JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

This course is part of the changes we are proposing in the Honors Program to make the program have greater value for students. Critical thinking skills, problem-solving skills, good communication, and teamwork are essential skills for our students and we want to provide robust opportunities for their development and documentation.
