3 Credits

Offered Spring

The ability to plan strategically is fundamental to the success of organizations and communities alike. Rural leaders, in particular, must be incredibly adept at making strategic decisions about how to achieve desirable outcomes with limited human and financial resources. This course takes a practitioner approach to equipping students with

	basic knowledge of strategic planning processes as well as opportunities to engage with proven tools from the field. This course will emphasize business and technical writing and include student moderated discussions. Prerequisites: RD 300; RD 325; and junior standing; or permission of instructor. 	None anticipated.
2.	POSITIVE AND NEGATIVE IMPACTS
۷.	Please specify positive and negative impacts on other courses, programs and
	departments resulting from the proposed action.
	None anticipated.
	. JUSTIFICATION FOR ACTION REQUESTED The purpose of the department and campus-wide curriculum committees is to scrutinize
(course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in
	your response. This section needs to be self-explanatory. If you ask for a change in

of credits, explain why; are you increasing the amount of material covered in the class? If you drop a prerequisite, is it because the material is covered elsewhere? If course is changing to stacked (400/600), explain higher level of effort and performance required on part of students earning graduate credit. Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the course is not compromised as a result.

The Rural Development faculty are updating their courses and program to better communicate the topics and approaches taken in each course and in rural development as a discipline. This new title and course description better reflects the content and intended outcomes of the course. The description also adds which communication styles are emphasized and adds two rural development pre-requisites.

COURSE DESCRIPTION

The ability to plan strategically is fundamental to the success of organizations and communities alike. Rural leaders, in particular, must be incredibly adept at making strategic decisions about how to achieve desirable outcomes with limited human and financial resources. This course takes a practitioner approach to equipping students with basic knowledge of strategic planning processes as well as opportunities to engage with proven tools from the field. This course will emphasize business and technical writing and include student-moderated discussions.

Prerequisites: RD 300; RD 325; and junior standing; or permission of instructor.

COURSE OBJECTIVES

To help students to: 1) establish a framework for understanding strategic planning in the context of rural communities; 2) develop a competence in planning tools and techniques; and c) provide an opportunity to build writing capabilities and oral presentation skills.

STUDENT LEARNING OUTCOMES

Upon completion of this course, students will be able to: 1) articulate key strategic planning concepts and processes; 2) describe best planning practices in the context of rural communities; and 3) apply tools and techniques to support community and/or organizational decision making.

COURSE REQUIREMENTS

In order to receive full credit for this course, students are expected to read assigned material prior to class, actively contribute to class discussions, and submit assignments in a timely manner.

REQUIRED READING

The required readings for this course will be posted on Blackboard. A schedule of assigned readings is included on pages 5-6 of this syllabus. Additional readings may be assigned in preparation for particular guest presenters. The assigned readings must be read *before* class since they will constitute much of the in-class discussions.

STUDENT EVALUATION AND GRADING

Grades for the course will be assigned on the basis of the following point/grade scale:

A +: 98 -100 % A : 93-97 % A -: 90-92 % B +: 88-89 % B : 83-87 % B -: 80-82 % C +: 78-79 % C : 73-77 % C -: 70-72 %

D + : 68-69 % D : 63-67 % D - : 60-62 % F : below 60%

Incomplete - An incomplete is a temporary grade used to indicate that the student has satisfactorily completed (C [2.0] or better) the majority of work in a course but for personal

reasons beyond the student's control has not been able to complete the course during the regular semester. Negligence or indifference are not acceptable reasons for an I grade. Instructors include a statement of work required of the student to complete the course at the time the I grade is assigned, and a copy of the notice of the incomplete grade will be sent to the dean of the school or college in which the course is given. One year is the longest amount of time allowable for completion of the I. The I grade is not computed in the student's GPA until it has been changed to a regular letter grade by the instructor or until one year has elapsed, at which time it will be computed as an F. A senior cannot graduate with an I grade in either a university or major course requirement. To determine a senior's GPA for honors at graduation, the I grade will be computed as a failing grade.

Work for this course is weighted as follows:

Class attendance	10%
 Participation 	5%
Blackboard Posts	5%
 Assignment 1: SWOT Analysis 	10%
Assignment 2: Visioning Framework	15%
• Assignment 3: Theory of Change	15%
Assignment 4: Strategic Plan Critique & Presentation	15%
Assignment 5: Final Paper	25%
TOTAL	100%

ASSIGNMENTS

Students are highly encouraged to use this class as an opportunity to challenge their technical writing skills. Written assignments are expected to follow the APA style manual, be free of grammar and spelling mistakes and conjugations (i.e. can't, won't, etc.), and include complete (and correct) citations for all sources referenced. Students are urged to utilize the UAF writing center to review their draft papers for clarity and technical editing. Please note that any title page(s), reference page(s), or images that take up more than a half a page will not be counted towards the minimum page requirements for Assignments. Late assignments will not be accepted and students will receive a "0" for any assignments received by the Instructor after the required due date. The only exception to this policy is in the case of emergencies in which case, students must notify the Instructor immediately. It is at the discretion of the Instructor whether or not the student will receive an extension.

Attendance (10% grade)

This course meets twice a week for 14 weeks. Please let the instructors know in advance if you expect to miss class. <u>Missing more than three contact hours will negatively affect a student's attendance and participation grade</u>. <u>Each additional absence will bring your grade down one half grade</u> (from an A to an A-, for example).

Participation (5%)

This course is highly participatory. In order to receive credit for participation, students must read assigned readings *before* class, contribute to class discussions and engage in hands-on exercises throughout the face-to-face intensive in the following ways:

- Discuss specific readings and make practical suggestions based on content
- Answer specific questions related to readings and presentations
- Comment constructively on guest speaker presentations

Blackboard Posts: 5% grade

Students will be expected to complete (2) posts on Blackboard in response to the discussion questions posted.

Assignment 1: Strengths, Weaknesses, Opportunities, Threats (SWOT) Analysis (10% grade)

A SWOT Analysis is a planning tool that provides a snapshot of the strengths, weaknesses, opportunities and threats facing an organization or community. For Assignment 1, students will use the template provided by the Instructor to conduct a SWOT Analysis of an organization or community of their choosing. In addition to the one-page SWOT Analysis diagram, students must complete a 3 page (double-spaced) paper summarizing key findings of their SWOT analysis and how those findings may inform future strategic planning efforts.

Assignment 2: Visioning Framework (15% grade)

Assignment 2 is a set of exercises based on the article, *Building Your Company's Vision*, by Jim Collins and Jerry Porras. Students will use the Visioning Framework template provided by the Instructor to articulate a core ideology (core values and core purpose) and an envisioned future (BHAG – Big, Hairy, Audacious Goal and vivid description) for an organization or community of their choosing. *Ideally, students will use the same organization or community as Assignment 1*. In addition to the completed Visioning Framework, students must complete a 3 page (double-spaced) paper summarizing key findings of their Visioning Framework and how those findings may inform future strategic planning efforts.

Assignment 3: Theory of Change (15% grade)

A Theory of Change (TOC) is a process of backwards strategy mapping intended to strengthen the pathway between a community or organization's desired impact and their proposed strategies. For Assignment 3, students will use the template provided by the Instructor to articulate a TOC for an organization or community of their choosing. *Ideally, students will utilize the same organization or community as Assignment 1 and 2.* In addition to a completed TOC, students must complete a 3 page (double-spaced) paper summarizing the key findings of their Outcomes Framework and how those findings may inform future strategic planning efforts.

Assignment 4: Strategic Plan Critique & Presentation (15% grade)

Students will be presented with two different strategic plans as a basis for their critique. Assignment 4 will consist of a 5 page (double-spaced) paper which compares the two plans and identifies the strengths and weaknesses of each using information learned in this course. The critique must include a <u>minimum of 3 references to course readings or lectures following the APA style manual</u>. Students will be expected to share a 5-7 minute presentation of their critique during class.

Assignment 5: Final Paper (25% grade)

The final paper will consist of a 10 page (double-spaced) critique of an existing strategic plan. The Instructor will provide a sampling of organization and community strategic plans of which students will select (1) to serve as a focal point for their final paper. Assignment 5 is intended to be a technical paper which favors the use of passive voice. At a minimum, the paper should include: 1) an abstract; 2) an introduction that summarizes the key points of your paper; 3) a summary of the organization or community; 4) a description of the planning process; 5) a critique of the strengths and weakness of the plan; 6) 3-5 recommendations for strengthening the plan given the best practices and tools you learned in class; and 7) a strong conclusion that restates the key points of your paper. The final paper must be 10 pages in length (not including the cover page, reference page, or images that take up more than a half age), reference concepts from lectures/course readings, and include a minimum of 5 academic sources (in addition to the course readings) following the APA style manual.

SUPPORT SERVICES

In addition to Fairbanks-based support services, each rural region provides different support services. If you are not sure where to get what you need you can talk to me or call your regional campus for information.

DISABILITY SERVICES

UAF has a Disability Services office that operates in conjunction with the College of Rural and Community Development's (CRCD) campuses and UAF's Center for Distance Education (CDE). Disability Services, a part of UAF's Center for Health and Counseling, provides academic accommodations to enrolled students who are identified as being eligible for these services. If you believe you are eligible, please visit http://www.uaf.edu/disability/ on the web or contact a student affairs staff person at your nearest local campus. You can also contact UAF Disability Services by email at uaf-disabilityservices@alaska.edu, by phone at (907) 474-5655, or by TTY at (907) 474-1827.

PLAGIARISM

Plagiarism is quoting from, paraphrasing or using specific material contained in any published work without providing appropriate citations or recognitions. Plagiarism will not be tolerated and incidents will be handled in a manner consistent with UAF policy.

HARASSMENT POLICY

University of Alaska Board of Regents (BOR) have clearly stated in BOR Policy that discrimination, harassment and violence will not be tolerated on any campus of the University of Alaska. If you believe you are experiencing discrimination or any form of harassment including

sexual harassment/misconduct/assault, you are encouraged to report that behavior. If you report to a faculty member or any university employee, they must notify the UAF Title IX Coordinator about the basic facts of the incident. Your choices for reporting include: 1) You may access confidential counseling by contacting the UAF Health & Counseling Center at 474-7043; 2) You may access support and file a Title IX report by contacting the UAF Title IX Coordinator at 474-6600; 3) You may file a criminal complaint by contacting the University Police Department at 474-7721.
