfolio of work in answer to specific listings provided below. Students should plan to interview as if they are being considered for the job or graduate school opening of their choosing. Your portfolio should be formatted so that your best work in the job area you have selected is displayed first. Irrelevant work should be removed or displayed last. This portfolio should have appropriate labels, quality photos and represent the kind of employee/artist you would be if hired; in other words, bring something you would actually show to a potential employer at an in-person interview.

PLEASE ALSO EMAIL YOUR RESUME and sample cover letter to the faculty for feedback.

kmendelowitz@alaska.edu - ideally by Thursday, 5pm. But late or in person is acceptable.
