The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

Students have already shown a desire to take sports management courses. This courses is one of those courses. Adding this course to a concentration and minor allows students to continue focusing their education on the fields they deem important.

# BA 481 – Fall 2017 Entertainment and Sport Event Management University of Alaska Fairbanks Location: TBD, Meeting time: TBD

## **Instructor Information**

Joshua M. Lupinek, Ph.D. Assistant Professor 219 D Bunnell Bldg. University of Alaska Fairbanks School of Management Telephone: (907) 474-5183 E-mail: jmlupinek@alaska.edu Office Hours: TBA

Use "BA491" to start the Subject Line.

 E-mail is the best way to contact me. Please allow a 24-48 hour response time

## **Course Materials**

Text: Creating Special Events (2e). Lee J. deLisle Publisher: Sagamore (2014) ☐ ISBN 978-1-57167-730-3 or ISBN (ebook) 978-1-57167-731-0

Blackboard: https://classes.uaf.edu/ YouTube: http://www.youtube.com/

## Course Description (3 credits)

This course is designed to provide the student with knowledge pertaining to the various aspects of managing a public sport and/or entertainment event and their production. Some of the topics discussed include economic impact, sponsorship, risk management, staff & volunteers, customer service, concessions, crowd management, and technology. Sport will also be discussed from a unique Alaskan viewpoint, as a sport often takes the form of an event and/or entertainment that differs from the traditional "professional sporting event."

#### Prerequisite:

BA 343 – Principles of Marketing, BA 281- Sport Marketing, and COMM 141

## Course Goals and Student Learning Outcomes

Students will have the opportunity to discuss and present viewpoints as it relates to the management of sport and special event management. In addition, students will have the opportunity to apply knowledge gained through textbook self-study, video lecturette, exercises, sport/event facility tour, and by viewing a sport/entertainment event and critiquing various management functions during the event, and by developing a local sport event management plan.

The Student Learning Outcomes of this class include (but are not limited to):

- Understanding the community benefits of event management.
- Review the importance of accounting and budgeting when it comes to marketing, specifically to sport and event management.
- Realize the importance of organizational culture as it relates to successful event management.

Recognize the safety and technological requirements of event management.

## **Description of Instructional Methods**

This is an undergraduate, semester-based online course delivered via lecture with instructor and student interaction. We combine lecture, in-class discussion, video lecturette with textbook self-study, exercises, quizzes, and student presentations as our learning mechanisms. The emphasis is on studying and applying event management theory, along with developing technical facility knowledge for public sport events.

## **Technical requirements**

(e.g., connection speed, hardware, software) and a list of expected technical competencies (e.g., e-mail or word processing).

link to download <u>PowerPoint Viewer</u> link to download <u>Acrobat Reader</u>

## **Evaluation**

#### Weekly Modules:

Weekly Module content will be available on Blackboard and is due on Mondays at 11:59pm (*see course schedule*). Life happens, but make sure you stay on track. Please email me prior to due dates for accommodations as I am willing to work with you on a case-by-case basis. The weekly modules are designed to be as "hands on" in nature as possible. After reading the chapter(s), you may also watch a video, read an online article, or complete an online exercise that will lead to a discussion board post. To complete each weekly module, a blackboard quiz will be taken for each chapter(s) covered that week.

- Module Completion Order: All Weekly Modules must be completed in chronological order.
  Skipped work will be assessed a zero. There is no jumping ahead to avoid late penalties, so if you find yourself in that situation, please contact me so that we can potentially work out a get back on track plan.
- Course Work Submissions: All work completed in this course may be re-submitted or edited
  until the due date deadline. For example, if you submit an assignment and realize you forgot to
  use Time New Roman font, you may resubmit / upload it unlimited time on Blackboard until it is
  due.
- Late Work: If you have a situation come up where you are just submitting late work. 3-points
  per day late will be deducted.

#### Discussion Boards:

Each week you will create assigned content in a word document so that you are able to save as you go, then copy/paste into the discussion board upon completion. When you are ready to submit, create a new discussion board thread for your self titled: last name, Week 1. Then paste all applicable parts within one post (You are free to use headers to denote/breakup each section, or use your own creativity as long as it is professionally formatted & 12pt T.N.R. font is used).

- Peer Responses: After you submit your post, respond ("reply" to their thread) to two of your
  peers (you will not be able to see the posts of your classmates until you submit your own post).
  - Within each response, identify one element that you feel was exceptionally strong (or agreed with) from your classmate & one suggestion for improvement (or something you didn't agree with).
    - The purpose of providing an element of critique is so that we can learn from each others' unique viewpoints in an online format.

Writing Assignment Standards:

Written assignment details and instructions will be posted on Blackboard. All written assignments (non-discussion boards) must be completed in full APA format, 12-point Times New Roman font, and double-spaced (5-point deduction for improper formatting). Good written communication skills are essential for business success. Therefore in addition to the content of your submissions, all written materials submitted for grading will be graded on technical writing competency on the following spelling and grammar standards:

0-2 errors – no effect; 3-4 errors – 30% reduction; 5+ errors – 60% deduction

\*Exception: Discussion Board posts may be written in contemporary culture language and will not be
graded on strict spelling or grammar standards like business writing. Be yourself in discussion board
and share your ideas! Keep communications professional and constructive.

#### Class Communications:

Students will be required to post videos in YouTube. Be sure to practice this technology in advance. There are many ways & platforms (iPhones, tablets, GoPros, Google, YouTube, etc.) to record video and upload them to YouTube or you can create your video within YouTube. Blackboard will also be used to post discussions about our class activities. Make sure you know how to navigate and use Blackboard. I will post announcements and clarifications or other helpful information in the Announcements section of Blackboard. As students ask questions that might apply to our larger group, I will post answers in the form of announcements on Blackboard. Your grades will be visible to you throughout the semester in Blackboard.

#### Chapter Quizzes:

Chapter quizzes will be available through Blackboard Weekly Modules and will be timed (10-30 minutes depending on the format). Quizzes will cover text information and consist of multiple choice, true/false and matching.

#### Exams:

In place of traditional Mid-term & Final exams, the "exams" are the 15 chapter quizzes placed throughout the semester. The lowest two quiz scores will be dropped and the 13 highest quiz scores will count toward the 130 points. Note that all 15 quizzes must be completed in order for the lowest to scores to be dropped.

#### Case Study Chat Session:

Each student will be required to participate in one 30-minute Chat session. There will be multiple chat sessions offered for signup. A makeup assignment may be offered at the discretion of the instructor if a student misses their selected chat session for an excused reason.

#### Extra Credit:

Extra Credit opportunities will be offered throughout the semester at the discretion of the instructor. You will be notified via a Blackboard Announcement when an extra credit opportunity opens.

## **Grading Policies**

## Due Dates:

Class weeks are counted from Tuesday to Monday. Deliverables for grading will be due by Monday at 11:59 for each respective weekly module. Late items will be penalized points. Typically I will grade and return homework within one week or I will notify the class if I am delayed.

#### Grading:

Participation (50 points)	
◆Week 1 YouTube Introduction	10
<ul> <li>Class Communications / Professionalism</li> </ul>	40
Discussion Board (DB) (168 points)	
◆DB Posts (14 @ 10 points)	140
◆DB Peer Responses (28 @ 1 points)	28
Written Assignments (120 points)	
◆Event Critique	60
◆Event Plan	60
Chapter Quizzes (14 @ 10 points each, drop 2 scores)	120

#### TOTAL points

458 points

#### Grading Scale:

		F	59 or lower
<i>B</i> -	80-83%	D-	60-63%
В	84-86%	D	64-66%
B+	87-89%	D+	67-69%
A-	90-93%	C-	70-73%
A	94-96%	C	74-76%
A+	97-100%	C+	77-79%

### **Course Policies**

Students are expected to remain up to date with the assignments on a weekly basis. Students will be penalized for the late submission of class assignments; outside mutually agreed upon circumstances, you will lose 10% for each day your assignment is late. Students are also expected to observe academic honesty. Dishonest practices including giving or receiving assistance in any manner or form during an examination, unauthorized possession of exam questions, and plagiarism (willfully presenting another person's writings, opinions or thoughts as one's own, without proper credit and documentation) will not be tolerated. Violations of the UAF Student Code of Conduct will be referred to the appropriate authority for possible disciplinary actions including removal of the violator from this course.

# Support Services Specific to This Class

See additional information and posted documents in Blackboard.

#### Students with disabilities:

Students with learning or other disabilities who may need classroom accommodations are encouraged to contact the Office of Disability Services (Phone # 907-474-7043). Please meet with me during office hours or schedule a virtual meeting so that we can collaborate with the Office of Disability Services to provide the appropriate accommodations and supports to assist you in meeting the goals of the course.

#### Relevant UAF policies (quoted from the catalog):

Student Code of Conduct

As a UAF student, you're subject to the Student Code of Conduct. In accordance with Board of Regents' Policy 09.02.01, UAF will maintain an academic environment in which the freedom to teach, conduct research, learn, and administer the university is protected. Students will enjoy maximum benefit from this environment by accepting responsibilities commensurate with their role in the academic community. The principles of the Code are designed to facilitate communication, foster academic integrity, and defend freedoms of inquiry, discussion, and expression among members of the university community

Honesty is a primary responsibility of you and every other UAF student. The following are common guidelines regarding academic integrity:

- $1. \ Students \ will \ not \ collaborate \dots unless \ the \ instructor \ of \ the \ course \ grants \ permission.$
- 2. Students will not represent the work of others as their own. A student will attribute the source of information not original with himself or herself (direct quotes or paraphrases) in compositions, theses and other reports.

# Course Schedule and/or Pacing Expectations

Week	Topic	Assignments/Due Dates/Notes
Week 1 Jan 17-22	Chapter 1- A Brief History of Special Events + Technology testing YouTube Intro Due Chapter 1 Quiz Due	See Week 1 Module. All assignments due Mon. 1/25
