	GRADING SYSTEM: Specify only one. LETTER: X PASS/FAIL:
).	ESTIMATED IMPACT WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.
	This is part of a revision of the Honors Program. Eliminating this course as well as HONR F382 and F383, and substituting a single 2-credit course will streamline the process of moving into a research project and encourage greater enrollment. It will have minimal or no impact on budget, facilities, and faculty.
0.	LIBRARY COLLECTIONS
	Have you contacted the library collection development officer (kljensen@alaska.edu, 474-6695) with regard to the adequacy of library/media collections, equipment, and services available for the proposed course? If so, give date of contact and resolution. If not, explain why not.
	No Yes Ves
1.	IMPACTS ON PROGRAMS/DEPTS: What programs/departments will be affected by this proposed action?
	Include information on the Programs/Departments contacted (e.g., email, memo)
	No impact on programs other than Honors.
2.	POSITIVE AND NEGATIVE IMPACTS Please specify positive and negative impacts on other courses, programs and departments resulting from the proposed action.
	This is part of a revision of the Honors Program. Eliminating this course as well as HONR F382 and F383, and substituting a single 2-credit course (HONR F390) will streamline the process of moving into

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you ask for a change in # of credits, explain why; are you increasing the amount of material covered in the class? If you drop a prerequisite, is it because the material is covered elsewhere? If course is changing to stacked (400/600), explain higher level of effort and performance required on part of students earning graduate credit. Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the course is not compromised as a result.

We are revising the Honors Program to create a program that offers greater benefit and clearer pathways for students. Our goal in this particular step is to eliminate 3, 1-credit classes that are routinely canceled for lack of enrollment, and replace them with a single 2-credit class that offers greater benefit and more efficiency. We envision this as a major improvement in our ability to mentor students and document their progress in a high quality research project.
