

NEW OCCUPATIONAL ENDORSEMENT REQUEST
(UA Regulation 10.04.02)

Request ID: 18

These programs require students to go through a formal admissions process; the timing and fees for such processes will be under the purview of the MAUs. As such, a high school diploma or its equivalency is required—and the student is eligible for federal financial aid. Students are recognized by Banner to be in a specific program (as opposed to non-degree seeking or undeclared) allowing tracking of enrollment, progress and graduation. Students participate in a unit-level graduation ceremony and receive a MAU standardized “Occupational Endorsement.”

Brief statement of the proposed endorsement, industry objectives and abbreviated student learning outcomes assessment and implementation plan:

The Occupational Endorsement Rural Waste Management and Spill Response Technician is a one year program that educates and and trains students in rural solid waste handing, spill response across Alaska. It has committed partners including government, industry and NGOs that are currently involved in landfill operator training.

The OE emphasizes Alaska-wide education so that villages and tribes can enrolled students to gain the skills and experience necessary to implement solutions to solid waste stream challenges in their home communities. The OE introduces students to best practices for rural waste management that are in compliance with state and federal governmental regulations. Exceptional focus is placed on student diversity, workplace safety/planning, and learning outcomes. Upon completion of the OE, students will be prepared to help protect rural communities and address many of the environmental risks associated with rural solid waste disposal.

Notes:

Document "OEFORMSummary.pdf" is not needed for an OE proposal. It contains an outdated BOR program summary form that is no longer used; and final OE approval is at the Chancellor level (not Board of Regents level).

Fire 207 has a prerequisite of Fire 205, a course that doesn't seem to exist at the present time. Does this course actually have a prerequisite???? If so, what is it?

The Fire 207 problem has now been fixed by changing to Fire 110

Final Decision Date: 2015-02-25

Final Decision: Approved
