JUSTIFICATION FOR ACTION REQUESTED

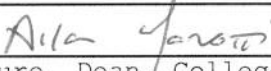

The purpose of the department and campus-wide curriculum committees is to scrutinize program/degree change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a course, is it because the material is covered elsewhere? Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the program is not compromised as a result.

To provide students with an additional course options to complete the K-12 certificate. Additionally, these courses provide students not residing in Fairbanks with courses that are offered by distance delivery.
