A. DESCRIPTION OF THE PROPOSED MINOR. Include reasons justifying its creation; objectives of the minor and relationship of the required courses to those objectives.

There is an increasing interest among students to obtain additional exposure to the growing field of emergency management. Organizations within the public and private sectors are establishing emergency response policies, continuity of operations plans, and actively building and training emergency response teams. This minor allows students with other primary career interests to develop in the emergency management arena, broaden their base of experience and bring additional skills to their careers and communities.

The selected courses provide a base of understanding in emergency issues and allow students some flexibility in choosing courses which interest them. The options allow them to select courses that focus on communications, on business practices or on planning and response in the event of emergency.

B. PROPOSED MINOR REQUIREMENTS AS THEY WILL APPEAR IN THE CATALOG:

Or course(s) approved by Program Director

* Students must earn a C grade (2.0) or better in these classes.

Note: an Emergency Management minor is not available to students earning a Bachelor of Emergency Management degree.

C. ESTIMATED IMPACT

WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.

None. The courses are all currently being taught. This minor gathers existing courses into a credential that students are asking for.

D. IMPACTS ON PROGRAMS/DEPTS:

*What programs/departments will be affected by this proposed action?
Include information on the Programs/Departments contacted (e.g., email, memo)*

There may be increased interest and student enrollment in courses listed. The program has been in contact with Dr. Anupma Prakash in Geology about there course. She is very supportive of this initiative to add this course as part of the minor.

F. PERSONNEL DIRECTLY INVOLVED WITH THE MINOR:

List faculty currently teaching the required and elective (if any) courses, with a brief statement of duties and qualifications.

Cameron Carlson: Program Director for Emergency Management and Homeland Security in the School of Management. Full time Program Director and instructor for the program.

David Krikorian: Full time instructor for the Emergency Management and Homeland Security Program in the School of Management and member of the Coast Guard Reserve.

G. RELATIONSHIP OF THE PROPOSED MINOR'S OBJECTIVES TO THE "PURPOSES OF THE UNIVERSITY".

Include additional justifying information to support creation of the minor such as projected and present enrollments; need or public demand for the minor; support of other programs by the minor's creation, etc.

Providing a minor in emergency management would meet student demand for those in other programs who have expressed interest in emergency management. Students who have approached the program recognize their future employment requires peripheral knowledge regarding the emergency management profession and that this knowledge would be of benefit in securing employment or promotion.
