	nese courses were approved by the Board of Regents for special tuition and are expected to be self-								
	supporting								
19. LIBRARY COLLECTIONS Have you contacted the library collection development officer (kljensen@alaska.edu, 474-6695) with regard to the adequacy of library/media collections, equipment, and services available for the proposed course? If so, give date of contact and resolution. If not, explain why not.									
	No x Yes No library involvement								
20	TMDACTC ON DDOCDAMC/DEDTC								
	IMPACTS ON PROGRAMS/DEPTS That programs/departments will be affected by this proposed action?								
	Enclude information on the Programs/Departments contacted (e.g., email, memo)								

The Graduate Certificate in Construction Management and its courses was approved by the CEE faculty and the CEM dean.

21. POSITIVE AND NEGATIVE IMPACTS

Please specify **positive and negative** impacts on other courses, programs and departments resulting from the proposed action.

This course follows the New Degree Program Request which examined the growth in the CEE department. No additional positive or negative impacts from this course are likely.

JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

This course is part of a UAF CEE outreach to package our graduate classes in a way that is convenient to students and their employers. This outreach was formalized in a New Degree Program Request for a Graduate Certificate in Construction Management which was approved by the UA Board of Regents in September 2009. The courses in this program grew out of a needs assessment by UAF CEE of Alaska engineering employers, including governments, consultants, and contractors, that indicated that courses of about one credit's intensity were best. The classes are being taught by UAF faculty, emeritus faculty, or appropriate adjuncts approved by the CEE faculty and Chair. All classes feature an assessment process: tests, reports, presentations, and/or graded homework.

Outline Syllabus

Managing Business Risk

1. Course information:

Managing Business Risk, CE F655B, One credit,

Prerequisites: Recommended Admission to the Graduate Certificate in Construction Management Program.

Location and Meeting Time will be specific to each offering of the course.

2. Instructor (and if applicable, Teaching Assistant) information:

Instructors Name, *Office Location*, *Office Hours*, as well as *Telephone* and *Email* contact information will be specific to each offering of the course.

3. Course readings/materials:

Handout of text material and assigned materials students will download from the Internet.

4. Course description:

This course will investigate the sources of business risks to firms in the construction industry. Analysis of how business models and plans, financing, bonding, and insurance issues all affect the corporate entity and day to day operations of managers.

5. Course Goals (general), and (see #6)

Improve the student's skills in managing construction and risk management.

6. Student Learning Outcomes (more specific)

Understand an identify business risks inherent to the construction industry. Understand the impacts of elements of projects on the business entity.

7. Instructional methods:

Face to face lecture and remote lectures via video conferencing, student presentations and reports. Students will use the Internet to download some instruction material.

8. Course calendar:

Class 1

Introduction

Types of Business Entities

Class 2

Business Financing and Lines of Credit

Business Insurances

Class 3

Purpose, Type and Function of Bonds

Bonding: Obtaining, maintaining.

Class 4

Failure to sign a contract after award.

Failure to Pay Subcontractors

Failure to Complete the work

Class 5

Quiz

Cost/ Benefit Analysis of Calling a Bond

When to use insurance benefits

Balancing Multiple Projects

Class 6

Class Presentations

9. Course policies:

Due to the limited number of classes, attendance and class participation is expected in all classes, unless arranged otherwise with the instructor, and will be considered in determining final grade. Plagiarism will not be tolerated.

10. Evaluation:

The final grade will be determined on the following basis:

Final presentation (written: 25%; oral: 20%)	45%
Quiz	30%
Class participation	13%
Attendance (6 @2%)	12%

11. Support Services:

Administrative services for the course are provided by the Center for Distance Education 907-479-4757 and technical assistance by Video Conferencing Services 1-800-910-9601

12. Disabilities Services:

The Office of Disability Services implements the Americans with Disabilities Act (ADA), and insures that UAF students have equal access to the campus and course materials. We will work with the Office of Disabilities Services (208 WHIT, 474-5655) to provide reasonable accommodation to students with disabilities.
