

March 1, 2013

The Core Review Committee of the Faculty Senate has approved the following:

UNDERGRADUATE PROGRAM REQUEST:

SUBMITTED BY THE COLLEGE OF NATURAL SCIENCE AND MATHEMATICS

(Submitted by Biology and Wildlife)

3-Core Core Course "O" Request: BIOL F476 - Ecosystem Ecology, 3 credits (3+0); existing course; add O designator for Group (medium or large class); effective Fall 2013.

Effective: Fall 2013 upon approval.

Rationale: See request attached.

APPROVED: 
Chancellor's / Provost's Office

DATE: 3/10/13

March 4, 2013

The Curriculum Review and Core Review Committees of the Faculty Senate has approved the following:

UNDERGRADUATE PROGRAM REQUEST:

SUBMITTED BY THE COLLEGE OF NATURAL SCIENCE AND MATHEMATICS

(Submitted by Geology and Geophysics)

70A-UPCh. Program Change: B.S. - Geoscience: Drop the degree requirement of CHEM F106X for the Geophysics option (but keep it for the options of Geology, Paleontology, and Geospatial Sciences; add an additional 3 credits of upper-division GEOS or other advisor-approved upper-division courses to the Geophysics option; and change course number of GEOS F377 O to F477 O (minor course change format 2A submitted); effective Fall 2013.

This revised version of #70-UPCh. fixes an unintended requirement that resulted from the earlier version. Because the concentrations have different requirements for courses offered by other departments, some of these got rolled into the "major requirements". Students would have had to earn C or better in them, which was not intended. Concentration requirements have therefore been reorganized. This newer version received on 2/13/2013.

Effective: Fall 2013 upon approval.

Rationale: See request attached.
